

## Licensing

### Consequences of Not Funding this Program

K.S.A. 65-2801 et. seq. authorizes the licensing of Healing Arts in Kansas. If healing arts and other medical professions were to be practiced in Kansas without licensure and regulation, the people of Kansas would be unprotected from untrained and possibly unethical people practicing in an unsafe or unprofessional manner. This would likely lead to serious injury, illness, death, and abusive practices against Kansas patients.

Statutory Basis	Mandatory vs. Discretionary	MOE/Match Rqt.	Priority Level
Specific K.S.A. 65-2801 et.seq.	Mandatory	No	1

### Program Goals

- A. Issue licenses within 10 days of final review.
- B. Total number of licenses issued

### Program History

The 1957 legislature created the State Board of Healing Arts. This act abolished three other state agencies (the Board of Medical Registration and Examination, the Board of Osteopathic Examination and Registration, and the Board of Chiropractic Examinations). The Board underwent many iterations over the many decades since its inception adding many professions to its current form where it now licenses and regulates 16 professions. The Board has grown from 5 staff in 1957 to its current staff size of 61. Between 1957 and present many additional statutes and regulations have been added and/or amended to shape the practice of the Board today. The Board is a fully fee-funded agency that is a net contributor to the state general fund.

\*KSBHA is not able to attach an outcome measure to dollars. Our entire Operations program is fee funded with fees collected from the professionals the agency licenses and regulates. These fees pay for all operating expenses of the agency. There are no specific dollar amounts to a specific outcome within a sub-program.

## Litigation

### Consequences of Not Funding this Program

K.S.A. 65-2800 et.seq. gives the Board the authority to investigate and sanction those professionals licensed and regulated by the Board. The Disciplinary Department receives complaints and determines which ones meet the statutory requirements for an investigation. The Disciplinary Department is funded via the agency fee fund. If the agency ceased funding the Disciplinary Department, patients, hospitals, licensees and the general public would have nowhere to file a complaint when they felt a licensee was practicing outside their scope of practice or committed a boundary violation. This would leave patients and the general public unprotected from the unethical and below standard of care practice of medicine thereby putting people at risk of harm, injury or even death.

Statutory Basis	Mandatory vs. Discretionary	MOE/Match Rqt.	Priority Level
Specific K.S.A. 65-2800 et.seq.	Mandatory	No	1

### Program Goals

A.Total investigations sent to litigation and opened as a case

### Program History

The 1957 legislature created the State Board of Healing Arts. This act abolished three other state agencies (the Board of Medical Registration and Examination, the Board of Osteopathic Examination and Registration, and the Board of Chiropractic Examinations. The Board underwent many iterations over the many decades since it's inception adding many professions to it's current form where it now licenses and regulates 17 professions. The Board has grown from 5 staff in 1957 to it's current staff size of 61. Between 1957 and present many additional statutes and regulations have been added and/or amended to shape the practice of the Board today. The Board is a fully fee-funded agency that is a net contributor to the state general fund.

### Program Goals

- A. Total number of investigations opened.
- B. Total number of complaints received.

### Program History

The 1957 legislature created the State Board of Healing Arts. This act abolished three other state agencies (the Board of Medical Registration and Examination, the Board of Osteopathic Examination and Registration, and the Board of Chiropractic Examinations). The Board underwent many iterations over the many decades since it's inception adding many professions to it's current form where it now licenses and regulates 17 professions. In 1984, the legislature established the position of Disciplinary Counsel. This position was specified as required to be an attorney and was designed to deal with disciplinary matters. At this time, the Board was also authorized to hire one full-time investigator. The Board has grown from 5 staff in 1957 to it's current staff size of 61. Between 1957 and present many additional statutes and regulations have been added and/or amended to shape the practice of the Board today. The Board is a fully fee-funded agency that is a net contributor to the state general fund.
