Prayer by Rep. Bethell:

Our Father,

This is the day that you have made, let us rejoice and be glad in it.

We thank you for your watch care over us and ask for your continued involvement with our lives. Isaiah tell us that “your ways are not our ways and your thoughts are not our thoughts” yet as we get to the teachings of your Son we learn that we are to emulate Him. That necessitates our study of Him and His teachings.

Those teachings can be summarized from the writings of Matthew when Jesus said there are two commandments: one dealing with our relationship with you in that we should love you with all of our heart, mind and soul. And the second commandment, that we should love our neighbor as our self. He then tells us that upon those rest all the law and the prophets.

Remind us O Lord that we are to become like you in all of our dealings. I ask this in your name, Amen.

The Pledge of Allegiance was led by Rep. Trimmer.

EXPLANATIONS OF VOTE

MR. SPEAKER: I vote "YES" on **H Sub for H Sub for SB 145**. One disgruntled Congressman should not dictate what the Kansas Legislature should do with regard to the constitutionally required redrawing of congressional district lines. **H Sub for H Sub for SB 145** offers yet another alternative for the required balancing of Kansas population among the four congressional districts, one that recognizes that the 1st District will probably continue to lose population and the 3rd District will continue to gain population. These two districts need to be contiguous. **H Sub for H Sub for SB 145** accomplishes that in a reasonable and compact way. – MIKE O'NEAL

MR. SPEAKER: I vote No on this map (**H Sub for H Sub for SB 145**) not that I like or dislike the map. But after sitting for hours on a call of the house I cannot support the bullying measures taken. I have seen people brought in on their death bed for a vote. I am the No Bull Zone and the way this is passed is outside the zone. – BILL OTTO

MR. SPEAKER: I vote no on **H Sub for H Sub for SB 145**. My constituents in Leavenworth County are opposed to this map. The Leavenworth/Lansing Chamber of Commerce has written to the Redistricting Committee to express its opposition to dividing Fort Riley from Fort Leavenworth in their representation in Congress. I have received multiple comments from constituents who feel they are being used in a gerrymandering scheme to the detriment of the county and Kansas has become a laughing stock. They do not feel they are a community of interest with the western part of Kansas and the Congressman for Western Kansas agrees. – MELANIE MEIER

MR. SPEAKER: I support Riley County staying in the 2nd District. I testified in the Redistricting Committee to keep Riley County in the 2nd District because I believe it is better for rural Kansas to have a strong 1st District and for Manhattan to remain in a more urban 2nd District.

I supported most of over 20 maps that keep Riley County in the 2nd District but this map is a direct gerrymandering that violates the community of interest requirement. If

this bill fails we will go back to work on it again. We can do better. I vote no on **H Sub for H Sub for SB 145**. – SYDNEY CARLIN

H Sub for SB 291, AN ACT concerning the Kansas restraint of trade act; amending K.S.A. 50-101 and 50-112 and repealing the existing sections, was considered on final action.

(d) Except as provided by subsection (e), a prosecution for any crime, as defined in K.S.A. 2011 Supp. 21-5102, and amendments thereto, not governed by subsections (a), (b) or (c) shall be commenced within five years after it is committed.

(e) The period within which a prosecution shall be commenced shall not include any period in which:

Others will nurture the growth,

Help each representative find fulfillment

New Sec. 10. (a) (1) Except as provided in subsection (a)(2), no funds appropriated from the state general fund for any state educational institution shall be expended for

the purposes of providing remedial courses.

(2) Funds appropriated from the state general fund for any state educational institution may be expended for a student who is enrolled in a remedial course if the student is: (A) In military service; (B) 21 years of age or older; or (C) an international student enrolled in a remedial course for the purpose of learning English as a second language.

(b) Except for the costs associated with remedial education pursuant to subsection (a)(2), the board of regents, in its budget estimate filed pursuant to K.S.A. 75-3717, and amendments thereto, shall not include any appropriation requests for expenditures related to the provision of remedial courses at state educational institutions.

(c) As used in this section:

(1) The terms "board of regents" and "state educational institution" shall have the same meanings, respectively, as such terms are defined in K.S.A. 76-711, and amendments thereto.

(2) "Remedial course" means any course offered by a state educational institution in the area of mathematics or language arts, which includes expenditures for formally organized or separately budgeted instructional activities that give students the basic knowledge and skills required by the institution before they can undertake formal academic course work leading to a postsecondary degree or certificate.

(d) The provisions of this section shall take effect and be in force from and after August 15, 2015.

(e) This section shall be part of and supplemental to the provisions of article 7 of chapter 76 of the Kansas Statutes Annotated, and amendments thereto.

Sec. 11. K.S.A. 2011 Supp. 76-717 is hereby amended to read as follows: 76-717.

(a) The board of regents may adopt rules and regulations for the admission of students at the state educational institutions. Except as provided by subsection (f), the rules and regulations shall include the following:

(1) Each Kansas resident who has graduated from an accredited Kansas high school and who is seeking admission to a state educational institution shall be admitted if the applicant for admission has achieved at least one of the following:

(A) The applicant has completed the precollege curriculum prescribed by the board of regents with a minimum grade point average of 2.0 on a 4.0 scale or has been recognized by the board of regents as having attained a functionally equivalent level of education; or

(B) the applicant has a composite American college testing program (ACT) score of not less than 21 points; or

(C) the applicant ranks in the top $\frac{1}{3}$ of the applicant's high school class upon completion of seven or eight semesters.

(2) Each Kansas resident who has graduated from a non-accredited private secondary school, as defined in K.S.A. 72-53,100, and amendments thereto, and who is seeking admission to a state educational institution shall be admitted if the applicant for admission has a composite American college testing program (ACT) score of not less than 21 points.

(3) Admission to all state educational institutions shall be granted to each Kansas resident under 21 years of age who has earned the general educational development (GED) certificate with an overall score of not less than 50 points.

(4) Admission to all state educational institutions shall remain open for each

Kansas resident who is 21 years of age or older and who has:

(A) Graduated from an accredited Kansas high school or a non-accredited private secondary school; or

(B) earned the general educational development (GED) certificate with an overall score of not less than 50 points.

(5) Each state educational institution shall establish and maintain a policy permitting the admission of not more than 10% of the total number of freshman class admissions to the state educational institution as exceptions to the minimum admissions standards prescribed by this section. These exceptions shall only be applied to students who are *bona fide* residents of Kansas in accordance with rules and regulations of the board of regents and which rules and regulations are substantially similar to law, rule or regulation relative to the determination of resident status for tuition purposes. Such policy shall also provide that in determining which students to admit as exceptions to the minimum admissions standards prescribed by this section, the state educational institution shall give preference to persons who are in military service. The board of regents shall adopt rules and regulations prescribing criteria and guidelines to be applied on a system-wide basis to policies established by the state educational institutions for the purpose of permitting freshman class admissions to the institutions as exceptions to the minimum admissions standards prescribed by this section. On or before January 31 of each year, the board of regents shall submit a report to the legislature containing the number and percentage of freshman class admissions permitted as exceptions to such standards during the preceding academic year. The information contained in the annual report shall be disaggregated by institution.

(6) Each Kansas resident who has earned at least 24 credit hours of transferable course work with a cumulative grade point average of not less than 2.0 on a 4.0 scale at an accredited community college, university or other college shall be admitted as a transfer student to the state educational institutions. Each state educational institution may permit the admission of not more than 10% of the total number of such resident transfer admissions to the state educational institution as exceptions to the minimum admission standards prescribed by this paragraph. In determining which students to admit as exceptions to the minimum admissions standards prescribed by this paragraph, the state educational institution shall give preference to persons who are in military service. The board of regents shall adopt rules and regulations prescribing criteria and guidelines to be applied on a system-wide basis for the purpose of admitting students who have earned at least 24 credit hours of transferable course work to state educational institutions as exceptions to the minimum standards prescribed by this paragraph. On or before January 31 of each year, the board of regents shall submit a report to the legislature containing the number and percentage of transfer student admissions permitted as exceptions to such standards during the preceding academic year. The information contained in the report shall be disaggregated by institution.

(7) Each person who is not a resident of Kansas and who has graduated from an accredited high school may be admitted as a freshman to any of the state educational institutions if the person has achieved at least one of the following:

(A) The person has completed the precollege curriculum prescribed by the board of regents with a minimum grade point average of 2.50 on a 4.0 scale or has been recognized by the board of regents as having attained a functionally equivalent level of education; or

(B) the person has a composite American college testing program (ACT) score of not less than 21 points; or

(C) the person ranks in the top $\frac{1}{3}$ of the person's high school class upon completion of seven or eight semesters.

(8) Each person who is not a resident of Kansas and who has graduated from a non-accredited private secondary school meeting requirements substantially equivalent to K.S.A. 72-53,100 through 72-53,102, and amendments thereto, may be admitted to any state educational institution if the person has a composite American college testing program (ACT) score of not less than 21 points.

(9) Each person who is not a resident of Kansas and who has earned at least 24 credit hours of transferable course work with a cumulative grade point average of not less than 2.0 on a 4.0 scale at an accredited community college, university or other college may be admitted as a transfer student to any of the state educational institutions. Each state educational institution may permit the admission of not more than 10% of the total number of such non-resident transfer admissions to the state educational institution as exceptions to the minimum admission standards prescribed by this paragraph. In determining which students to admit as exceptions to the minimum admissions standards prescribed by this paragraph, the state educational institution shall give preference to persons who are in military service. The board of regents shall adopt rules and regulations prescribing criteria and guidelines to be applied on a system-wide basis for the purpose of admitting students who have earned at least 24 credit hours of transferable course work to state educational institutions as exceptions to the minimum standards prescribed by this paragraph. On or before January 31 of each year, the board of regents shall submit a report to the legislature containing the number and percentage of transfer student admissions permitted as exceptions to such standards during the preceding academic year. The information contained in the report shall be disaggregated by institution.

(10) (A) For those students admitted under an exception to the minimum admissions standards prescribed by this subsection for academic years 2012-2013 and 2013-2014, each state educational institution may require each such student to adopt an individual plan for success.

(B) For those students admitted under an exception to the minimum admissions standards prescribed by this subsection for academic year 2014-2015 and each academic year thereafter, each state educational institution shall require each such student to adopt an individual plan for success prior to enrollment.

(C) Any individual plan for success adopted pursuant to this paragraph shall be reviewed by the student and the student's advisor at least once during the 12-month period immediately succeeding the initial adoption of such plan. Upon completion of such review, the plan may be revised as mutually agreed to by the student and the student's advisor. Nothing in this paragraph shall be construed as prohibiting any plan from being reviewed at any other time while the student is attending such state educational institution, or from being reviewed more than once during any academic year.

(b) The board of regents may prescribe a precollege curriculum which includes, but need not be limited to, four units of English, three units of mathematics, three units of social studies and three units of natural science.

(c) When a Kansas high school is organized in a manner that provides for

documentation of a student's performance in terms other than units of credit or grade point averages, or both, the board of regents shall determine for the students of such school a level of education that is functionally equivalent to the completion of the precollege curriculum with the required grade point average on a 4.0 scale. The determination of a functionally equivalent level of education required under this subsection shall be made by the board of regents after consultation with the state board of education and the board of education or other governing authority having jurisdiction over the students of the affected school.

(d) The board of regents shall determine a level of education that is functionally equivalent to the completion of the precollege curriculum with the required grade point average on a 4.0 scale for persons who are not residents of Kansas.

(e) The board of regents may authorize the chief executive officer of each state educational institution to adopt additional rules and policies relating to admissions of students so long as such rules and policies are not in conflict with the provisions of this section.

(f) The board of regents may adopt rules and regulations establishing standards for the admission of students to state educational institutions that differ from the standards set forth in subsection (a). Rules and regulations adopted pursuant to this subsection that are more rigorous than those set forth in subsection (a) shall not be effective prior to the first day of the fourth academic year following the year in which the rules and regulations are adopted.

(g) Information in reports required to be compiled and submitted to the legislature by this section may be compiled and submitted to the legislature in a single report.

(h) For purposes of this section:

(1) "Individual plan for success" means a written statement for each student admitted under an exception to the minimum admission standards prescribed in subsection (a) that is jointly developed by the student, the student's advisor and any other employee designated by the state educational institution for the purposes of establishing an individualized plan for such student to assist the student in achieving such student's academic goals. In addition to academic coursework, such plan may also address such student's extracurricular activities, financial needs and any other aspect of such student's life which may have a bearing on the student's academic success at the state educational institution. Any such plan may be revised after its initial adoption as mutually agreed to by the student and the student's advisor.

(2) "Military service" means: (A) Any active service in any armed service of the United States; or (B) membership in the Kansas army or air national guard.;

The state treasurer shall first credit such amount as the director shall order to the mineral production tax refund fund created under subsection (b) of this section. Except as otherwise provided by this section, the state treasurer shall credit the remainder of such amounts as follows: (1) Seven percent to the special county mineral production tax fund created under subsection (c) of this section; and (2) the remainder shall be credited to the state general fund. On and after July 1, 2008 2012, and thereafter, except as otherwise provided by this section, the state treasurer shall credit the remainder of such amounts for oil and gas for any county which in fiscal year 2005 or any fiscal year thereafter had \$100,000 or more in receipts of the excise tax upon the severance and production of oil and gas as follows: (1) Seven percent to the special county mineral production tax fund created under subsection (c); (2) 4.96% from July 1, 2008, through June 30, 2009, to the oil and gas valuation depletion trust fund; 7.44% from July 1, 2009, through June 30, 2010, to the oil and gas valuation depletion trust fund; 9.93% from July 1, 2010, to June 30, 2011, to the oil and gas valuation depletion trust fund; and 12.41% from July 1, 2011, and thereafter, to the oil and gas valuation depletion trust fund; and (3) the remainder shall be credited to the state general fund. During fiscal year 2013, the state treasurer shall credit the remainder of such amounts as follows: (1) As otherwise provided in this section; and (2) on the 15th day of each month, the state treasurer shall determine the amount of revenue collected or received by the director from the tax imposed by this act during the preceding month which exceeds the consensus revenue estimate for such preceding month. If such amount of revenue collected or received for such preceding month is greater than the estimated amount of revenue for such preceding month, then the state treasurer shall credit 14.63% of the difference between the actual amount collected or received and the estimated amount of revenue to the incentive for technical education fund, and 85.37% of the difference between the actual amount collected or received and the estimated amount of revenue to the tuition for technical education fund. During fiscal year 2013, the amount credited to the incentive for technical education fund shall not exceed \$1,500,000, and the amount credited to the tuition for technical education fund shall not exceed \$8,750,000. The incentive for technical education fund and the tuition for technical education fund are hereby created in the state treasury.

(b) A refund fund designated as "mineral production tax refund fund" not to exceed \$50,000 is hereby created for the prompt payment of all tax refunds. The mineral production tax refund fund shall be in such amount, within the limit set by this section, as the director shall determine is necessary to meet current refunding requirements under this act.

(c) There is hereby created a special county mineral production tax fund. On December 1, 1983, and quarterly thereafter, the director of taxation shall distribute all moneys credited to such fund to the county treasurers of all counties in which taxes were levied under K.S.A. 79-4217, and amendments thereto, for the severing and

producing of coal, oil or gas from property within the county, in the proportion that the taxes levied upon production in each county bears to the total of all of such taxes levied in all of such counties. Such distribution shall be based on returns filed, with any adjustments or corrections thereto made by the director of taxation.

(d) The secretary of revenue shall make provision for the determination of the counties within which taxes are levied under K.S.A. 79-4217, and amendments thereto, for the severance of coal, oil or gas and shall certify the same to the director of accounts and reports.

(e) The director of accounts and reports shall draw warrants on the state treasurer payable to the county treasurer of each county entitled to payment from the special county mineral production tax fund upon vouchers approved by the director of taxation. Upon receipt of such warrant, each county treasurer shall credit 50% of the amount thereof to the county general fund and shall distribute the remaining 50% thereof to the treasurer of each school district all or any portion of which is located within the county in the proportion that the assessed value of coal, oil and gas properties within each district bears to the total of the assessed value of all coal, oil and gas properties within the county. Such assessed valuation shall be determined upon the basis of the most recent November 1 tax roll. The treasurer of each school district shall credit the entire amount of the moneys so received to the general fund of the school district.

EXPLANATIONS OF VOTE

MR. SPEAKER: I vote YES on **H Sub for SB 294**, the hard work to overcome the many challenges that faced our Appropriations Committee is much appreciated. The people of Kansas want to believe we are engaging in full and open debate on the many issues that we act upon.

The budget process requires our full and undivided attention and I believe your committee and Budget Sub-committees provided that degree of oversight.

Like Budgets before and those to come, the prioritizing of state revenues and expenditures remains our job #1. – JOHN C. GRANGE, RICHARD PROEHL

MR. SPEAKER: **H Sub for SB 294**, although flawed is a step in the right direction to promote growth for the Kansas economy. The goals of prudent spending while leaving a

budget surplus are meritorious, but the rescission of the modest funds to reduce the waiting list for desperate autistic children in unconscionable and unacceptable. Trying to meet economic objectives, no matter how desirable by denying assistance to the most needy is a disgrace. I vote no. – S. MIKE KIEGERL

MR. SPEAKER: After careful consideration, I vote no on **H Sub for SB 294**. While many facets of the final compromise I appreciate, including an increase in the base state aid and an overall freeze in spending, I cannot support a final budget which does not provide measurable property tax relief and denies state employees a well deserved cost of living pay raise.

Today my constituents can't speak or vote. So today I am casting my vote for the residents of Topeka that continue to face increased property taxes, and for our state's employees whose work merits our appreciation. – JOE PATTON

MR. SPEAKER: While I appreciate the work of the budget committees of both houses, this budget falls short in fulfilling my values. We show our values by where we put our money. Some would place that value on having a higher ending balance. I value educating our children and, the Christian concept of caring for the least among us. I also have a commitment to helping our local communities reduce the demands on property taxes. These and other priorities of mine were ignored, dashed and neglected by our process and this bill. On **H Sub for SB 294**, I vote no. – TOM MOXLEY

MR. SPEAKER: I vote no on **H Sub for SB 294**. While I appreciate that the budget included an increase in the base state aid for schools, it does not begin to restore the massive cuts made over the last few years. The budget also fails to include the property tax cut I supported, fails to properly reward state workers, and fails to help the nearly 7,000 Kansans with disabilities waiting for services. The budget reflects our priorities and Kansans deserve better. – ANN MAH, VALDENIA WINN, GERALDINE FLAHARTY, BRODERICK HENDERSON, ANNIE KUETHER

MR. SPEAKER: The budget conference committee report is always a mixed bag. **H Sub for SB 294** is no different. We strongly support the overdue undermarket pay adjustments for state employees and increased aid for K-12 schools contained in this bill. However, we have fought for property tax relief throughout this session and this budget makes no provisions for this through the Local Ad Valorem Tax Reduction Fund. When we have a \$600 million budget surplus, surely we can afford to grant much needed property tax relief for all Kansans. Because this got left on the conference committee table, we cannot support **H Sub for SB 294** and therefore vote NO. – PAUL DAVIS, GAIL FINNEY, TOM BURROUGHS, BILL FEUERBORN, BARBARA BALLARD, STAN FROWNFELTER, EBER PHELPS

On or before January 15, 2014, the state board of education shall prepare and submit a report to the legislature on the findings of such study and whether the state board of education intends to initiate implementing such requirements.

(b) For purposes of this section, the term "individual career plan of study" means a proposed individualized coherent sequence of classes focused on a career pathway that will enable seamless transition into a postsecondary program.

(c) The provisions of this section shall take effect and be in force from and after July 1, 2013.

New Sec. 2. (a) The state board of regents shall establish the career technical education incentive program.

(b) (1) Each school year, to the extent there are sufficient moneys appropriated to the career technical education incentive program, the state board of regents shall make an award to those school districts who have at least one pupil who graduates from a high school in the school district having obtained an industry-recognized credential in an occupation that has been identified by the secretary of labor, in consultation with the state board of regents and the state board of education, as an occupation in highest need of additional skilled employees at the time the pupil entered the career technical education course or program in the school district. Such school districts shall receive an

award in an amount equal to \$1,000 for each such pupil graduating from a high school in the school district. Such awards shall be paid at such times as established by the state board of regents. Such awards shall be expended for the expenses incurred by the board of education of the school district under subsection (b)(2), and any moneys remaining after distribution in accordance with subsection (b)(2) may be expended as determined by the board of education of a school district towards operating the school from which the pupils graduated. Upon receipt of such award and application by a pupil who has not attained a high school diploma and is currently or was previously enrolled in a career technical education course or program in the school district, the board of education of each school district shall pay $\frac{1}{2}$ of the costs of the industry-recognized credential assessment specified in such application in an amount not to exceed \$1,000. Such industry-recognized credential assessment shall be related to the career technical education course or program which such pupil is currently or was previously enrolled as determined by the board of education. No board of education shall be required to pay $\frac{1}{2}$ of the cost of three or more industry-recognized credential assessments for the same or substantially the same industry-recognized credential for a pupil if such pupil fails to earn the industry-recognized credential within two attempts of taking the industry-recognized credential assessment.

(2) The state board of education shall certify to the state board of regents and the director of accounts and reports the amounts due to each school district pursuant to this subsection. Such certification, and the amount payable, shall be approved by the director of the budget. The director of accounts and reports shall draw warrants on the state treasurer payable to the district treasurer of each school district entitled to payment of such award amount, pursuant to vouchers approved by the state board of regents. Upon receipt of such warrant, each district treasurer shall deposit the amount of such award in the general fund of the school district.

The purpose of such award is to reimburse such community college, technical college or institute of technology for paying $\frac{1}{2}$ of the costs of an industry-recognized credential assessment in an occupation that has been identified by the secretary of labor, in consultation with the state board of regents and the state board of education, as an occupation in highest need of additional skilled employees at the time the secondary student was admitted into such career technical education course or program. Upon receipt of such award and application by a secondary student who is currently or was previously enrolled in a career technical education course or program in accordance with subsection (c) of K.S.A. 72-4417, and amendments thereto, and is regularly enrolled in and attending a private secondary school, the governing body of the community college, technical college or the institute of technology which admitted such secondary student shall pay $\frac{1}{2}$ of the costs of the industry-recognized credential assessment specified in such application in an amount not to exceed \$1,000. Such industry-recognized credential assessment shall be related to the career technical education course or program in which such secondary student is

currently or was previously enrolled as determined by such governing body of a community college, technical college or institute of technology. (2) Each governing body of a community college, technical college or institute of technology shall certify to the state board of regents the amount of any payments such community college, technical college or institute of technology will pay based on applications submitted by students pursuant to paragraph (1). The certification shall be on a form prescribed and furnished by the state board of regents, shall contain such information as the state board of regents shall require and shall be filed at the time specified by the state board of regents.

(3) In each school year, each governing body of a community college, technical college or institute of technology is entitled to receive from appropriations for the career technical education incentive program an amount which is equal to the amount certified to the state board of regents in accordance with the provisions of paragraph (2). The state board of regents shall certify to the director of accounts and reports the amount due each governing body of a community college, technical college or institute of technology. If the occupations identified in such list are not substantially the same as those occupations identified in the list from the prior year, reasonable notice of such changes shall be provided to school districts, community colleges, technical colleges and the institute of technology.

(e) The state board of regents and the state board of education, jointly, may adopt such rules and regulations necessary to implement and carry out the provisions of this section.

New Sec. 3. (a) Provided a particular career technical education program is not offered in a particular service area, the governing board of a community college, technical college or institute of technology located outside such service area, in coordination with one or more school districts located within such service area, may apply to the state board of regents for permission to establish such career technical education program to be taught at a location in such service area. An application for such permission shall be submitted in such form and manner as prescribed by the state

board of regents. In reviewing any such application, the state board of regents shall consider the ability and willingness of any postsecondary educational institution located in such service area to offer such career technical education program. If no such career technical education program is offered in such service area and no postsecondary educational institution located in such service area intends to offer such career technical education program, then the board of regents may approve such application to establish such career technical education program. Upon approval of its application by the state board of regents, the governing board of a community college, technical college or institute of technology may purchase or otherwise acquire land or land and improvements in such service area for the purpose of providing such career technical educational program.

On or before January 15, 2014, the state board of education shall prepare a report to the legislature proposing a strategy and proposed plan for providing state aid to career technical education programs or courses in school districts. In preparing such report, the state board of education shall consider the funding scheme under the postsecondary tiered technical education state aid act. The report shall include, but not be limited to, recommendations for legislative changes and estimates of the cost to the state of implementing such changes.

New Sec. 6. (a) If a pupil submits an application for free meals under the national school lunch act on or before the date on which the enrollment of the school district is calculated and it is later determined by the school district or the department of education that the pupil should not have been eligible for free meals, the district or the department shall notify the state board of such determination. Except as provided in subsection (b), upon receipt of such notice, the state board shall recompute the adjusted enrollment of the district and the general fund budget of the district based on the

If any increase in the valuation of a community college district results in an outstanding bonded indebtedness in excess of that provided in this subsection,

such increase shall not constitute a violation of this subsection. No such bonds shall be issued until the question of their issuance shall have been submitted to a vote of the electors of the community college district at a regular election or at a special election called for that purpose and the majority of the electors voting on the proposition in such community college district shall have voted in favor of the issuance of the bonds. Journal of the House

SEVENTY-FIFTH DAY

HALL OF THE HOUSE OF REPRESENTATIVES,
TOPEKA, KS, Friday, June 1, 2012, 10:00 a.m.

The House met pursuant to **SCR 1620** with Speaker O'Neal in the chair.

Prayer by Chaplain Brubaker:

Our Heavenly Father,
Today we gather for the last time
as this collective body.
Five months ago we stood here and asked
for Your help through this session.
Thank you for Your guidance, wisdom,
direction and understanding.
For all that was accomplished, we are grateful.
For those things yet to be completed,
we trust You to clear the path for completion.
Today, we pause in silence and in memory
of our friend and colleague, Representative Bob Bethell.
Personally, I thank you for the impact he had on my life...
not to mention the thousands of other lives he touched.
His sudden unexpected passing causes us to
realize just how temporary life really is
and how important it is for us to be careful how we live.
As we look back across the last several weeks,
if we have said hateful things, please forgive us.
If we have been rude to one another, please forgive us.
If we have made getting our way
make us pushy and unbearable, please forgive us.
Help us to be intentional in recognizing that life is short
and that we must show compassion to each other,
display dignity and grace;
and to make each day a challenge
to bring a smile to someone's face.
I pray for each representative as they return to their homes and work.
Be with those who will be campaigning over the summer.
For those who are retiring from this office
or choosing a different path for their future,
thank you for their service --

and be with them in their new adventures.
 Continue to give them wisdom and direction.
 Please be with Rep. Bowers who just had surgery.
 We ask for your healing touch and a speedy recovery.
 All these things I pray in Christ's Name, Amen.

The pledge of allegiance was led by Rep. Lorene Bethell.

COMMUNICATIONS FROM STATE OFFICERS

To all to whom these presents shall come, Greetings:

I, *Kris Kobach*, Secretary of State of the State of Kansas, do hereby certify that Lorene Bethell, Alden, was appointed by the Governor effective June 1, 2012, to the Kansas House of Representatives, One Hundred Thirteenth District, to fill the vacancy created by the death of Robert Bethell.

IN TESTIMONY WHEREOF, I have hereunto subscribed my name and caused to be affixed my official seal this 1st day June, A.D. 2012.

KRIS KOBACH
Secretary of State

PERSONAL PRIVILEGE

There being no objection, the following remarks of Rep. Siegfried are spread upon the Journal:

I stand before you today for the purpose of honoring our good friend and colleague, Representative Bob Bethell. We are joined by his wife, Lorene, along with his daughter, Aletha, her husband, Todd, and Bob's grandkids, Addison and Zachary Pelham.

It is my privilege now to present them with this certificate on behalf of this body, signed by the Governor and other legislative leaders commemorating him as the 2012 Capitol Statesman. This is awarded for his exemplary leadership and service above partisan politics.

Bob represented the 113th district since 1999, most recently as Chairman of the House Aging and Long-Term Care Committee. He was a graduate of John Brown University, as well as the University of Illinois. Prior to his service in the legislature, he served as a principal, college admissions director, and a nursing home administrator. From 1994 to 1998, Bob served as Mayor of Alden, Kansas. He was also a pastor for the Alden and Raymond Baptist Churches.

He will always be remembered for his "Veggie Tales" lapel pin and Mickey Mouse ties and pins. These were all things he wore to appropriately remind all of us not to take ourselves too seriously. In his spare time he enjoyed restoring antique cars, and had one of the finest collections around. However, that also meant every year Bob seemed to have a new bill relating to antique cars ready to pass around the legislature. It didn't take long for us to suspect he might have had his own motives in doing so, and he was always quick with a wink and a nod to confirm.

Above all though, Bob was a tireless advocate for the elderly, the frail, and the disabled. Bob fought for those who simply couldn't fight for themselves. He was

knowledgeable, thorough, well educated, and relentless. He knew more than anyone when it came to these topics, and never gave up on what he truly believed in.

Through his advocacy, these communities made tremendous gains. The reason for this, in my mind, is that Bob defined statesmanship. Because of this, he was able to accomplish so much in his time here, and I believe its why so many of us will fittingly remember this as his legacy.

We wish you well, my good friend.

PERSONAL PRIVILEGE

The following remarks of Speaker O'Neal are spread upon the Journal:

All of us have lasting memories of life events that have shaped our lives. For me, one of those lasting memories was having my parents explain to me at an early age that I was adopted; that I was born in inner city Kansas City, that my parents had adopted me and had driven me home to Western Kansas through the historic Kansas flooding of 1951. Another one of my lasting memories of living in the basement farm house of my parents between Healy and Manning, Kansas when I was a toddler was listening to Max Falkenstein call KU basketball games. That's where my dream of attending Kansas University was born.

My parents made me feel special, like I had been hand-picked to be theirs. It was many years later when the full significance of that adoption truly sunk in and I realized how close I had probably come to being just another Missouri abortion statistic. I owe my life and my existence to a mother I would never meet, who had made a courageous decision to choose life for me and a future for me and my wonderful adoptive parents.

And what a life it has been so far. Growing up in a small town and attending a small public school was great. I went on, with the tireless and unselfish help of my parents, to realize my dream of a college education at KU and many many evenings of Max Falkenstein and the Jayhawks. I remember how I felt at Max's retirement and loved reading his book: "A Good Place to Stop".

For the past 28 years I have had the honor of serving in the Kansas House of Representatives. While I had a dream of one day serving in this capacity, I never dreamed that I would serve this long. I have been blessed with wonderful constituents in Hutchinson, where I have lived for 36 years. They have seen fit to send and return me to Topeka 14 times since 1984 and I'm eternally grateful for their support and confidence.

I have served long enough to see our son and daughter born, raised and graduated from college during my tenure. Their pride and support of their dad in this endeavor has sustained me through years of dividing my time between here and home. I've had the privilege of serving with seven Governors. I've tried, unsuccessfully, to add up the total number of legislative colleagues I've served with. Perhaps my classmates from the

session of 1985, Rep. Pottorff and Rep. Holmes can help me with that. We have mourned the loss of current and former colleagues and celebrated births, weddings and achievements of current and former colleagues and their families. In short, we have been a family, with all the drama, challenges, conflicts and solidarity that families have.

I have had the experience of serving in both the majority and the minority and had the privilege of serving as Chairman of the House Judiciary Committee on three separate occasions, a position I have truly cherished and I feel blessed to have had the opportunity to serve in this role, bill bundling jokes, aside! I did my time as Education Chairman and oversaw House Redistricting twice, including a Federal Court appearance in 2002 where I defended the Legislature's Congressional map and an interesting recent two-day experience with Minority Leader Davis in Federal Court where we joined to defend the House redistricting map.

I've experienced three Special Sessions and three fascinating contested House election cases, one of which resulted in having the winner decided by drawing a backgammon chip out of a hat on the House floor. Cindy and I were married over at the Dillon House on April 9, 1999 on what we had thought would be the day after first adjournment. The legislative schedule being ever unpredictable, we, of course, didn't get finished and so we wed during the noon recess, had a lovely reception and I returned to the House floor that afternoon to finish out the day's work in my tuxedo. The Topeka Capital photo of me on the House floor in my tuxedo is one of my favorite scrapbook keepsakes. The memories go on and on.

Most of all, I am grateful for the honor and opportunity you have given me to serve two terms as your House Speaker. I've learned that it's not a position for the faint at heart, but it has been a truly awesome and rewarding experience, thanks to you, my fellow House colleagues. I've learned a great deal in this position. First and foremost, I've learned that timing is not something that is within our control, and that this is a good thing. As you know, I had attempted on prior occasions to win the office of Speaker. I had felt it was my time. God and my House colleagues had other plans for me that were not apparent at the time. As I think back on it, had I been elected Speaker when I thought it was my time, I would have missed this time. And, oh what I would have missed. These past two years in particular have been truly historic and I stand here today to thank you for having a better sense of what my time should be than I did!

There has been much speculation about what I would announce today. I apologize for the suspense. In fact, as Cindy will tell you, this has been the hardest decision I think I've ever had to make. On the one hand, I do respect tradition and, in this case the unwritten tradition of a Speaker serving no more than two terms. On the other hand, I have been humbled and moved by the outpouring of support and encouragement of colleagues urging me to continue for another term. These are unique times and special circumstances, they say. We have an amazing class of freshmen who I've only had the chance to serve with for a single term.

I promised myself and my amazingly supportive and patient wife, that I would take time away from the Capital to decide what is best for us and what is hopefully best for the House. Cindy and I have literally discussed this decision for hours over many days and nights. In one of our discussions, focused on the encouragement I've received to continue in this role, we shared a quote she found of a retirement speech given by a retiring military leader who said "I would rather go while I'm being encouraged to stay, rather than stay beyond the time when I should go."

In looking back over the past four years and what we've been able to accomplish here, and, more recently, realizing what an historic session this one has been, I am reminded again of the title of my KU hero Max Falkenstien's book. All things being considered, for me, this is "a good place to stop." Accordingly, I have decided that I will not be seeking re-election to the House in the upcoming election.

I am overwhelmed by the realization that an adopted kid from a Western Kansas farm family of modest means has a chance of becoming the Speaker of the Kansas House of Representatives. We live in a wonderful state, one with unlimited potential and unlimited opportunity. The opportunities I've had and this opportunity in particular have been beyond my dreams. I'm universally told by my former colleagues that there is, in fact, life after the Legislature. To those for whom my decision today disappoints, know that I plan to be close by and I hope and plan that my life after the Legislature includes continuing to work with you in some capacity and helping our great state continue to grow and prosper.

There are too many people to thank today. I have loved working with our amazing legislative staff at all levels. You are always the unsung heroes of this process. You know how emotional I get when mentioning specific people so I'll avoid that for now. I've been blessed with amazing Speaker's Office staff and House colleagues and I've been reaping the rewards of developing lifelong friendships in the legislative halls and on both sides of the aisle as a result of my service here.

My only advice to you today is to continue to honor this great institution and honor those who serve with you. Seriously consider what is best for our state but don't take yourselves too seriously. Continue to acknowledge God's presence here daily. For my part, while I can look back on scores of legislative accomplishments over the years, sometimes the small ones are the most meaningful and rewarding.

I'm particularly proud of the fact that this body has insisted that we honor our nation's flag correctly. We are "one nation under God."

Thank you for your service to Kansas. God bless you all and God bless this great state.

MESSAGE FROM THE SENATE

Announcing the Senate herewith transmits the veto message from the Governor on **H Sub for SB 294**, An act making and concerning appropriations for fiscal years ending June 30, 2012, June 30, 2013, June 30, 2014, June 30, 2015, and June 30, 2016, for state agencies; authorizing and directing payment of certain claims against the state; authorizing certain transfers, capital improvement projects and fees imposing certain restrictions and limitations, and directing or authorizing certain receipts, disbursements, procedures and acts incidental to the foregoing; amending K.S.A. 2011 Supp. 2-223, 12-5256, 55-193, 72-8814, 74-50,107, 74-99b34, 75-2319, 76-775, 76-783, 76-7,107, 79-2964, 79-2978, 79-2979, 79-3425i, as amended by section 10 of 2012 House Bill No. 2557, 79-34,156, 79-34,171, 79-4227 and 82a-953a and repealing the existing sections, which was received on June 1, 2012, and was read before the Senate on June 1, 2012.

Message to the Senate of the State of Kansas:

I want to thank all Kansas legislators and particularly, the members of the House Appropriations Committee and the Senate Ways and Means Committee, for producing a budget that for the first time in many years meets the statutory requirement of maintaining a 7.5% ending balance. Our state has gone through an incredible transition in just two years: from a projected \$500 million deficit to putting nearly half a billion dollars in the bank. A \$1 billion swing can only occur when we commit ourselves to shrinking the footprint of state government and pursuing policies that grow the economy. I look forward to continuing this prosperous path in the fiscal years to come.

Pursuant to Article 2, Section 14 of the Constitution of the State of Kansas, I hereby return House Substitute for Senate Bill No. 294 with my signature approving the bill, except for the items enumerated below.

Behavioral Sciences Regulatory Board

Limitation on Expenditures

That portion of Section 12(a) that reads as follows has been line-item vetoed:

“*Provided, however,* That expenditures from the behavioral sciences regulatory board fee fund for the fiscal year ending June 30, 2012, for leased office space shall not exceed \$14.00 per square foot.”

That portion of Section 12(b) that reads as follows has been line-item vetoed:

“*Provided, however,* That expenditures from the behavioral sciences regulatory board fee fund for the fiscal year ending June 30, 2013, for leased office space shall not exceed \$14.00 per square foot.”

Oversight of leased office space is the domain of the Department of Administration. To the extent that we can centrally manage leased space, we can manage our operating costs. These provisions would arbitrarily provide an exception not afforded other agencies and supersede the management function properly placed in the executive branch so I find it necessary to veto them both.

Department of Health & Environment—Environment

Local Environmental Protection Programs

That portion of Section 84(c) that reads as follows has been line-item vetoed:

“Local environmental protection program.....\$800,000

Provided, That any unencumbered balance in the local environmental protection program account in excess of \$100 as of June 30, 2012, is hereby reappropriated for fiscal year 2013.”

The appropriation of \$800,000 from the State Water Plan Fund (SWPF) for the Local Environmental Protection Programs would increase funding beyond my budget recommendations for FY 2013. Funding for this program was not recommended by the Kansas Water Authority nor the Department of Health and Environment, and was not included in my budget. The program was started in the early 1990s for the purpose of providing local governments with technical assistance and grant funds in order to establish environmental programs specifically suited for local priorities. Once the programs were established, the intent was to discontinue the state funding. The addition of \$800,000 in expenditures from the SWPF for FY 2013 would result in a negative balance of approximately \$565,000 in this state fund. Therefore, I hereby line-item veto this provision.

Department of Education

Uniform Accounting Act for Schools

That portion of Section 42(a) that reads as follows has been line-item vetoed:

“Operating expenditures (including official hospitality).....\$50,000”

The 2011 Legislature enacted the Uniform Financial Accounting and Reporting Act for school districts to report expenditures to the Department of Education. This funding was not originally included in my FY 2012 budget recommendations and I believe the agency can develop and maintain this system which is similar to current procedures within current resources. I find it necessary to veto this appropriation.

Department of Revenue

Fee Sweeps

Sections 75(h) and 75(i) have been line-item vetoed in their entirety.

At the direction of the Legislature, the Department of Revenue is now more heavily dependent on fee income for its operations and two of the three fee sweeps included in the appropriations bill are insupportable. For these two, the cash on hand on the date specified will not be sufficient to make such sizable transfers and the agency would not be left with enough funds to function. I am leaving one of the sweeps the agency can manage. The other two sweeps go too far, and I therefore must veto them.

Department of Education

Mentor Teacher Bonuses

That portion of Section 88(a) that reads as follows has been line-item vetoed:
 “Mentor teacher program grants.....\$484,337”

I proposed educator quality and mentoring reforms as part of my overall education policy reform for consideration this session, however, the Legislature did not adopt most of these initiatives. For a mentoring bonus program to work properly, it must be done in concert with education reform policy. Without those reforms we fail our educators and their students. Therefore I find it necessary to veto this appropriation and look forward to discussing with the Legislature next session how we can improve teacher performance through mentoring.

Kansas Water Office

Water Resource Education

That portion of Section 114(c) that reads as follows has been line-item vetoed:
 “Water resource education..... \$40,000
Provided, That any unencumbered balance in the water resource education account in excess of \$100 as of June 30, 2012, is hereby reappropriated for fiscal year 2013.”

The appropriation of \$40,000 from the State Water Plan Fund for the Water Resource Education program would increase funding beyond my budget recommendations for FY 2013 and would also contribute to a negative balance of approximately \$565,000 in the State Water Plan Fund. Funding for this program was not recommended in my budget. Therefore, I hereby line-item veto this provision.

Wichita Aquifer Storage

Section 114(d) has been line-item vetoed in its entirety.

The additional appropriation of \$500,000 from the Expanded Lottery Act Revenues Fund (ELARF) for the Wichita Aquifer Recharge Project would increase funding beyond my budget recommendations for FY 2013. My FY 2013 budget recommendations included a \$500,000 appropriation from the State Water Plan Fund

for the project that demonstrates an effective method to provide for long-term planning related to future water supplies. Furthermore, the use of the ELARF will have to be leveraged as part of a specific debt reduction and budget balancing strategy. Therefore, I hereby line-item veto this provision.

State Fair Board

Enhanced Marketing

Section 113(c) has been line-item vetoed in its entirety.

I included funds in the Department of Commerce budget for a study to examine the feasibility of changing the dates when our State Fair is held. Rather than finance this study, the money was shifted to the Fair for promotion. With the projected negative balance in the Economic Development Initiatives Fund and this change in plan, I veto the funds. While it does not bring the EDIF into the black, it will be much closer.

Department of Social & Rehabilitation Services and Department on Aging

FMS Fee for HCBS Providers

Section 35(b) has been line-item vetoed in its entirety.

That portion of Section 35(l) that reads as follows has been line-item vetoed:
“Mental health and retardation services aid and assistance..... ..\$91,429”

That portion of Section 36(a) that reads as follows has been line-item vetoed:
“LTC – medicaid assistance – HCBS/FE99,634”

Section 122 has been line-item vetoed in its entirety.

The Financial Management System for Medicaid Home and Community Based Services providers was implemented in FY 2012 as required by the Center for Medicare & Medicaid Services. The system pays a \$115 per consumer per month fee to providers for administrative services. The 2012 Legislature appropriated a total of \$385,878 from the State General Fund in the above referenced sections to increase the fee to \$125 for the months from November 2012 to June 2012. This would require retroactive payments that would strain agency resources. No additional funding was approved to continue the increased rate in FY 2013. The agencies set the \$115 fee using a range derived from a study performed by an impartial contractor and by using comparisons with rates paid by other states. The rate is well above the national average and in my opinion is fair payment for services provided. I therefore find it necessary to veto these supplemental appropriations for FY 2012.

Motor Vehicles

Limitations on Acquisitions

Section 119 is vetoed in its entirety.

Agencies purchase vehicles for a variety of reasons and we have a process in place to ensure new purchases are not made unnecessarily. To ensure that agencies have the

resources they need to get their work done, I veto this section of the bill.

Kansas Bioscience Authority

Timing of Transfers from the State General Fund

That portion of Section 156(d)(1) that reads as follows has been line-item vetoed:

“During the fiscal years ending June 30, 2013, and June 30, 2014, the state treasurer shall make payments to the bioscience authority on July 15, October 15, January 15 and April 15 in equal installments, subject to the limitations established in subsection (h). If on such dates, during fiscal years 2013 and 2014, such payments can not be made in equal amounts, the state treasurer shall make the payment in the amount of moneys that is available on such date and upon the next payment date, the state treasurer shall make the payment in an amount equal to the amount that is to be paid on that date plus any additional amount that is owed from a previous date. During the fiscal years ending June 30, 2015, and following fiscal years thereafter, the state treasurer shall make payments to the bioscience authority on July 15, October 15, January 15 and April 15 based on the certification provided by the secretary of revenue.”

In recent years the state has had to delay its quarterly transfers to the Kansas Bioscience Authority from time to time, particularly the November amount, when the State General Fund was low on cash. This was done in cooperation with staff at the Bioscience Authority and was not done in a manner that was intended as punitive or harmful. Because we need to maintain our flexibility in managing the State General Fund cashflow, I veto this provision to require transfers on certain dates. This has the effect of leaving processes as they have been handled up to this point.

Moving Forward

The needs are great, and the people of Kansas, particularly our children, depend on us to put our state on a path of economic growth and prosperity. We took a giant step in the right direction this year. I look forward to continuing to work with the Kansas Legislature to review areas where we can reduce the reach of state government, streamline agencies and programs and focus funding on the state’s core responsibilities.

Again, I commend the Legislature for its work during the 2012 session, and I look forward to working with all of you in the coming months and years as we get our state’s budget and economy back on track.

Sam Brownback, Governor

Dated: May 31, 2012

There being no motion to reconsider the line item vetoes on **H Sub for SB 294**, the President ruled the line item vetoes sustained.
