

February 27, 2025

The Honorable William Sutton, Chairperson  
House Committee on Insurance  
300 SW 10th Avenue, Room 218-N  
Topeka, Kansas 66612

Dear Representative Sutton:

SUBJECT: Fiscal Note for HB 2296 by Representative Featherston, et al.

In accordance with KSA 75-3715a, the following fiscal note concerning HB 2296 is respectfully submitted to your committee.

HB 2296 would prohibit cost-sharing requirements for diagnostic or supplemental breast examinations for breast cancer for every individual or group health insurance policy, medical service plan, contract, hospital service corporation contract, hospital and medical service corporation contract, fraternal benefit society or health maintenance organization that provides coverage for accident and health services that is delivered, issued for delivery, amended or renewed on or before January 1, 2026. The bill specifies that this requirement would only apply to health savings account–qualified high deductible health plans after the enrollee has satisfied the minimum deductible if federal law would result in health savings account ineligibility. The bill would also define certain terms that relate to the coverage described in the bill.

The Department of Insurance indicates enactment of the bill would not have a fiscal effect on the agency. The Department of Administration indicates enactment of the bill would not have a fiscal effect on the State Employee Health Plan because the coverage is already provided. Any fiscal effect associated with HB 2296 is not reflected in *The FY 2026 Governor's Budget Report*.

Sincerely,

Adam C. Proffitt  
Director of the Budget

cc: Samir Arif, Dept of Administration  
Kyle Strathman, Insurance Department
