OPPONENT

My name is Ron and I want to thank Chairman Landwehr and members of the committee for giving me opportunity to share my thoughts on HB 2749. I am encouraging the committee to vote no on HB 2749.

I believe information about abortion is predominantly a matter between the couple involved, their physician, and spiritual advisor. It appears this bill is an attempt to police the type of person who can safely access abortion care. Demanding patients provide information from a list is an invasion of privacy and stigmatizes essential health care.

In conclusion, I thank you all for hearing my thoughts on this bill, and I encourage you all to vote NO on the passage of HB 2749. Thank you.
