

BILL EXPLANATION FOR 2017

HOUSE SUBSTITUTE FOR SENATE BILL 109

House Sub. for SB 109, as recommended by the House Appropriations Committee, contains FY 2017 adjustments, FY 2018 and FY 2019 funding for most state agencies, and FY 2018 and FY 2019 capital improvement expenditures for a number of state agencies. Other adjustments to FY 2017 expenditures were included in the supplemental appropriations bill. An overview of the Governor's amended budget recommendations for FY 2018 through FY 2019 and the House Committee's adjustments to the Governor's amended recommendations are reflected below.

FY 2018 and FY 2019 Governor's Recommendation

The Governor's recommendation for FY 2018 expenditures from all funding sources totals \$15.3 billion, a decrease of \$578.3 million, or 3.6 percent, below the FY 2017 revised estimate. For FY 2019, expenditures from all funding sources total \$15.8 billion, an increase of \$512.9 million, or 3.3 percent, above the FY 2018 recommendation.

Proposed changes include:

- Extending the KanCare contracts with the MCOs for one year, which saves \$7.0 million for FY 2018 and \$14.0 million for FY 2019;
- Increasing the HMO privilege fee from 2.00 percent to 5.77 percent in FY 2019 and increasing the hospital provider tax from 1.87 percent to 4.65 percent. By placing this additional revenue in a Kansas Department of Health and Environment (KDHE) fee fund, it brings in \$285.5 million, but also reduces State General Fund revenue by \$67.5 million;
- Adding \$82.7 million to increase the reimbursement rate for all providers by 4.0 percent and addressing rural hospital initiatives with the increased revenue from the HMO privilege fee and hospital provider tax;
- Requiring joint procurement for all USDs when purchasing goods and services, which is estimated to save \$7.2 million for FY 2018 and \$9.0 million for FY 2019;
- Requiring all USDs to consolidate K-12 benefit plans under one benefit plan similar to the State Employee Health Plan (SEHP), utilizing the SEHP network, staff, processes, and procedures, which is estimated to save \$40.0 million for FY 2018 and \$80.0 million for FY 2019;
- Funding the human services consensus caseload estimates by reducing \$120.4 million from all funds, but adding \$35.3 million from the State General Fund for FY 2018, and adding \$48.4 million, including \$160.8 million from the State General Fund, for FY 2019;

- Shifting funding of \$35.2 million from the Children’s Initiatives Fund to the State General Fund based on the recommendation to securitize tobacco revenue for FY 2018 and FY 2019;
- Creating the TeachersKan scholarship program for teachers who agree to work in rural areas, funded at \$3.0 million for FY 2018 and \$6.0 million for FY 2019;
- Creating a Dental School at KUMC; funding \$800,000 for planning in FY 2018 and FY 2019;
- Freezing state contributions to the Kansas Public Employees Retirement System (KPERs) at FY 2016 levels of about \$300.0 million annually (three quarters of a year). Savings are estimated at \$140.2 million in FY 2018 and \$198.3 million in FY 2019;
- Moving the Securities Commissioner’s Office into the Insurance Department and the Board of Barbering into the Board of Cosmetology; and
- Deleting the first quarter contributions for Death and Disability Insurance, reducing expenditures by \$12.6 million, including \$10.1 million from the State General Fund.

The Governor’s FY 2018 recommendation for capital improvements are decreased by \$380.4 million, or 43.4 percent, below the revised FY 2017 level. The largest decrease is in the budget of the Department of Transportation (\$321.3 million), related to a decrease in federal funds and projected decreases in planned road construction contract lettings for FY 2018. Expenditures in the Department of Transportation budget fluctuate in its funding request due to its best estimate at a given point in time as to projects being let and its subsequent funding streams.

The Governor’s FY 2019 recommendation for capital improvements are recommended to increase by \$249.4 million, or 50.2 percent, above the FY 2018 level. The largest increase is in the budget of the Department of Transportation (\$272.2 million), related to an increase in planned road construction contract lettings for FY 2019. Expenditures in the Department of Transportation budget fluctuate in its funding request due to its best estimate at a given point in time as to projects being let and its subsequent funding streams.

The State General Fund decrease is attributable to the mechanism by which reappropriations from previous fiscal years are accounted for. The FY 2018 State General Fund request is nearly identical to the FY 2016 actual amount expended. As the Office is able to revise their estimate of grant moneys that will actually be received, in combination with the carry-over of unused State General Fund moneys from the previous year, the current year revision to the State General Fund request is usually significantly different from the initial request.

The **Governor** recommends FY 2018 operating expenditures of \$26.4 million, including \$6.6 million from the State General Fund. The recommendation is an all funds decrease of \$10,081, or less than 0.1 percent, and a State General Fund decrease of \$7,902, or less than 0.1 percent, below the agency's FY 2018 request. The decrease is attributable to the Governor's recommendation to hold KPERs employer contributions at the FY 2016 amount, which results in an all funds reduction of \$6,126, including \$4,817 from the State General Fund, and to provide a moratorium on agency death and disability employer contribution payments for one quarter, which results in an all funds reduction of \$3,955, including \$3,085 from the State General Fund.

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustments:

FY 2018

1. Add \$117,000, all from the State General Fund, for domestic violence prevention grant matching funds for FY 2018.
2. Add \$137,000, all from the State General Fund, for Office of Information Technology Services and travel expenditures for FY 2018.
3. Add \$883,000, all from the State General Fund, for domestic violence prevention grant matching funds for FY 2018.

6. Delete \$150,000, all from special revenue funds, to reduce the transfer from the Medicaid Fraud Prosecution to the Governor's Child Advocacy Center Grants Fund for FY 2018 (Technical correction).
7. Adopt GBA No. 1, Item 13 which adds \$8,012, all from the State General Fund, for FY 2018.

Sec. 38 — Office of the Governor

The **agency** requests FY 2019 operating expenditures of \$29.4 million, including \$6.6 million from the State General Fund. The request is an all funds increase of \$2.9 million, or 11.2 percent, and a State General Fund increase of \$4,924, or 0.1 percent, above the FY 2018 request. The all funds increase is attributable to an anticipated increase in the distribution of federal Victim's of Crime Act (VOCA) funds; approximately 95.0 percent of the funds are granted to victims' services agencies in the State. The State General Fund increase is primarily attributable to increased salary and wage expenditures, namely employer contributions to group health insurance and KPERs.

The **Governor** recommends FY 2019 operating expenditures of \$29.4 million, including \$6.6 million from the State General Fund. The recommendation is an all funds decrease of \$5,351, or less than 0.1 percent, and a State General Fund decrease of \$4,196, or 0.1 percent, below the agency's FY 2019 request. The decrease is attributable to the Governor's recommendation to hold KPERs employer contributions at the FY 2016 amount.

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustments:

FY 2019

1. Delete \$550,000, all from special revenue funds, to reduce the transfer from the Medicaid Fraud Prosecution to the Governor's Domestic Violence Abuse Grant Fund for FY 2019 (Technical correction).

5. Add \$1.0 million, all from the State General Fund, for domestic violence prevention grant matching funds for FY 2019.
6. Adopt GBA No. 1 Item 13 which adds \$16,023, all from the State General Fund, for FY 2019.

Sec. 39 — Attorney General

The **agency** requests \$23.0 million, including \$5.6 million from the State General Fund, for FY 2018. This is an all funds decrease of \$362,023, or 1.5 percent, and a State General Fund decrease of \$150,505, or 2.6 percent, above the FY 2017 agency estimate. The all funds decrease is largely due to lower expenditures on pay to unclassified employees. The revised estimate includes 119.4 FTE positions, which is the same as the FY 2017 agency request.

The **Governor** recommends FY 2018 operating expenditures of \$23.3 million, including \$6.0 million from the State General Fund. The recommendation is an all funds increase of \$285,717, or 1.2 percent, and a State General Fund increase of \$416,815, or 7.4 percent, above the agency's FY 2018 request. The recommendation is also a 4.0 FTE increase from the agency's FY 2018 request. The increase is attributable to the Governor's recommendation to:

- Hold KPERS employer contributions at the FY 2016 amount, which results in an all funds reduction of \$93,599, including \$35,853 from the State General Fund;
- Provide a moratorium on agency death and disability payments for one quarter, which results in an all funds reduction of \$20,684, including \$7,925 from the State General Fund;
- Change the way proceeds from the Tobacco Master Settlement Agreement are received by eliminating the FY 2018 transfer of \$460,593 from the Kansas

Endowment for Youth Fund to the Tobacco Master Settlement Agreement Fund and finance agency expenditures related to the settlement by an appropriation of \$460,593 from the State General Fund;

- Consolidate criminal fraud prosecution resources in Kansas by transferring \$400,000 (\$200,000 from the Securities Commissioner and \$200,000 from the Kansas Insurance Department) to a newly appropriated Fraud and Abuse Criminal Prosecution Fund. Additionally, 4.0 FTE positions will be created in the Fraud and Abuse Litigation Division as part of the transfer; and
- Continue the transfer of \$1.0 million from the Medicaid Fraud Prosecution Revolving Fund to the State General Fund.

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustments:

4. Delete \$460,593, all from the State General Fund, to continue transfers from the Kansas Endowment for Youth Fund to the Tobacco Master Settlement Agreement Fund for FY 2018.

Sec. 40 — Attorney General

The **agency** requests \$23.2 million, including \$5.7 million from the State General Fund, for FY 2019. This is an all funds increase of \$147,444, or 0.6 percent, and a State General Fund increase of \$38,979, or 0.7 percent, above the FY 2018 agency request. The all funds increase is largely due to an increase in salaries and wages expenditures (\$147,298). The revised estimate includes 119.4 FTE positions, which is the same as the FY 2018 agency request.

The **Governor** recommends FY 2019 operating expenditures of \$23.4 million, including \$6.1 million from the State General Fund. The recommendation is an all funds increase of \$266,045, or 1.1 percent, and a State General Fund increase of \$409,330, or 7.2 percent, above the agency's FY 2019 request. The increase is attributable to the Governor's recommendation to:

- Hold KPERS employer contributions at the FY 2016 amount, which results in an all funds reduction of \$133,955, including \$51,263 from the State General Fund;

- Change the way proceeds from the Tobacco Master Settlement Agreement are received by eliminating the FY 2019 transfer of \$460,593 from the Kansas Endowment for Youth Fund to the Tobacco Master Settlement Agreement Fund and finance agency expenditures related to the settlement by an appropriation of \$460,593 from the State General Fund;

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustments:

4. Delete \$460,593, all from the State General Fund, to continue transfers from the Kansas Endowment for Youth Fund to the Tobacco Master Settlement Agreement Fund for FY 2019.

Sec. 41 — Secretary of State

The **agency** requests FY 2018 operating expenditures of \$5.6 million, all from special revenue funds. The request is a decrease of \$37,140, or 0.7 percent, below the agency's revised FY 2017 estimate. The decrease is attributable to decreased contractual services expenditures for printing, attorneys' fees, and information systems consulting services. There are no State General Fund expenditures in this request.

The agency requests 46.0 FTE positions, the same number as the agency's revised FY 2017 estimate.

The **Governor** recommends FY 2018 operating expenditures of \$5.5 million, all from special revenue funds. The recommendation is an all funds decrease of \$28,395, or 0.5 percent, below the agency's FY 2018 request. The decrease is attributable to the Governor's recommendation to hold KPERS employer contributions at the FY 2016 amount, which results

in an all funds reduction of \$23,256, and to provide a moratorium on employer contributions for death and disability for one quarter, which results in an all funds reduction of \$5,139.

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustment:

FY 2018

1. Add \$23,256, all from special revenue funds, to restore Kansas Public Employee Retirement System employer contributions to the approved level for FY 2018.

Sec. 42 — Secretary of State

The **agency** requests FY 2019 operating expenditures of \$5.6 million, all from special revenue funds. The request is an increase of \$718, or less than 0.1 percent, above the agency's FY 2018 request. The increase is attributable to an increase in anticipated salaries and wages expenditures. There are no State General Fund expenditures in this request. The agency requests 46.0 FTE positions, the same number requested in FY 2018.

The **Governor** recommends FY 2019 operating expenditures of \$5.5 million, all from special revenue funds. The recommendation is an all funds decrease of \$32,728, or 0.6 percent, below the agency's FY 2019 request. The decrease is attributable to the Governor's recommendation to hold KPERS employer contributions at the FY 2016 amount.

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustment:

FY 2019

1. Add \$32,728, all from special revenue funds, to restore Kansas Public Employee Retirement System employer contributions to the approved level for FY 2019.

Sec. 43 — Office of the State Treasurer

The **agency** requests \$25.6 million in FY 2018, all from special revenue funds, an increase of \$128,388 or 0.5 percent, above the FY 2017 agency request. The majority of the increase is in salary and wage expenditures (\$42,346) due to employer contributions for group health insurance and public employee retirement and contractual services (\$47,042) due to software contract fees, Office of Information Technology Services (OITS) fees, and centralized cash management services.

The **Governor** recommends FY 2018 operating expenditures of \$25.6 million, all from special revenue funds. The recommendation is an all funds decrease of \$23,810, or 0.1 percent, below the agency's FY 2018 request. The decrease is attributable to the Governor's recommendation to hold KPERS employer contributions at the FY 2016 amount, which results in an all funds reduction of \$19,501, and to provide a moratorium on agency death and disability employer contribution payments for one quarter, which results in an all funds reduction of \$4,309.

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustment:

FY 2018

1. Add \$19,501, all from special revenue funds, to restore Kansas Public Employee Retirement System employer contributions to the approved level for FY 2018.

Sec. 44 — Office of the State Treasurer

The **agency** requests expenditures of \$152.3 million, all from special revenue funds, in FY 2019. The aid to local units of government increase is \$126.6 million as the City County Revenue Sharing Fund and Local Ad Valorem Tax Reduction Fund are not suspended for FY 2019. The remaining increase is \$76,200, or 0.3 percent, above the FY 2018 agency request. The majority of the increase is in salary and wage costs (\$35,594) due to employer contributions for group health insurance, and public employee retirement and contractual services (\$30,606) due to new electronic banking services and a software licensing fee (\$22,016) for the bond accounting system that occurs every five years.

The **Governor** recommends FY 2019 operating expenditures of \$25.6 million, all from special revenue funds. The recommendation is an all funds decrease of \$126.6 million, or 83.2 percent, below the agency's FY 2019 request. The decrease is attributable to the Governor's recommendation to hold KPERS employer contributions at the FY 2016 amount, which results in an all funds reduction of \$27,443, and to suspend the Local Ad Valorem Tax Reduction Fund and City County Revenue Sharing fund transfers for FY 2019 reducing agency expenditures by \$126.6 million.

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustment:

FY 2019

1. Add \$27,443, all from special revenue funds, to restore Kansas Public Employee Retirement System employer contributions to the approved level for FY 2019.

Sec. 45 — Kansas Insurance Department

The **agency** requests FY 2018 total expenditures of \$27.8 million, all from special revenue funds. The agency requests \$27.7 million for operational expenditures, all from special revenue funds, for FY 2018. This is an increase of \$650,366, or 2.4 percent, above the agency's 2017 revised estimate. The increase is primarily attributable to an increase in expenditures to pay claims from the Workers' Compensation Fund, based on recent actual expenditures and findings from the actuary for the Insurance Department; payments to physicians, hospitals, and nursing homes providing services to claimants; expenditures to defend claims against the Workers' Compensation Fund; professional and scientific supplies expenditures; Office of Information Technology (OITS) communications operations services expenditures; payments for accounting, auditing, and actuarial services; computer software rentals expenditures; and employer contributions to KPERS and employee group health insurance. An increase in expenditures is to be distributed to firefighter relief associations, based on recent actual amounts received and passed through, in accordance with the Firefighters Relief Act. This

increase is partially offset by a decrease in unclassified salaries and wages, microcomputer and information processing equipment, and computer software maintenance expenditures.

The agency requests \$135,000 for capital improvements, all from special revenue funds, for FY 2018, which is \$10,000, or 6.9 percent, below the agency's 2017 revised estimate.

The budget includes 109.0 FTE positions, which is unchanged from the agency's FY 2017 revised estimate.

The **Governor** recommends FY 2018 operating expenditures of \$30.5 million. The recommendation is an all funds increase of \$2.8 million, or 10.1 percent, above the agency's FY 2018 request. The increase is attributable to the Governor's recommendations to:

- Merge the Office of the Securities Commissioner with the Insurance Department. The Office of Securities Commissioner base FY 2018 budget of \$3.6 million is partially offset by expected savings of \$300,000 within the Office of the Securities Commissioner and \$350,000 in savings within the Insurance Department due to the merger of the agencies. From the anticipated savings of \$650,000, \$400,000 (\$200,000 from each department) will be transferred to the Office of the Attorney General to enhance financial fraud investigations, and \$250,000 will be transferred to the State General Fund. The 30.0 FTE positions from Office of Securities Commissioner will be transferred to the Insurance Department but will remain under the newly created Office of Securities Department program;
- Hold KPERs employer contributions at the FY 2016 amount, which results in an all funds reduction of \$83,834; and
- Provide a moratorium on agency death and disability payments for one quarter, which results in an all funds reduction of \$18,526.

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustments:

FY 2018

1. Add \$83,834, all from special revenue funds, to restore Kansas Public Employee Retirement System employer contributions to the approved level for FY 2018.
2. Adopt GBA No. 2, Item 1, to transfer \$2.4 million from the State General Fund to the Workers' Compensation Fee Fund for the Fee Fund Lawsuit Settlement Agreement for FY 2018.
3. Adopt GBA No. 1 Item 13 which adds \$5,207, all from special revenue funds, for FY 2018.

Sec. 46 — Kansas Insurance Department

The **agency** requests FY 2019 total expenditures of \$28.6 million, all from special revenue funds. The agency requests \$28.5 million for operational expenditures, all from special revenue funds, for FY 2019. This is an increase of \$823,060, or 3.0 percent, above the agency's

2018 request. The increase is primarily attributable to an increase in expenditures to pay claims from the Workers' Compensation Fund, based on recent actual expenditures and findings from the actuary for the Insurance Department; expenditures to defend claims against the Workers' Compensation Fund; payments to physicians, hospitals, and nursing homes providing services to claimants; professional and scientific supplies expenditures; OITS communications operations services expenditures; employer contributions to KPERS; employee group health insurance; and other fringe benefits. The increase is partially offset by a decrease in unclassified salaries and wages and information processing equipment expenditures. The budget includes 109.0 FTE positions, which is unchanged from the agency's FY 2018 request.

The **Governor** recommends FY 2019 operating expenditures of \$31.0 million. The recommendation is an all funds increase of \$2.5 million, or 8.8 percent, above the agency's FY 2019 request.

The increase is attributable to the Governor's recommendations to:

- Merge the Office of the Securities Commissioner with the Insurance Department. The Office of Securities Commissioner base FY 2019 budget of \$3.5 million is partially offset by expected savings of \$400,000 within the Office of the Securities Commissioner and \$500,000 of savings within the Insurance Department due to the merger of the agencies. From the anticipated savings of \$900,000, \$400,000 (\$200,000 from each department) will be transferred to the Office of the Attorney General to enhance financial fraud investigations, and \$500,000 will be transferred to the State General Fund. The 30.0 FTE positions from Office of Securities Commissioner will be transferred to the Insurance Department but will remain under the newly created Office of Securities Department program; and
- Hold KPERS employer contributions at the FY 2016 amount, which results in an all funds reduction of \$144,020.

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustments:

FY 2019

1. Add \$144,020, all from special revenue funds, to restore Kansas Public Employee Retirement System employer contributions to the approved level for FY 2019.

2. Adopt GBA No. 1 Item 13 which adds \$10,415 all from special revenue funds, for FY 2019.

Sec. 47 — Health Care Stabilization Fund Board of Governors

The **agency** requests \$39.7 million, all from special revenue funds, for FY 2018. This is an increase of \$2.4 million, or 6.4 percent, above the FY 2017 estimate. The change from the FY 2017 revised estimate is primarily due to the agency estimating settlements and jury awards increase based on the recent 8.1 percent five-year average. The request includes 20.0 FTE positions, which is the same number as the FY 2017 revised estimate.

The **Governor** recommends FY 2018 operating expenditures of \$39.7 million, all from special revenue funds. The recommendation is a decrease of \$16,287, or less than 0.1 percent, below the agency's FY 2018 request. The decrease is attributable to the Governor's recommendation to hold KPERS employer contributions at the FY 2016 amount, which results in an all funds reduction of \$13,339, and to provide a moratorium on employer contributions for death and disability for one quarter, which results in an all funds reduction of \$2,948.

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustments:

FY 2018

1. Add \$13,339, all from special revenue funds, to restore Kansas Public Employee Retirement System employer contributions to the approved level for FY 2018.
2. Adopt GBA No. 1 Item 13 which adds \$3,805, all from special revenue funds for FY 2018.

Sec. 48 — Health Care Stabilization Fund Board of Governors

The **agency** requests \$42.8 million, all from special revenue funds, for FY 2019. This is an increase of \$3.1 million, or 7.7 percent, above the FY 2018 request. The request includes 20.0 FTE positions, which is the same number as the FY 2018 request.

The **Governor** recommends FY 2019 operating expenditures of \$42.7 million, all from special revenue funds. The recommendation is a decrease of \$19,004, or less than 0.1 percent, below the agency's FY 2019 request. HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustments:

FY 2019

1. Add \$19,004, all from special revenue funds, to restore Kansas Public Employee Retirement System employer contributions to the approved level for FY 2019.
2. Adopt GBA No. 1 Item 13 which adds \$7,611, all from special revenue funds for FY 2019.

Sec. 49 — Pooled Money Investment Board

The **agency** requests \$675,743, all from special revenue funds, for FY 2018, an increase of \$3,456, or 0.5 percent, above the FY 2017 agency estimate. The increase is attributable to a reduction in salaries and wages of \$4,998, or 1.1 percent, from one fewer payroll period in FY 2018. The reduction is offset by an increase in contractual services of \$4,589, or 2.3 percent, due to increased estimated bank fees and travel, offset by the lack of an annual audit in FY 2018. Capital outlay increased by \$3,045, or 41.0 percent, for the replacement of office chairs and software licensing fees.

The **Governor** recommends FY 2018 operating expenditures of \$671,069, all from special revenue funds. The recommendation is an all funds decrease of \$4,674, or 0.7 percent, below the agency's FY 2018 request. The decrease is attributable to the Governor's recommendation to hold KPERs employer contributions at the FY 2016 amount, which results in an all funds reduction of \$3,828, and to provide a moratorium on agency death and disability payments for one quarter, which results in an all funds reduction of \$846.

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustment:

FY 2018

1. Add \$3,828, all from special revenue funds, to restore Kansas Public Employee Retirement System employer contributions to the approved level for FY 2018.

Sec. 50 — Pooled Money Investment Board

The **agency** requests \$691,873, all from special revenue funds, for FY 2019. The request is an increase of \$16,130, or 2.4 percent, above the FY 2018 agency request. The increase is attributable to employer contributions for group health insurance (\$1,500) and retirement (\$4,064) costs and the FY 2019 annual audit (\$11,750). The increases are partially offset by the elimination of the proposed capital purchased from FY 2018.

The **Governor** recommends FY 2019 operating expenditures of \$686,485, all from special revenue funds. The recommendation is an all funds decrease of \$5,388, or 0.8 percent, below the agency's FY 2019 request. The decrease is attributable to the Governor's recommendation to hold KPERs employer contributions at the FY 2016 amount.

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustment:

FY 2019

1. Add \$5,388, all from special revenue funds, to restore Kansas Public Employee Retirement System employer contributions to the approved level for FY 2019.

Sec. 51 — Judicial Council

The **agency** requests \$573,233, all from special revenue funds, a decrease of \$4,417, or 0.8 percent, below the FY 2017 agency request. The agency reduced estimated contractual services expenditures by \$13,365, or 11.6 percent, predominantly in publication printing and binding costs. The reduction was offset by an increase of \$8,000 in capital outlay in anticipated computer replacement costs for five computers, pursuant to Office of Information and Technology Services (OITS) guidelines to replace outdated technology every three to five years. The agency last replaced computer central processing units in FY 2013.

The **Governor** recommends FY 2018 operating expenditures of \$568,665, all from special revenue funds. The recommendation is an all funds decrease of \$4,568, or 0.8 percent, below the agency's FY 2018 request. The decrease is attributable to the Governor's recommendation to hold KPERs employer contributions at the FY 2016 amount, which results in an all funds reduction of \$3,741, all from special revenue funds, and to provide a moratorium

on agency death and disability payments for one quarter, which results in an all funds reduction of \$827, all from special revenue funds.

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustment:

FY 2018

1. Add \$3,741, all from special revenue funds, to restore Kansas Public Employee Retirement System employer contributions to the approved level for FY 2018.

Sec. 52 — Judicial Council

The **agency** requests \$589,216, all from special revenue funds, an increase of \$15,983, or 2.8 percent, above the FY 2018 agency request. The agency increased estimated contractual services expenditures by \$15,444, or 15.2 percent, predominantly due to a revised estimate in the printing costs for the PIK Criminal from the Kansas Printing Plant.

The **Governor** recommends FY 2019 operating expenditures of \$583,915, all from special revenue funds. The recommendation is an all funds decrease of \$5,301, or 0.9 percent, below the agency's FY 2019 request. The decrease is attributable to the Governor's recommendation to hold KPERS employer contributions at the FY 2016 amount.

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustment:

1. Add \$5,301, all from special revenue funds, to restore Kansas Public Employee Retirement System employer contributions to the approved level for FY 2019.

Sec. 53 — Board of Indigents' Defense Services

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustment:

FY 2017

1. Adopt GBA No. 1, Item 14, to add \$1.3 million, all from the State General Fund, for adjusted assigned counsel expenditures in FY 2017. The April 2017 consensus estimating group determined a total of \$12.5 million would be needed in FY 2017.

Sec. 54 — Board of Indigents' Defense Services

The **agency** requests operating expenditures for FY 2018 of \$28.3 million, including \$27.7 million from the State General Fund. The request is an all funds increase of \$73,090, or 0.3 percent, and a State General Fund increase of \$75,783, or 0.3 percent, above the FY 2017 agency's revised estimate. The increase is largely due to two supplemental requests totaling \$1.5 million for capital state habeas proceedings counsel and additional Investigator Staff II positions.

The **Governor** recommends FY 2018 operating expenditures of \$27.2 million, including \$26.5 million from the State General Fund. The recommendation is an all funds decrease of \$1.2 million, or 4.2 percent, and a State General Fund decrease of \$1.2 million, or 4.3 percent, below the agency's FY 2018 request. The decrease is attributable to the Governor's recommendation to not adopt \$1.5 million in enhancement requests; appropriate \$458,796 in assigned counsel expenditures to reflect Fall 2016 caseloads projections; hold KPERs employer contributions at the FY 2016 amount, which results in an all funds reduction of \$102,579, all from the State General Fund; and provide a moratorium on employer contributions for death and disability for one quarter, which results in an all funds reduction of \$22,668, all from the State General Fund. The Governor also recommends maintaining the agency's transfer authority through FY 2018 for State General Fund accounts to give the agency flexibility to meet ongoing obligations.

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustments:

The request is an increase of \$413,826, or 1.5 percent, all from the State General Fund, above the FY 2018 agency request. The increase is largely due to two supplemental requests totaling \$1.9 million for capital state habeas proceedings counsel and additional Investigator Staff II positions.

The **Governor** recommends FY 2019 operating expenditures of \$28.1 million, including \$27.5 million from the State General Fund. The recommendation is an all funds and State General Fund decrease of \$661,246, or 2.3 percent, below the agency's FY 2019 request. The decrease is attributable to the Governor's recommendation to not adopt \$1.8 million in enhancement requests; appropriate \$1.3 million in assigned counsel expenditures to reflect Fall 2016 caseloads projections; and hold KPERs employer contributions at the FY 2016 amount, which results in an all funds reduction of \$144,456, all from the State General Fund. The increase is partially offset by a reduction of \$264,229 in salaries and wages due to only 27 payroll periods and the elimination of 4.0 FTE positions in Administration and Cloud Computing. The increase also is offset by a reduction of \$93,179 for networking equipment in the Networking and Telecommunications program.

The reductions are offset by an increase of \$52,998 in salaries and wages, predominantly for employer contributions for retirement.

- A reduction of \$280,000, all from the State General Fund, to not fund the enhancement request for the GIS program; and

- A reduction of \$5.0 million, all from special revenue funds, to not fund the enhancement request for a new Cybersecurity program for FY 2019.

The recommendation is an all funds decrease of \$11.5 million, or 2.9 percent, below the agency's FY 2018 request. The decrease is attributable to the Governor's recommendation to hold KPERS employer contributions at the FY 2016 amount, which results in a reduction of \$54,857; provide a moratorium on agency death and disability payments for one quarter, which results in a reduction of \$12,342; a decrease of \$10.6 million in payments to lottery gaming facility managers and local units of government as a result of revised gaming revenue consensus estimates that were agreed to after the agency had submitted its budget; and a decrease of \$804,397 and 10.0 FTE positions to reduce agency shrinkage and the number of vacant positions. Additionally, the Governor recommends increasing the transfer from this agency to the State Gaming Revenues Fund by \$1.0 million to \$79.2 million for FY 2018.

Sec. 81 — Kansas Racing and Gaming Commission

The request is an increase of \$73,537, or 0.8 percent, above the agency's revised FY 2017 request. The increase is attributable to increased salary and wage expenditures, partially offset by reduced capital outlay expenditures.

The **Governor** recommends FY 2018 operating expenditures of \$8.9 million, all from special revenue funds. The recommendation is a decrease of \$72,725, or 0.8 percent, below the agency's FY 2018 request. The decrease is attributable to the Governor's recommendation to hold KPERS employer contributions at the FY 2016 amount, which results in an all funds reduction of \$59,561, and to provide a moratorium on employer contributions for death and disability for one quarter, which results in an all funds reduction of \$13,164.

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustment:

Sec. 83 — Kansas Department of Commerce

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustments:

FY 2017

1. Adopt GBA No. 1, Item 8, to add \$1.2 million, all from the State General Fund, for credit counseling for clients affected the America's Job Link Alliance data breach in FY 2017.

Sec. 84 — Kansas Department of Commerce

The **agency** requests FY 2018 operating expenditures of \$97.6 million, including \$2.8 million from the State General Fund and \$11.3 million from the Economic Development Initiatives Fund. The estimate is an all funds reduction of \$383,354, or 0.4 percent, below the FY 2017 revised estimate. The State General Fund estimate is a reduction of \$3.8 million, or 57.4 percent, below the FY 2017 revised estimate, largely due to a decrease in the funding needed for the Kansas Bioscience Authority commitments that transferred to the Department of Commerce in FY 2017. The EDIF estimate decreases by \$2.0 million, or 15.1 percent, from the FY 2017 revised estimate, mostly attributable to a reduced request for the agency operating grant, offset partially by a request for increased funding for the Rural Opportunity Zone (ROZ) program.

The agency requests capital improvement expenditures of \$210,000, all from special revenue funds, an increase of \$10,000 above the FY 2017 agency request.

The budget includes 117.1 FTE positions and 160.1 non-FTE unclassified positions, the same as the FY 2017 revised estimate.

The **Governor** recommends FY 2018 operating expenditures of \$97.0 million, including \$2.8 million from the State General Fund and \$10.9 million from the Economic Development Initiatives Fund. The recommendation is an all funds decrease of \$547,298, or 0.6 percent, including an EDIF decrease of \$417,025, or 3.7 percent, below the agency's FY 2018 request. The decrease is attributable to the Governor's recommendation to:

- Reduce the EDIF agency operating grant by \$375,000 to partially fund the agency's enhancement request to increase the ROZ funding for FY 2018;
- Hold KPERS employer contributions at the FY 2016 amount, which results in a reduction of \$140,877, including \$34,306 from the EDIF; and
- Provide a moratorium on employer contributions for death and disability for one quarter, which results in a reduction of \$31,421, including \$7,719 from the EDIF.

The recommendation includes funding for the agency's enhancement request to provide an additional \$750,000 for the ROZ program, including \$375,000 from the EDIF for the state share and \$375,000 from the Reimbursement and Recovery Fund for the county share for additional student loan forgiveness payments within the ROZ program.

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustments:

FY 2018

1. Add \$140,877, including \$34,306 from the Economic Development Initiatives Fund, to restore Kansas Public Employee Retirement System employer contributions to the approved level for FY 2018.

2. Adopt GBA No. 1, Item 13 which adds \$53,275, all from special revenue funds, for FY 2018.

Sec. 85 — Kansas Department of Commerce

The **agency** requests FY 2019 operating expenditures of \$95.6 million, including \$557,000 from the State General Fund and \$11.7 million from the Economic Development Initiatives Fund. The estimate is an all funds reduction of \$2.0 million, or 2.0 percent, below the FY 2018 request. The State General Fund estimate is a reduction of \$2.2 million, or 80.1 percent, below the FY 2018 request, largely due to a continued decrease in the funding needed for the Kansas Bioscience Authority commitments that transferred to the Department of Commerce in FY 2017. The EDIF estimate increases by \$430,000, or 3.3 percent, above the FY 2018 request, mostly attributable to an increased request for the ROZ program. The budget includes 117.1 FTE positions and 160.1 non-FTE unclassified positions, the same as the FY 2017 revised estimate.

The **Governor** recommends FY 2019 operating expenditures of \$94.8 million, including \$557,000 from the State General Fund and \$10.9 million from the Economic Development Initiatives Fund. The recommendation is an all funds decrease of \$1.0 million, or 1.1 percent, including an EDIF decrease of \$855,581, or 7.3 percent, below the agency's FY 2019 request. The decrease is attributable to the Governor's recommendation to:

- Reduce by \$18.7 million to \$3.5 million the planned transfer of approximately \$22.2 million from income tax withholdings to the Job Creation Program Fund (JCPF) for FY 2019;
- Reduce the EDIF agency operating grant by \$805,000 to partially fund the agency's enhancement request to increase the ROZ funding; and
- Hold KPERS contributions at the FY 2016 level, which results in a reduction of \$203,206, including \$50,581 from the EDIF, for FY 2019.

The recommendation includes funding for the agency's enhancement request to provide an additional \$1.6 million for the ROZ program, including \$805,000 from the EDIF for the state share and \$805,000 from the Reimbursement and Recovery Fund for the county share for additional student loan forgiveness payments within the ROZ program.

The reduction in the planned transfer to the Job Creation Program Fund results in the estimated balance in the fund of \$2.6 million at the end of FY 2019. The planned transfer amount of \$22.2 million is due to the statute reverting back to the original language in KSA 74-50,107 that requires the JCPF to receive 2.0 percent of withholding after IMPACT debt service payments are made and a process that requires the Secretary of Revenue to certify an amount to the JCPF based on the net savings from certain eliminated tax credits compared to the expense deduction.

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustment:

FY 2019

1. Adopt GBA No. 1, Item 13 which adds 106,550, all from special revenue funds, for FY 2019.

2. Add \$203,206, including \$50,581 from the Economic Development Initiatives Fund, to restore Kansas Public Employee Retirement System employer contributions to the approved level for FY 2019.

The **agency** requests FY 2018 operating expenditures totaling \$246.5 million, including \$302,592 from the State General Fund. The request is an all funds decrease of \$13.2 million, or 5.1 percent, below the revised FY 2017 estimate and an increase of \$2,505, or 0.8 percent, in State General funds above the revised FY 2017 estimate. The all funds decrease is primarily attributable to a decrease in projected unemployment insurance benefit payments, salaries and benefits, and contractual services. The request includes 189.4 FTE positions, which is unchanged from the revised FY 2017 estimate. The request includes 208.3 non-FTE unclassified permanent positions, which is unchanged from the FY 2017 revised estimate.

The **Governor** recommends FY 2018 operating expenditures of \$246.3 million, including \$300,304 from the State General Fund. The recommendation is an all funds decrease of \$251,434, or 0.1 percent, and a State General Fund decrease of \$2,288, or 0.8 percent, below

the agency's FY 2018 request. The decrease is attributable to the Governor's recommendation to hold KPERS employer contributions at the FY 2016 amount, which results in an all funds reduction of \$205,928, including \$1,874 from the State General Fund, and to provide a moratorium on agency death and disability payments for one quarter, which results in an all funds reduction of \$45,506, including \$414 from the State General Fund.

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustments:

FY 2018

1. Add \$267,399, all from the State General Fund, and 3.0 non-FTE positions for implementation of House Sub. for SB 70 concerning the Amusement Ride Safety Act. Sec. 89 — Kansas Department of Labor

The **agency** requests revised FY 2019 operating expenditures totaling \$246.7 million, including \$304,183 from the State General Fund. The request is an all funds increase of \$192,196, or 0.1 percent, and a State General Fund increase of \$1,591, or 0.5 percent, above the FY 2018 request. The all funds increase is primarily attributable to an increase in fringe benefits, federal entitlements, and projected unemployment insurance benefit payments, partially offset by a decrease in expenditures due to the completion of the workers' compensation digitization project in FY 2019. The request includes 189.4 FTE positions, which is unchanged from the FY 2018 request. The request includes 208.3 non-FTE unclassified permanent positions, which is unchanged from the FY 2018 request.

The **Governor** recommends FY 2019 operating expenditures of \$246.4 million, including \$301,726 from the State General Fund. The recommendation is an all funds decrease of \$274,607, or 0.1 percent, and a State General Fund decrease of \$2,457, or 0.8 percent, below the agency's FY 2019 request. The decrease is attributable to the Governor's recommendation to hold KPERS employer contributions at the FY 2016 amount.

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustments:

FY 2019

1. Add \$247,399, all from the State General Fund, and 3.0 non-FTE positions for implementation of House Sub. for SB 70 concerning the Amusement Ride Safety Act. Sec. 91 — Kansas Commission on Veterans' Affairs Office

The **agency** requests \$21.6 million, including \$6.7 million from the State General Fund, for operating expenditures for FY 2018. This is an all funds decrease of \$111,313, or 0.5 percent, and a State General Fund decrease of \$113,883, or 1.7 percent, below the FY 2017 revised estimate. The all funds decrease is primarily attributable to a decrease in salaries and wages expenditures, partially offset by an increase in commodities expenditures. The agency's revised estimate includes the agency's supplemental request for additional funding for pharmaceuticals for veterans at the Kansas Veterans' Home. The decrease is primarily attributable to a decrease in salaries and wages, partially offset by an increase in commodities expenditures. The request includes 368.0 FTE positions and 6.0 non-FTE positions for FY 2018. This is the same number as the revised FY 2017 estimate.

The **Governor** recommends operating expenditures of \$21.4 million, including \$6.4 million from the State General Fund, for FY 2018. This is an all funds decrease of \$162,024, or 0.7 percent, and a State General Fund decrease of \$333,963, or 5.0 percent, below the agency's FY 2018 request. The all funds decrease is primarily attributable to the Governor's recommendation to hold KPERs employer contributions at the FY 2016 amount, which results in an all funds reduction of \$132,700, including \$27,816 from the State General Fund, and to provide a moratorium on employer contributions for death and disability for one quarter, which results in an all funds reduction of \$29,324, including \$6,147 from the State General Fund. The additional State General Fund decrease is attributable to the Governor's recommendation for the agency to reduce State General Fund expenditures by \$300,000 for FY 2018 and replace State General Fund expenditures with funding from special revenue funds.

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustments:

FY 2018

1. Add \$132,700, including \$27,816 from the State General Fund, to restore Kansas Public Employee Retirement System employer contributions to the approved level for FY 2018.

2. Adopt GBA No. 1, Item 13, which adds \$69,498, including \$44,479 from the State General Fund, for cybersecurity for FY 2018.

Sec. 92 — Kansas Commission on Veterans' Affairs Office

This is an all funds increase of \$529,284, or 2.4 percent, and a State General Fund increase of \$83,846, or 1.2 percent, above the FY 2018 request. The all funds increase is primarily attributable to an increase in salaries and wages, commodities, and capital outlay expenditures. The agency's request includes the agency's supplemental request for additional funding for pharmaceuticals for veterans at the Kansas Veterans' Home. The request includes 368.0 FTE positions and 6.0 non-FTE positions, which is the same number as the FY 2018 request.

The **Governor** recommends operating expenditures of \$21.9 million, including \$6.5 million from the State General Fund, for FY 2019. This is an all funds decrease of \$195,399, or 0.9 percent, and a State General Fund decrease of \$339,658, or 5.0 percent, below the agency's FY 2019 request. The all funds decrease partially attributable to the Governor's recommendation to hold KPERS employer contributions at the FY 2016 amount, which is an all funds decrease of \$195,399, including a State General Fund decrease of \$39,658 from the State General Fund, for FY 2019. The remaining State General Fund decrease is attributable to the Governor's recommendation to reduce expenditures from the State General Fund by \$300,000 for FY 2019 and replace State General Fund expenditures with funding from special revenue funds.

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustments:

The decrease is seen over several categories, primarily in professional fees in the contractual services category in the Public Health program.

The **Governor** recommends FY 2018 operating expenditures of \$166.8 million, including \$28.0 million from the State General Fund. The recommendation is an all funds decrease of \$536,812, or 0.3 percent, and a State General Fund increase of \$6.6 million, or 31.0 percent, from the FY 2018 agency request. The decrease is attributable to the Governor's recommendation to hold KPERS employer contributions at the FY 2016 amount and provide a moratorium on employer contributions for death and disability for one quarter. In addition, the

Governor recommends the agency reduce State General Fund expenditures for building rent fees in contractual services in the Administration program and reduce resources in the Immunization Program and AIDS Drug Assistance Program in the Public Health program. The State General Fund increase is due to the replacement of Children's Initiatives Fund moneys that will no longer be available due to the Governor's recommendation to securitize the tobacco settlement proceeds.

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustments:

FY 2018

1. Add language to specify the amounts to be expended within the aid to local units - primary health projects appropriations line item for the Kansas Association for Medically Underserved (\$230,418) and Community-based Primary Care Grants (\$8,690,272) for FY 2018.

The **Governor** recommends FY 2019 operating expenditures of \$166.3 million, including \$28.1 million from the State General Fund. This is an all funds decrease of \$558,504, or 0.3 percent, and a State General Fund increase of \$6.6 million, or 30.9 percent, from the FY 2019 agency request. The decrease is attributable to the Governor's recommendation to hold KPERs

Sec. 96 — Kansas Department of Health and Environment - Health Care Finance

The **agency** requests FY 2018 operating expenditures of \$3.5 billion for the Health Care Finance program, an increase of \$1.2 million, or 53.7 percent, above the FY 2017 revised estimate due to increases in the medical assistance programs. Beginning in FY 2018, all KanCare expenditures will be included in the KDHE budget; this will include KanCare medical expenditures previously included in the budgets for the Kansas Department for Aging and Disability Services (KDADS) and the Kansas Department of Corrections (DOC), although those agencies will maintain responsibility for their program policies and performance.

The **Governor** recommends operating expenditures of \$3.6 billion, including \$1.2 billion from the State General Fund, for the Health Care Finance program for FY 2018. This is an all funds increase of \$114.0 million, or 3.3 percent, and a State General Fund increase of \$76.9 million, or 6.6 percent, above the FY 2018 agency request. The increase is due to the following adjustments in the Governor's recommendation:

- Added \$18.1 million, including \$30.2 million from the State General Fund, to fully fund Medicaid caseloads based on the November 2016 Human Services consensus caseload estimates;
- Added \$62.0 million, including \$27.9 million from the State General Fund, to reflect revenues raised by adjusting the HMO privilege fee (commonly referred to as the MCO privilege fee) to 5.77 percent;

The increases were partially offset by the following reductions:

- Deleted \$19.0 million, including \$7.0 million from the State General Fund, for the delay of KanCare renewal;
- Deleted \$7.3 million, including \$3.3 million from the State General Fund, for a decrease in Medicare Part B Premiums due to a change at the federal level;

- Deleted \$23.8 million, all from the State General Fund, for a shift of Indian Health Services expenditures to federal funding as a result of the federal Affordable Care Act;
- Deleted \$5.5 million, including \$1.7 million from the State General Fund, for the elimination of payments for unmet spenddown in the Medical Assistance Program;
- Deleted \$652,500, including \$202,500 from the State General Fund, for a policy change in drug test billing; and
- Deleted \$538,252, all from the State General Fund, for a Medicaid operations alternate funding reduced resource option.

In addition, the Governor recommended to hold KPERS employer contributions at the FY 2016 amount and to provide a moratorium on employer contributions for death and disability for one quarter.

6. Add the KDHE Problem Gambling and Addiction Fund as a no limit fund for FY 2018 (Technical adjustment).
7. Do not adopt GBA No. 1, Item 4, to add \$95.8 million, and delete \$65.6 million from the State General Fund, as this item will be considered by the Legislature at a later date for FY 2018.

The **agency** requests FY 2019 operating expenditures of \$3.5 billion, including \$1.2 billion from the State General Fund, for the Health Care Finance program, a decrease of \$5.5 million, or 0.2 percent, below the FY 2018 request. The decrease is primarily in contractual services for professional fees, partially offset in salaries and wages.

The **Governor** recommends operating expenditures of \$3.9 billion, including \$1.2 billion from the State General Fund, for the Health Care Finance program for FY 2019. This is an all funds increase of \$388.6 million, or 11.1 percent, and a State General Fund increase of \$29.4 million, or 2.5 percent, above the FY 2019 agency request. The increase is due to the following adjustments in the Governor's recommendation:

Sec. 98 — Kansas Department of Health and Environment - Health Care Finance

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustment:

FY 2020

1. Add \$420,000, including \$210,000 from the State General Fund, and 7.0 FTE positions to implement provisions of Senate Sub. for HB 2026, regarding KanCare process and contract requirements, for FY 2020.

Sec. 99 — Kansas Department of Health and Environment – Division of Environment

The **agency** requests FY 2018 expenditures of \$61.4 million for the Division of Environment, including \$4.2 million from the State General Fund. This request is a decrease of \$773,969, or 1.2 percent, including a State General Fund decrease of \$115,151, or 2.7 percent, below the FY 2017 revised estimate.

The **Governor** recommends FY 2018 expenditures of \$60.7 million, including \$3.9 million from the State General Fund. This recommendation is an all funds decrease of \$691,117, or 1.1 percent, and a State General Fund decrease of \$244,708, or 5.9 percent, below the agency request. The decrease is attributable to the following:

- Delete \$121,789, all from the State General Fund, for the Bureau of Environmental Field Services Topeka office from the agency's reduced resource options. This reduction consolidates some management functions in the Bureau of Environmental Field Services Topeka office. This also deletes 1.0 FTE classified position and 1.0 non-FTE unclassified permanent position;
- Delete \$44,567, all from the State General Fund, for the Environmental Laboratory from the agency's reduced resource options. This reduction requires the Kansas Health and Environmental Laboratory to continue a contract with the State of Iowa related to radiation chemistry testing. This recommendation also deletes 1.0 FTE regular, unclassified position;
- Delete \$42,510, all from the State General Fund, for the Bureau of Remediation from the agency's reduced resource options. This reduction increases shrinkage budgeted in the Bureau of Remediation. The agency reviewed turnover and the time to fill positions in the Bureau of Remediation to reach this reduction option;
- Delete \$191,237, all from the State Water Plan Fund, due to decreased revenues in that fund; and
- Delete \$291,014, including \$35,842 from the State General Fund. The decrease is attributable to the Governor's recommendation to hold KPERs employer contributions at the FY 2016 amount, which results in an all funds reduction of \$238,344, including \$29,354 from the State General Fund, and to provide a moratorium on employer contributions for death and disability for one quarter, which results in an all funds reduction of \$52,670, including \$6,488 from the State General Fund.

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustment:

FY 2018

1. Add \$238,344, including \$29,354 from the State General Fund, to restore Kansas Public Employee Retirement System employer contributions to the approved level for FY 2018.

Sec. 100 — Kansas Department of Health and Environment – Division of Environment

The **agency** requests FY 2019 expenditures of \$61.6 million for the Division of Environment, including \$4.2 million from the State General Fund. This request is an increase of \$189,623, or 0.3 percent, including a State General Fund increase of \$32,431, or 0.8 percent, above the FY 2018 request.

The **Governor** recommends FY 2019 expenditures of \$61.1 million, including \$4.0 million from the State General Fund. This recommendation is an all funds decrease of \$513,309, or 0.8 percent, and a State General Fund decrease of \$247,484, or 5.9 percent, below the agency's request. The decrease is attributable to the following:

- Delete \$121,789, all from the State General Fund, for the Bureau of Environmental Field Services Topeka office from the agency's reduced resource options. This reduction consolidates some management functions in the Bureau of Environmental Field Services Topeka office. This also deletes 1.0 FTE classified position and 1.0 non-FTE unclassified permanent position;
- Delete \$44,567, all from the State General Fund, for the Environmental Laboratory from the agency's reduced resource options. This reduction requires the Kansas Health and Environmental Laboratory to continue a contract with the State of Iowa related to radiation chemistry testing. This recommendation also deletes 1.0 FTE regular, unclassified position;
- Delete \$42,510, all from the State General Fund, for the Bureau of Remediation from the agency's reduced resource options. This reduction increases shrinkage budgeted in the Bureau of Remediation. The agency reviewed turnover and the time to fill positions in the Bureau of Remediation to reach this reduction;
- Add \$9,123, all from the State Water Plan Fund, due to expected revenues in that Fund; and
- Delete \$313,566, including \$38,618 from the State General Fund. The decrease is attributable to the Governor's recommendation to hold KPERS employer contributions at the FY 2016 amount.

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustment:

FY 2019

1. Add \$313,566, including \$38,618 from the State General Fund, to restore Kansas Public Employee Retirement System employer contributions to the approved level for FY 2019.

Sec. 101 — Osawatomie State Hospital

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustments:

FY 2017

1. Adopt GBA No. 1, Item 7, to add \$2.8 million, all from special revenue funds, for operational expenditures at Osawatomie State Hospital in FY 2017.

Sec. 102 — Kansas Department for Aging and Disability Services

The **agency** requests \$273.3 million, including \$169.0 million from the State General Fund, for operating expenditures for FY 2018. This is an all funds decrease of \$1.2 billion, or 81.1 percent, and a State General Fund decrease of \$462.8 million, or 73.3 percent, below the revised FY 2017 estimate. Prior to FY 2018, Medicaid KanCare expenditures were made from KDHE but an allocation tool divided the expenditures between KDHE, KDADS, and the Department of Corrections (DOC). Beginning in FY 2018, all KanCare expenditures are budgeted for and reflected in KDHE. Responsibility for program policies and performance remains with KDADS and DOC, but the shift in reflected expenditures is the primary reason for the decreased expenditures for FY 2018. The agency's request includes 224.0 FTE positions and 71.0 non-FTE positions, which is the same number as the revised FY 2017 estimate.

The request includes enhancement funding totaling \$83.0 million, including \$81.2 million from the State General Fund, for FY 2018. Projects for FY 2018 include continuation of funding for inpatient psychiatric beds in the community due to the reduced census at Osawatomie State Hospital, expansion of the Program of All-Inclusive Care for the Elderly (PACE), additional funding to address wage compression at the state hospitals, replacement of the patient management system at the state hospitals, and funding to expand crisis stabilization centers across Kansas.

The **Governor** recommends operating expenditures totaling \$202.4 million, including \$95.0 million from the State General Fund, for FY 2018. This is an all funds decrease of \$70.9 million, or 25.9 percent, and a State General Fund decrease of \$74.0 million, or 43.8 percent, below the agency's FY 2018 request.

The Governor's recommendation includes the following adjustments:

- A reduction of \$79,185,953, including \$77,361,850 from the State General Fund, due to the Governor not recommending four of the five agency enhancement requests for FY 2018;
- A reduction of \$753,653, including \$274,847 from the State General Fund, due to the Governor recommending the agency reduce resources by increasing agency shrinkage by 5.0 percent for FY 2018;
- A reduction of \$152,000, all from the State General Fund, due to the Governor recommending the agency reduce resources by eliminating unobligated Law Enforcement Organization (LEO) grants for FY 2018;
- A reduction totaling \$171,021, including \$62,243 from the State General Fund, to hold KPERS employer contributions at the FY 2016 amount, which results in an all funds reduction of \$140,069, including \$50,977 from the State General Fund, and to provide a moratorium on employer contributions for death and disability for one quarter, which results in an all funds reduction of \$30,952, including \$11,266 from the State General Fund;
- An addition of \$6.6 million, including \$2.9 million from the State General Fund, to shift partial expenditures for the Program for All-Inclusive Care for the Elderly (PACE) from the budget of the Kansas Department of Health and Environment (KDHE) to the KDADS budget so that all funding for the PACE program is in one agency for FY 2018; and
- An addition of \$2.8 million, including \$274,847 from the State General Fund, due to Human Services consensus caseloads adjustments for FY 2018.

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustments:

FY 2018

1. Do not adopt GBA No. 1, Item 5, to add \$12.5 million, all from the State General Fund, and 180.0 FTE positions for the conceal carry plan of action for the state hospitals for FY 2018.

2. Add language directing the agency to pursue utilization of Certified Clubhouse Model programs for FY 2018.

3. Add \$140,069, including \$50,977 from the State General Fund, to restore Kansas Public Employee Retirement System employer contributions to the approved level for FY 2018.

4. Add \$1.5 million, all from the State General Fund, for the Senior Care Act for FY 2018.

5. Add \$11.0 million, all from the State General Fund, for Community Mental Health

Centers for FY 2018 and add language to lapse \$3.5 million, all from the State General Fund, for Community Mental Health Centers grants, contingent on the passage of 2017 HB 2180 or any similar legislation transferring such funding from receipt of HMO privilege fees for FY 2018; and add language to lapse \$3.0 million, all from the State General Fund, for Community Mental Health Centers grants, contingent on the passage of 2017 HB 2313 or any similar legislation transferring such funding from receipt of lottery vending machine revenues for FY 2018.

6. Adopt GBA No. 1, Item 1, to add \$17.2 million, including \$6.8 million from the State General Fund, to fully fund caseloads based on the Spring Human Services Consensus Caseload estimates for FY 2018.

7. Adopt GBA No. 1, Item 13, to add \$51,873, including \$26,974 from the State General Fund, for cybersecurity for FY 2018.

Sec. 102 — Kansas Neurological Institute

The **agency** requests operating expenditures of \$25.1 million, including \$9.7 million from the State General Fund, for FY 2018. This is an all funds decrease of \$623,685, or 2.4 percent, and a State General Fund decrease of \$615,313, or 6.0 percent, below the revised FY 2017 estimate. The decrease is primarily attributable to a decrease in salary and wages expenditures due to expenditures returning to a normal level absent the one-time 27th payroll period in FY 2017 and an adjustment in salary shrinkage. The decrease is partially offset by the agency's enhancement request to re-open a patient home and fund positions to staff that home, and an increase in employer fringe benefit costs. The request includes 437.7 FTE positions, which is the same number as the agency's revised FY 2017 estimate.

The **Governor** recommends operating expenditures of \$24.7 million, including \$9.4 million from the State General Fund, for FY 2018. This is an all funds decrease of \$463,545, or 1.8 percent, and a State General Fund decrease of \$352,254, or 3.6 percent, below the agency's FY 2018 request. The decrease is primarily attributable to the Governor not recommending the agency's enhancements totaling \$278,178, all from the State General Fund, to re-open one home for patients. The decrease also is attributable to the Governor's recommendation to hold KPERS employer contributions at the FY 2016 amount, which results in an all funds reduction of \$151,820, including \$60,670 from the State General Fund, and to provide a moratorium on employer contributions for death and disability for one quarter, which results in an all funds reduction of \$33,547, including \$13,406 from the State General Fund. The Governor's recommendation includes 437.7 FTE positions, which is the same number as the FY 2018 request.

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustments:

FY 2018

1. Add \$151,820, including \$60,670 from the State General Fund, to restore Kansas Public Employee Retirement System employer contributions to the approved level for FY 2018.

2. Adopt GBA No. 1, Item 13, which adds \$83,518, all from the State General Fund, for cybersecurity for FY 2018.

Sec. 102 — Larned State Hospital

The **agency** requests \$64.4 million, including \$55.9 million from the State General Fund, for operating expenditures for FY 2018. This is an all funds decrease of \$1.0 million, or 1.6 percent, and a State General Fund decrease of \$1.0 million, or 1.8 percent, below the FY 2017 revised estimate. The decrease is primarily attributable to a reduction in salaries and wages and commodities expenditures, partially offset by an increase in contractual services, capital outlay, and other assistance expenditures. The agency's request includes two requests for enhancement funding. The first request would add \$6.5 million in expenditures from the State General Fund. The second request is for \$500,000, all from the State General Fund, to replace the data storage system at the hospital. The request includes 920.5 FTE positions and 23.0 non-FTE positions. This is the same number as the FY 2017 revised estimate.

The **Governor** recommends operating expenditures of \$57.0 million, including \$48.6 million from the State General Fund, for FY 2018. This is an all funds decrease of \$7.4 million, or 11.4 percent, and a State General Fund decrease of \$7.3 million, or 13.1 percent, below the agency's FY 2018 request. The decrease is primarily attributable to the Governor not recommending the agency's enhancement requests totaling \$7.0 million, all from the State General Fund, for FY 2018, mainly to replace lost federal funds. The decrease also is attributable to the Governor's recommendation to hold KPERs employer contributions at the FY 2016 amount, which results in an all funds reduction of \$300,302, including \$260,208 from the State General Fund, and to provide a moratorium on employer contributions for death and disability for one quarter, which results in an all funds reduction of \$66,358, including \$57,059 from the State General Fund.

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustments:

FY 2018

1. Add \$6.5 million, all from the State General Fund, to replace federal and other funding lost due to the agency previously counting patients in the Sexual Predator Treatment Program as part of the eligible Disproportionate Share Hospital population and due to a decreased number of patients eligible for Medicaid and Medicare reimbursements for FY 2018.
2. Adopt GBA No. 1, Item 6, to add \$2.5 million from the State Institutions Building Fund; delete \$2.5 million from the State General Fund; and add language that the funding will be used for salary expenditures for positions that perform maintenance and rehabilitation and repair at Larned State Hospital for FY 2018.
3. Add \$300,302, including \$259,848 from the State General Fund, to restore Kansas Public Employee Retirement System employer contributions to the approved level for FY 2018.
4. Adopt GBA No. 1, Item 13, which adds \$145,405, all from the State General Fund, for cybersecurity for FY 2018.

Sec. 102 — Osawatomie State Hospital

The **agency** requests operational expenditures of \$31.7 million, including \$25.0 million from the State General Fund, for FY 2018. This is an all funds decrease of \$1.1 million, or 3.2

percent, and a State General Fund increase of \$1.5 million, or 6.6 percent, from the FY 2017 revised estimate. The all funds decrease is primarily attributable to a \$1.0 million decrease in salaries and wages expenditures due to salaries returning to a normal level absent the one-time 27th payroll period in FY 2017, partially offset by an increase in employer fringe benefit costs. The change in State General Fund expenditures is primarily attributable to the agency's enhancement request to add \$11.6 million from the State General Fund for operational expenditures and decrease fee fund and Title XIX Fund expenditures by the same amount. The request includes 478.1 FTE positions, which is the same number as the FY 2017 revised estimate.

The **Governor** recommends operating expenditures of \$20.1 million, including \$13.4 million from the State General Fund, for FY 2018. This is an all funds decrease of \$11.7 million, or 36.8 percent, and a State General Fund decrease of \$11.6 million, or 46.5 percent, below the agency's FY 2018 request. The decrease is primarily attributable to the Governor not recommending the agency's enhancement request for additional funding totaling \$11.6 million from the State General Fund to replace projected fee fund and federal fund shortfalls. The decrease also is attributable to the Governor's recommendation to hold KPERS employer contributions at the FY 2016 amount, which results in an all funds reduction of \$60,478, including \$36,749 from the State General Fund, and to provide a moratorium on employer contributions for death and disability for one quarter, which results in an all funds reduction of \$13,364, including \$8,121 from the State General Fund.

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustments:

FY 2018

1. Add \$4.7 million, all from the State General Fund, and add language to open at least 20 additional beds for patients at Osawatomi State Hospital. If the facility cannot open the beds at Osawatomi State Hospital, the funding is to be used to enter into a contract to provide patient beds through third-party facilities for FY 2018.
2. Add \$60,478, including \$36,749 from the State General Fund, to restore Kansas Public Employee Retirement System employer contributions to the approved level for FY 2018.
3. Adopt in part GBA No. 1, Item 7, to add \$13.2 million, including \$8.9 million from the State General Fund, for operational expenditures at Osawatomi State Hospital and add language that if any portion of Osawatomi State Hospital becomes re-certified by the federal Centers for Medicare and Medicaid Services and receives additional federal funding, this funding will be reduced by a corresponding amount for FY 2018.
4. Adopt GBA No. 1, Item 13, which adds \$83,318, all from the State General Fund, for cybersecurity for FY 2018.

Sec. 102 — Parsons State Hospital and Training Center

The **agency** requests operational expenditures of \$26.2 million, including \$11.7 million from the State General Fund, for FY 2018. This is an all funds decrease of \$767,108, or 2.8 percent, and a State General Fund decrease of \$760,232, or 6.1 percent, below the FY 2017 revised estimate. The decrease is primarily attributable to an adjustment in salary shrinkage and

a decrease in salary and wage expenditures due to salaries returning to a normal level absent the one-time 27th payroll period, partially offset by an increase in employer fringe benefit costs and utilities expenditures.

The **Governor** recommends FY 2018 operating expenditures of \$26.0 million, including \$11.6 million from the State General Fund. This is an all funds decrease of \$207,465, or 0.8 percent, and a State General Fund decrease of \$99,663, or 0.9 percent, below the agency's FY 2018 request. The decrease is attributable to the Governor's recommendation to hold KPERs employer contributions at the FY 2016 amount, which results in an all funds reduction of \$169,918, including \$81,626 from the State General Fund, and to provide a moratorium on employer contributions for death and disability for one quarter, which results in an all funds reduction of \$37,547, including \$18,037 from the State General Fund.

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustments:

FY 2018

1. Add \$169,918, including \$81,626 from the State General Fund, to restore Kansas Public Employee Retirement System employer contributions to the approved level for FY 2018.
2. Adopt GBA No. 1, Item 13, which adds \$92,931, all from the State General Fund, for cybersecurity for FY 2018.

Sec. 103 — Kansas Department for Aging and Disability Services

The **agency** requests \$203.1 million, including \$98.9 million from the State General Fund, for operating expenditures for FY 2019. This is an all funds decrease of \$70.2 million, or 25.7 percent, and a State General Fund decrease of \$70.1 million, or 41.5 percent, below the FY 2018 request. The request continues the FY 2018 reflection of all KanCare expenditures in the budget for KDHE. The agency's request includes 224.0 FTE positions and 71.0 non-FTE positions, which is the same number as the FY 2018 request.

The request includes enhancement funding totaling \$12.8 million, including \$11.0 million from the State General Fund, for FY 2019. Projects for FY 2019 include expansion of the Program of All-Inclusive Care for the Elderly (PACE), additional funding to address wage compression at the state hospitals, and funding to expand crisis stabilization centers across Kansas.

The **Governor** recommends operating expenditures of \$202.4 million, including \$95.1 million from the State General Fund, for FY 2019. This is an all funds decrease of \$644,933, or 0.3 percent, and a State General Fund decrease of \$3.7 million, or 3.8 percent, below the agency's FY 2019 request. The Governor's recommendation also includes the following adjustments:

- A reduction of \$12.8 million, including \$11.0 million from the State General Fund, due to the Governor not recommending the agency's enhancement requests for FY 2019;

- A reduction of \$763,576, including \$277,965 from the State General Fund, due to the Governor recommending the agency reduce resources by increasing agency shrinkage by 5.0 percent for FY 2019;
- A reduction of \$152,000, all from the State General Fund, due to the Governor recommending the agency reduce resources by eliminating unobligated Law Enforcement Organization (LEO) grants for FY 2019;
- A reduction \$202,327, including \$74,235 from the State General Fund, to hold KPERs employer contributions at the FY 2016 amount;
- An addition of \$6.6 million, including \$2.9 million from the State General Fund, to shift partial expenditures for the Program for All-Inclusive Care for the Elderly (PACE) from the budget of the Kansas Department of Health and Environment (KDHE) to the KDADS budget so that all funding for the PACE program is in one agency for FY 2019;
- An addition of \$3.9 million, all from the State General Fund, for continuation of the contract for inpatient psychiatric beds in the community due to the restricted census at Osawatomie State Hospital (OSH) for FY 2019; and
- An addition of \$2.8 million, including \$969,336 from the State General Fund, due to Human Services consensus caseloads adjustments for FY 2019.

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustments:

FY 2019

1. Do not adopt GBA No. 1, Item 5, to add \$11.7 million, all from the State General Fund, and 180.0 FTE positions for the conceal carry plan of action for the state hospitals for FY 2019.
2. Add language directing the agency to pursue utilization of Certified Clubhouse Model programs for FY 2019.
3. Add \$202,327, including \$74,235 from the State General Fund, to restore Kansas Public Employee Retirement System employer contributions to the approved level for FY 2019.
4. Add \$1.5 million, all from the State General fund, for the Senior Care Act for FY 2019.
5. Add \$13.7 million, all from the State General Fund, for Community Mental Health Centers for FY 2019 and add language to lapse \$7.7 million, all from the State General Fund, for Community Mental Health Centers grants and transfer \$7.3 million from the Community Mental Health Centers Improvement Fund to the State General Fund, both contingent on the passage of 2017 HB 2180 or any similar legislation transferring such funding from the HMO privilege fees for FY 2019; and add language to lapse \$6.0 million, all from the State General Fund, for Community Mental Health grants, contingent on the passage of 2017 HB 2313 or any similar legislation transferring such

6. Adopt GBA No. 1, Item 1, to fully fund caseloads based on the Spring Human Services Consensus Caseload estimates for FY 2019.

7. Adopt GBA No. 1, Item 13, to add \$103,746, including \$53,948 from the State General Fund, for cybersecurity for FY 2019.

Sec. 103 — Kansas Neurological Institute

The **agency** requests \$25.3 million, including \$9.9 million from the State General Fund, for operational expenditures for FY 2019. This is an all funds increase of \$156,283, or 0.6 percent, and a State General Fund increase of \$162,405, or 1.7 percent, above the FY 2018 request. The increase is primarily attributable to the agency's enhancement request to re-open one patient home and fund positions to staff that home and an adjustment to salary shrinkage. The request includes 437.7 FTE positions, which is the same number as the agency's FY 2018 request.

The **Governor** recommends operating expenditures of \$24.8 million, including \$9.4 million from the State General Fund, for FY 2019. This is an all funds decrease of \$551,189, or 2.2 percent, and a State General Fund decrease of \$433,252, or 4.4 percent, below the agency's FY 2019 request. The decrease is primarily attributable to the Governor not recommending the agency's request for enhancement funding to re-open a home for patients at KNI, which is a decrease of \$354,755, all from the State General Fund. The decrease also is attributable to the Governor's recommendation to hold KPERS employer contributions at the FY 2016 amount, which is an all funds decrease of \$196,434, including \$78,497 from the State General Fund. The Governor's recommendation includes 437.7 FTE positions, which is the same number as the agency's FY 2019 request.

FY 2019

1. Add \$196,434, including \$78,497 from the State General Fund, to restore Kansas Public Employee Retirement System employer contributions to the approved level for FY 2019.

Sec. 103 — Larned State Hospital

The **agency** requests operating expenditures of \$64.9 million, including \$56.4 million from the State General Fund, for FY 2019. This is an increase of \$485,982, or 0.8 percent, all from the State General Fund, above the FY 2018 request. The increase is primarily attributable to an increase in contractual services, commodities, capital outlay, and other assistance, partially offset by a decrease in salaries and wages expenditures. The agency's FY 2019 request includes two requests for enhancement funding. The first request would add \$6.5 million from the State General Fund. The second request is for \$600,000, all from the State General

Fund, to replace the phone system at the hospital. The request includes 920.5 FTE positions and 23.0 non-FTE positions. This is the same number as the FY 2018 request.

The **Governor** recommends operating expenditures of \$57.4 million, including \$49.0 million from the State General Fund, for FY 2019. This is an all funds decrease of \$7.5 million, or 11.5 percent, and a State General Fund decrease of \$7.4 million, or 13.2 percent, below the agency's FY 2019 request. The decrease is primarily attributable to the Governor not recommending the agency's enhancement requests totaling \$7.1 million, all from the State General Fund, mainly to replace lost federal funds. The decrease also is attributable to the Governor's recommendation to hold KPERS employer contributions at the FY 2016 amount, which results in an all funds reduction of \$386,847, including \$338,588 from the State General Fund, for FY 2019.

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustments:

FY 2019

3. Add \$386,847, including \$338,588 from the State General Fund, to restore Kansas Public Employee Retirement System employer contributions to the approved level for FY 2019.

4. Adopt GBA No. 1, Item 13, to add \$290,811, all from the State General Fund, for cybersecurity for FY 2019.

Sec. 103 — Osawatomie State Hospital

The **agency** requests operational expenditures of \$31.8 million, including \$25.7 million from the State General Fund, for FY 2019. This is an all funds increase of \$72,031, or 0.2 percent, and a State General Fund increase of \$672,031, or 2.7 percent, above the FY 2018 request. The all funds increase is primarily attributable to an adjustment in salary shrinkage. The change in State General Fund expenditures is primarily attributable to the agency's enhancement request to add \$12.2 million from the State General Fund for operational expenditures and decrease fee fund and Title XIX Fund expenditures by the same amount. The agency request includes 478.1 FTE positions, which is the same number as the FY 2018 request.

The **Governor** recommends operating expenditures of \$19.5 million, including \$13.5 million from the State General Fund, for FY 2019. This is an all funds decrease of \$12.3 million, or 38.6 percent, including \$12.2 million from the State General Fund, or 47.7 percent, below the

agency's FY 2019 request. The decrease is primarily attributable to the Governor not recommending the agency's enhancement request for additional funding totaling \$12.2 million from the State General Fund to replace projected fee fund and federal fund shortfalls. The decrease also is attributable to the Governor's recommendation to hold KPERS employer contributions at the FY 2016 amount, which is a decrease of \$79,565, including \$48,347 from the State General Fund.

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustments:

FY 2019

1. Add \$4.7 million, all from the State General Fund, and add language to open at least 20 additional beds for patients at Osawatomie State Hospital. If the facility cannot open the beds at Osawatomie State Hospital, the funding is to be used to enter into a contract to provide patient beds through third-party facilities for FY 2019.

2. Add \$79,565, including \$48,347 from the State General Fund, to restore Kansas Public Employee Retirement System employer contributions to the approved level for FY 2019.

4. Adopt GBA No. 1, Item 13, which adds \$166,635, all from the State General Fund, for cybersecurity for FY 2019.

Sec. 103 — Parsons State Hospital and Training Center

The **agency** requests operating expenditures of \$26.3 million, including \$11.8 million from the State General Fund, for FY 2019. This is an all funds increase of \$92,239, or 0.4 percent, and a State General Fund increase of \$99,403, or 0.9 percent, above the FY 2018 request. The increase is primarily attributable to an increase in workers' compensation expenditures, employer fringe benefit costs, and utilities expenditures, partially offset by an adjustment to salary shrinkage and a decrease in expenditures by not replacing a transportation vehicle for the Sexual Predator Treatment Program Transition Unit.

The **Governor** recommends FY 2019 operating expenditures of \$26.0 million, including \$11.6 million from the State General Fund. The recommendation is an all funds decrease of \$217,712, or 0.8 percent, and a State General Fund decrease of \$110,844, or 0.9 percent, below the agency's FY 2019 request. The decrease is attributable to the Governor's recommendation to hold KPERS employer contributions at the FY 2016 amount.

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustments:

FY 2019

1. Add \$217,712, including \$110,844 from the State General Fund, to restore Kansas Public Employee Retirement System employer contributions to the approved level for FY 2019.

2. Adopt GBA No. 1, Item 13, which adds \$185,862, all from the State General Fund, for cybersecurity for FY 2019.

Sec. 104 — Department for Children and Families

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustment:

FY 2017

1. Adopt GBA No. 1, Item 1, to add \$2.1 million, all from the State General Fund, and delete \$2.3 million, all from special revenue funds, to fund the Human Services Consensus Caseload estimate in FY 2017.

Sec. 105 — Department for Children and Families

The **agency** requests expenditures of \$587.3 million, including \$237.6 million from the State General Fund, for FY 2018. The request is a decrease of \$16.1 million, or 2.7 percent, from all funding sources, and an increase of \$615,446, or 0.3 percent, from the State General Fund from the FY 2017 revised estimate.

The majority of the change from FY 2017 is attributable to decreases in salaries and wages (\$5.3 million) primarily in increased shrinkage rates; contractual services (\$5.1 million) associated with the anticipated completion of the Kansas Enrollment and Eligibility System (KEES); other assistance expenditure reductions (\$4.4 million); and capital outlay reductions (\$1.3 million) associated with a reduction in the purchase of passenger cars in FY 2017 that will not reoccur in FY 2018.

The **Governor** recommends FY 2018 operating expenditures of \$586.2 million, including \$244.6 million from the State General Fund. The recommendation is an all funds decrease of \$1.0 million, or 0.2 percent, and a State General Fund increase of \$7.0 million, or 2.9 percent, from the agency's FY 2018 request.

The all funds decrease is attributable to the Governor's recommendation to hold KPERS employer contributions at the FY 2016 amount, which results in an all funds reduction of \$972,795, including \$517,470 from the State General Fund, to provide a moratorium on employer contributions for death and disability for one quarter, which results in an all funds reduction of \$214,981, including \$114,364 from the State General Fund, and recommends reduced resources options totaling \$3.7 million, including \$1.9 million from the State General Fund.

The reduced resources options included in the recommendation include:

- Closure of field offices in Goodland, Greensburg, and Iola, resulting in annual savings of \$112,191, including \$70,564 from the State General Fund;
- Outsource mainframe operations, resulting in savings of \$2.5 million, including \$1.1 million from the State General Fund, and the reduction of 11.5 FTE positions;
- Reduce legal contingency funds, resulting in savings of \$272,000, including \$156,488 from the State General Fund;
- Reduce operating expenditures by 4.0 percent, resulting in savings of \$704,882, including \$484,382 from the State General Fund; and
- Eliminate all Faith-Based and Community Initiatives Grants, resulting in savings of \$100,000, all from the State General Fund.

The State General Fund recommendation includes the addition of \$7.1 million from the State General Fund to replace Children's Initiatives Fund moneys that will no longer be available due to the Governor's recommendation to securitize the tobacco settlement proceeds.

The Governor's recommendation also includes: the addition of \$277,216, including \$250,881 from the State General Fund, and 4.0 FTE positions to enhance the child welfare compliance unit; the addition of 15.0 FTE positions and the transfer of the funding for the positions from the Foster Care contracts; and \$573,390, all from federal funds, and 1.0 FTE position for Family Preservation Services.

The recommendation includes the addition of \$8.5 million, including \$7.3 million from the State General Fund, for the human services consensus caseload estimate for foster care and cash assistance.

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustments:

FY 2018

1. Adopt GBA No. 1, Item 1, to add \$13.1 million, including \$13.0 million from the State General Fund, to fund the Human Services Consensus Caseload estimate for FY 2018.
2. Add \$298,691, including \$102,732 from the State General Fund, for Sub. for Sub. for SB 95 concerning telephonic signature for public assistance for FY 2018.
3. Add \$7.1 million, all from the Children's Initiatives Fund, and delete the same amount from the State General Fund, to restore the previous funding method for child care services and family preservation services and not securitize the tobacco settlement proceeds for FY 2018.
4. Add \$972,795, including \$517,470 from the State General Fund, to restore Kansas Public Employee Retirement System employer contributions to the approved level for FY 2018.

5. Add \$800,000, all from the State General Fund, and delete the same amount from fee funds to replace revenue associated with the elimination of the 4.0 percent cost recovery fee on non-assistance child support collection for FY 2018.

6. Adopt GBA No. 1 Item 13 which adds \$454,642, including \$238,687 from the State General Fund, for FY 2018.

7. Eliminate the Family and Children Investment Fund for FY 2018. The fund was added to the Department for Education as part of the Children's Cabinet transfer and inadvertently left in the Department for Children and Families (Technical adjustment).

8. Add \$3.0 million, all from federal Temporary Assistance for Needy Families funds, and language directing the funds be used for the intensive home visitation program, Healthy Families, operated by Kansas Children's Service League for FY 2018.

Sec. 106 — Department for Children and Families

The **agency** requests expenditures of \$551.0 million, including \$235.4 million from the State General Fund, for FY 2019. The request is a decrease of \$6.2 million, or 1.1 percent, from all funding sources, including \$2.2 million, or 0.9 percent, from the State General Fund, below the FY 2018 request.

The majority of the change from FY 2018 is attributable to decreases in salaries and wages (\$500,000); contractual services (\$4.0 million) mainly in reductions in professional fees associated with enhancement requests for FY 2018 that did not reoccur in FY 2019; and other assistance (\$1.4 million).

The **Governor** recommends FY 2019 operating expenditures of \$589.4 million, including \$250.8 million from the State General Fund. The recommendation is an all funds increase of \$8.4 million, or 1.4 percent, and a State General Fund increase of \$15.4 million, or 6.5 percent, from the agency's FY 2019 request.

The all funds decrease is attributable to the Governor's recommendation to hold KPERs employer contributions at the FY 2016 amount, which results in an all funds reduction of \$1.3 million, including \$721,317 from the State General Fund, and recommending reduced resources options totaling \$3.7 million, including \$1.9 million from the State General Fund.

The reduced resources options included in the recommendation include:

- Closure of field offices in Goodland, Greensburg, and Iola, resulting in annual savings of \$112,191, including \$70,564 from the State General Fund;
- Outsource mainframe operations, resulting in savings of \$2.5 million, including \$1.1 million from the State General Fund, and the reduction of 11.5 FTE positions;
- Reduce legal contingency funds, resulting in savings of \$272,000, including \$156,488 from the State General Fund;

- Reduce operating expenditures by 4.0 percent, resulting in savings of \$704,882, including \$484,382 from the State General Fund;
- Eliminate all Faith-Based and Community Initiatives Grants, resulting in savings of \$100,000, all from the State General Fund; and
- Reduce grants to Native American Tribes that provide funding to assist with reducing the removal of children from homes and tribal environments, resulting in savings of \$100,000, all from the State General Fund.

The State General Fund recommendation includes the addition of \$7.1 million from the State General Fund to replace Children's Initiatives Fund moneys that will no longer be available due to the Governor's recommendation to securitize the tobacco settlement proceeds.

The Governor's recommendation also includes: the addition of \$271,978, including \$246,141 from the State General Fund, and 4.0 FTE positions to enhance the child welfare compliance unit; the addition of 15.0 FTE positions and the transfer of the funding for the positions from the Foster Care contracts; and \$574,201, all from federal funds, and 1.0 FTE position for Family Preservation Services.

The recommendation includes the addition of \$14.5 million, including \$13.1 million from the State General Fund, for the human services consensus caseload estimate for foster care and cash assistance.

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustments:

FY 2019

1. Add \$800,000, all from the State General Fund, and delete the same amount from fee funds, to replace revenue associated with the elimination of 4.0 percent cost recovery fee on non-assistance child support collection for FY 2019.
2. Add \$82,691, including \$28,441 from the State General Fund, for Sub. for Sub. for SB 95 concerning telephonic signature for public assistance for FY 2019.
3. Add \$3.0 million, all from federal Temporary Assistance for Needy Families funds, and language directing the funds be used for the intensive home visitation program, Healthy Families, operated by Kansas Children's Service League for FY 2019.
4. Add \$1.3 million, including \$721,317 from the State General Fund, to restore Kansas Public Employee Retirement System employer contributions to the approved level for FY 2019.
5. Add \$7.1 million, all from the Children's Initiatives Fund, and delete the same amount from the State General Fund, to restore the previous funding method for child care services and family preservation services and not securitize the tobacco settlement proceeds for FY 2019.
6. Adopt GBA No. 1 Item 13 which adds \$909,284, including \$477,374 from the State General Fund, for FY 2019.

7. Adopt GBA No. 1, Item 1, to add \$4.1 million, including \$6.4 million from the State General Fund, to fund the Human Services consensus caseload estimate for FY 2019.

8. Appropriate \$540,000, all from the State General Fund, to the Youth Aid and Assistance Account, to implement the Governor's recommendation for FY 2019 (Technical adjustment).

9. Eliminate the Family and Children Investment Fund for FY 2019. The fund was added to the Department for Education as part of the Children's Cabinet transfer and inadvertently left in the Department for Children and Families (Technical adjustment).

Sec. 107 — Kansas Guardianship Program

The **agency** requests \$1.1 million, all from the State General Fund, for FY 2018. This is the same amount as the agency's FY 2017 revised estimate.

The **Governor** concurs with the agency's request.

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation.

Sec. 108 — Kansas Guardianship Program

The **agency** requests \$1.1 million, all from the State General Fund, for FY 2019. This is the same amount as the agency's FY 2018 request.

The **Governor** concurs with the agency's request.

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation.

Sec. 109 — Department of Education

The **agency** requests \$5.4 billion in all funds, including \$3.8 billion from the State General Fund. The all funds budget request for FY 2018 exceeds the FY 2017 request by \$670.1 million, primarily due to \$601.4 million of State General Fund enhancement requests, which are primarily block grant increases.

The **Governor** recommends FY 2018 expenditures of \$4.6 billion, including \$3.0 billion from the State General Fund. The recommendation is an all funds decrease of \$850.0 million, or 15.6 percent, and a State General Fund decrease of \$804.0 million, or 20.9 percent, below the agency's FY 2018 request. The major differences in the agency's request and the Governor's recommendation results from the lack of a recommendation for funding of the agency's enhancement requests totaling \$641.0 million in all funds and \$600.5 million from the State General Fund, except for a recommendation to approve \$14.5 million from the State General Fund for capital improvement state aid. Additional differences result from the following changes:

- Adjustments resulting from revised consensus revenue estimates:

- Block Grant–General State Aid expenditures would be reduced by \$11.6 million, while increasing Capital Outlay State Aid expenditures by \$7.9 million and Supplemental General State Aid expenditures by \$3.6 million, all from the State General Fund;
- KPERS–School employer contributions are anticipated to increase by \$7.8 million in FY 2018, including \$5.9 million for USDs and \$1.9 million for non-USDs;
- Block grant expenditures related to the 20 mill statewide property tax levy for education are expected to be reduced by \$8.8 million, resulting from less than expected property values for the current year;
- Block Grant expenditures from the Mineral Production Education Fund were reduced by \$2.9 million, resulting from reduced Severance Tax revenues; and
- School District Finance Fund expenditure estimates were increased by \$4.3 million to reflect revised estimates based on school district budgets; and
- Adjustments resulting from the Governor’s recommended revised consensus revenue estimates:
 - Reduced Extraordinary Needs Fund state aid by \$13.0 million;
 - Reduced General State Aid by \$23.8 million from the State General Fund;
 - Reduced General State Aid by \$47.2 million from the State General Fund in anticipation of efficiency savings from A&M recommendations related to K-12 benefit program consolidation and centralization of K-12 procurement activities;
 - Reduced all funds expenditures totaling \$139.7 million, including \$144.0 million from the State General Fund, for KPERS policy changes and related to KPERS increase expenditures from the Expanded Lottery Act Revenues Fund (ELARF) in the amount of \$4.5 million; and
 - Adjusting all expenditures from the Children’s Initiatives Fund (\$16.6 million) and the Kansas Endowment for Youth Fund (\$248,581) making the expenditures from the State General Fund, in combination with the Governor’s recommendation for tobacco settlement securitization.

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustments:

FY 2018

1. Add \$113.5 million, all from the State General Fund, to restore Kansas Public Employee Retirement System employer contributions to the approved level for FY 2018.

2. Transfer \$2.6 million from the State General Fund to the School District Extraordinary Declining Enrollment Fund of the Department of Education (Technical amendment).

Sec. 110 — Department of Education

The **agency** requests \$5.9 billion in all funds, including \$4.2 billion from the State General Fund. The budget request for FY 2019 exceeds the FY 2018 request by \$433.6 million in all funds, primarily due to the \$393.4 million in State General Fund enhancement requests over and above the State General Fund enhancement requests for FY 2018 primarily in block grant increases.

The **Governor** recommends an all funds FY 2019 budget of \$4.6 billion, including \$3.0 billion from the State General Fund. This is an all funds decrease of \$1.312 billion, or 22.3 percent, and a State General Fund decrease of \$1.268 billion, or 30.0 percent, below the agency's revised FY 2019 estimate. The major differences in the agency's request and the Governor's recommendation results from the lack of a recommendation for funding of the agency's enhancement requests totaling \$983.0 million in all funds and \$949.0 million from the State General Fund, except for a recommendation to approve \$8.0 million from the State General Fund for capital improvement state aid.

Additional differences result from the following changes:

- Adjustments resulting from revised consensus revenue estimates:
 - Block Grant–General State Aid expenditures would be reduced by \$11.6 million, while increasing Capital Outlay State Aid expenditures by \$7.9 million and Supplemental General State Aid expenditures by \$3.6 million, all from the State General Fund;
 - KPERS–School employer contributions are anticipated to increase by \$8.7 million in FY 2019, including \$6.6 million for USDs and \$2.2 million for non-USDs;
 - Block grant expenditures related to the 20 mill statewide property tax levy for education are expected to be reduced by \$8.8 million, resulting from less than expected property values for the current year;
 - Block Grant expenditures from the Mineral Production Education Fund were reduced by \$700,000, resulting from reduced Severance Tax revenues; and
 - School District Finance Fund expenditure estimates were increased by \$4.3 million to reflect revised estimates based on school district budget; and
- Adjustments resulting from the Governor's recommended revised consensus revenue estimates:
 - Reduced Extraordinary Needs Fund state aid by \$13.0 million;
 - Reduced General State Aid by \$51.0 million from the State General Fund;
 - Reduced General State Aid by \$89.0 million from the State General Fund in anticipation of efficiency savings from A&M recommendations related to K-12 benefit program consolidation and centralization of K-12 procurement activities;

- Reduced all funds' expenditures totaling \$187.5 million, including \$192.1 million from the State General Fund, for KPERS policy changes and related to KPERS, increase expenditures from the Expanded Lottery Act Revenues Fund (ELARF) in the amount of \$4.7 million; and
- Adjusted all expenditures from the Children's Initiatives Fund (\$16.6 million) and the Kansas Endowment for Youth Fund (\$248,581) making the expenditures from the State General Fund.

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustments:

FY 2019

1. Add \$201.1 million, all from the State General Fund, to restore Kansas Public Employee Retirement System employer contributions to the approved level for FY 2019 (Technical amendment).
2. Delete \$232.9 million, all from the State General Fund, to reduce Kansas Public Employee Retirement System employer contributions for FY 2019.
3. Add language providing that moneys from the State Safety Fund shall be distributed during FY 2019 as soon as moneys are available (Technical amendment).
4. Transfer \$50,000 from the Family and Children Trust Account of Department of Education to the Communities in Schools Program Fund of the Department of Education (Technical amendment).

Sec. 111 — State Library

The **agency** requests \$5.7 million, including \$3.9 million from the State General Fund for FY 2018. This request is \$117,319, or 2.0 percent, less than its FY 2017 request. The State General Fund request is \$21,282, or 0.6 percent, less than the approved amount for FY 2017. Differences in spending from federal funding sources vary from year to year.

The **Governor** recommends FY 2018 operating expenditures of \$5.7 million, including \$3.8 million from the State General Fund. The recommendation is an all funds decrease of \$13,970, or 0.2 percent, and a State General Fund decrease of \$11,192, or 0.3 percent, below the agency's FY 2018 request. Both of these decreases are attributable to the Governor's recommendation to hold KPERS employer contributions at the FY 2016 amount and to provide a moratorium on employer contributions for death and disability for one quarter.

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustments:

FY 2018

1. Add \$11,442, including \$9,167 from the State General Fund, to restore Kansas Public Employee Retirement System employer contributions to the approved level for FY 2018.
2. Adopt GBA No. 1 Item 13 which adds \$5,408, all from the State General Fund, for FY 2018.

Sec. 112 — State Library

The **agency** requests \$5.7 million, including \$3.9 million from the State General Fund, for FY 2019. This request is \$15,390, or 0.3 percent, less than the agency's request for FY 2018 primarily because of a lowered estimate for federal funding. The request includes a State General Fund increase of \$9,670, or 3.0 percent, above the FY 2018 request.

The **Governor** recommends FY 2019 operating expenditures of \$5.7 million, including \$3.8 million from the State General Fund. The recommendation is an all funds decrease of \$16,285, or 0.2 percent, and a State General Fund decrease of \$13,455, or 0.3 percent, below the agency's FY 2019 request. The decreases are attributable to the Governor's recommendation to hold KPERS employer contributions at the FY 2016 amount.

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustments:

FY 2019

1. Add \$16,285, including \$2,830 from the State General Fund, to restore Kansas Public Employee Retirement System employer contributions to the approved level for FY 2019.
2. Adopt GBA No. 1 Item 13 which adds \$10,815, all from the State General Fund, for FY 2019.

Sec. 113 — Kansas State School for the Blind

The **agency** requests \$6.8 million in all funds, including \$5.4 million from the State General Fund. (This includes the capital improvement request.) This request is \$198,040 less than the FY 2017 request, primarily due to \$150,360 in other funds reappropriated from FY 2016 to FY 2017 in the capital improvement budget. The FY 2018 budget includes an enhancement request of \$49,451 from the State General Fund to comply with the Kansas statute (KSA 76-11a17) requiring compensation for teachers and licensed personnel at a rate not less than that paid by USD 233 in Olathe.

The **Governor** recommends FY 2018 expenditures of \$6.7 million in all funds, including \$5.3 million from the State General Fund. The recommendation is an all funds decrease of \$93,826, or 1.4 percent, and a State General Fund decrease of \$92,119, or 1.7 percent, below the agency's revised FY 2018 estimate. The decrease is attributable to the Governor's recommendation to hold KPERS employer contributions at the FY 2016 amount, which results in an all funds reduction of \$36,343, including \$34,945 from the State General Fund, and to provide a moratorium on agency death and disability payments for one quarter, which results in an all funds reduction of \$8,032, including \$7,723 from the State General Fund. In addition, the Governor did not recommend funding the agency's enhancement request for additional educator compensation in the amount of \$49,451 from the State General Fund.

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustments:

FY 2018

1. Add \$36,343, including \$34,945 from the State General Fund, to restore Kansas

Public Employee Retirement System employer contributions to the approved level for FY 2018.

2. Add \$49,451, all from the State General Fund, for educator salary increases per KSA 76-11a17 for FY 2018.

3. Adopt GBA No. 1 Item 13 which adds \$13,820, all from the State General Fund, for FY 2018.

Sec. 114 — Kansas State School for the Blind

The **agency** requests \$6.6 million in all funds, including \$5.4 million from the State General Fund, for the FY 2019 budget request. This request is \$200,266 less than the all funds request for FY 2018; however, the State General Fund portion of this request is \$49,752 more than the prior year request because of an enhancement request of \$50,143 for educator salary increases to keep pace with the Olathe school district, as is required by state law. The reduced other funds request is primarily due to the retirement of debt in the capital improvement section of this budget.

The **Governor** recommends \$6.5 million in all funds, including \$5.3 million from the State General Fund, for FY 2019. The Governor's recommendation is an all funds decrease of \$105,592, or 1.6 percent, including \$104,108, or 2.0 percent, from the State General Fund, below the agency request. The decrease is attributable to the Governor's recommendation to hold KPERs employer contributions at the FY 2016 amount, which results in an all funds reduction of \$55,449, including \$53,965 from the State General Fund. In addition, the Governor did not recommend funding the agency's enhancement request for additional educator compensation in the amount of \$50,143 from the State General Fund.

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustments:

FY 2019

1. Add \$55,449, including \$53,965 from the State General Fund, to restore Kansas Public Employee Retirement System employer contributions to the approved level for FY 2018.

2. Add \$50,143, all from the State General Fund, for educator salary increases per KSA 76-11a17 for FY 2019.

3. Adopt GBA No. 1 Item 13 which adds \$27,639, all from the State General Fund, for FY 2019.

Sec. 115 — Kansas State School for the Deaf

The **agency** requests \$10.7 million in all funds, including \$8.8 million from the State General Fund, for its FY 2018 budget request (including capitol improvements). The agency requests operating expenditures of \$9.6 million, including \$8.4 million from the State General Fund. This all funds request is \$226,948, or 2.3 percent, less than the FY 2018 request, including \$52,619, or 0.6 percent less from the State General Fund. The salary and wage

request is \$125,019 less than the FY 2017 request, primarily because a 27th pay period was included in the FY 2017 request. The capital improvement request for this fiscal year is \$79,628 less than the request for FY 2017, due in part to the reappropriation of funds from FY 2016 to FY 2017.

The **Governor** recommends FY 2018 expenditures (including capital improvements) of \$10.5 million, including \$8.6 million from the State General Fund. The Governor recommends operating expenditures of \$9.4 million, including \$8.3 million from the State General Fund. The recommendation is an all funds decrease of \$141,186, or 1.5 percent, and a State General Fund decrease of \$140,217, or 1.6 percent, below the agency's FY 2018 request. The decrease is attributable to the Governor's recommendation to hold KPERS employer contributions at the FY 2016 amount, which results in an all funds reduction of \$62,625, including \$61,831 from the State General Fund, and to provide a moratorium on agency death and disability payments for one quarter, which results in an all funds reduction of \$13,840, including \$13,665 from the State General Fund. In addition, the Governor's recommendation did not include funding for the enhancement request of \$64,721 from the State General Fund for educator salary increases.

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustments:

FY 2018

1. Add \$64,721, all from the State General Fund, for educator salary increases per KSA 17-11a17 for FY 2018.
2. Add \$62,625, including \$61,831 from the State General Fund, to restore Kansas Public Employee Retirement System employer contributions to the approved level for FY 2018.
3. Adopt GBA No. 1 Item 13 which adds \$37,052, all from the State General Fund, for FY 2018.

Sec. 116 — Kansas State School for the Deaf

The **agency** requests \$10.4 million in all funds, including \$8.8 million from the State General Fund, for FY 2019 (including capital improvements). The agency requests operating expenditures of \$9.6 million, including \$8.4 million from the State General Fund. This all funds request is \$5,092, or 0.1 percent, less than the FY 2018 request and a State General Fund increase of \$77,774, or 0.9 percent, more due to an increase in contractual services, funded in past years with various fee funds that are diminishing over time.

The **Governor** recommends FY 2019 expenditures (including capital improvements) of \$10.3 million, including \$8.7 million from the State General Fund. The Governor recommends operating expenditures of \$9.4 million, including \$8.3 million from the State General Fund. The recommendation is an all funds decrease of \$145,560, or 1.5 percent, and a State General Fund decrease of \$144,515, or 1.6 percent, below the agency's FY 2019 request. The decrease is attributable to the Governor's recommendation to hold KPERS employer contributions at the FY 2016 amount, which results in an all funds reduction of \$82,390, including \$81,345 from the State General Fund. In addition, the Governor's recommendation did not approve the agency's enhancement request of \$63,170 from the State General Fund for educator salary increases.

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustments:

FY 2019

1. Add \$63,170, all from the State General Fund, for educator salary increases per KSA 17-11a17 for FY 2019.
2. Add \$82,390, including \$81,345 from the State General Fund, to restore Kansas Public Employee Retirement System employer contributions to the approved level for FY 2019.
3. Adopt GBA No. 1 Item 13 which adds \$74,105, all from the State General Fund, for FY 2019.

Sec. 117 — State Historical Society

The **agency** requests \$6.9 million in all funds for FY 2018, including \$4.2 million from the State General Fund (including capital improvements). The agency requests operating expenditures of \$6.6 million, including \$3.9 million from the State General Fund, which is \$48,912, or 0.7 percent, less than the FY 2017 all funds request, including \$47,269, or 1.2 percent, less from the State General Fund. FY 2018 expenditures do not include the 27th pay period, as was included in the FY 2017 budget. In addition, the KPERS employer contribution rate and the death and disability insurance rates increased in FY 2018. The major adjustment in the all funds category is primarily attributable to less funding estimated in the Heritage Trust Fund due to a 2014 change in state law lowering mortgage registration fees to that fund.

Reductions also occur in contractual services expenditures because the two major IT projects will be completed prior to FY 2018. This reduction is offset by increases in contractual services of \$60,000 in FY 2018 for implementation of the Kansas Enterprise Electronic Preservation (KEEP) system, which will provide access to the State's permanent records. This system will enable the State Archives to maintain the many records created in a variety of digital formats.

The **Governor** recommends FY 2018 expenditures of \$6.8 million in all funds, including \$4.1 million from the State General Fund (including capital improvements). The Governor recommends operating expenditures of \$6.6 million, including \$3.9 million from the State General Fund. This is a decrease from the agency's all funds request of \$37,959, or 0.6 percent, and \$29,975, or 0.7 percent, from the State General Fund. The decrease is attributable to the Governor's recommendation to hold KPERS employer contributions at the FY 2016 amount, which results in an all funds reduction of \$31,088, including \$22,092 from the State General Fund, and to provide a moratorium on employer contributions for death and disability for one quarter, which results in an all funds reduction of \$6,871, including \$4,883 from the State General Fund.

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustment:

FY 2018

1. Add \$31,088, including \$22,092 from the State General Fund, to restore Kansas Public Employee Retirement System employer contributions to the approved level for FY 2018.

Sec. 118 — State Historical Society

The **agency** requests \$7.0 million in all funds, including \$4.2 million from the State General Fund (including capital improvement funding). The agency requests operating expenditures of \$6.6 million, including \$3.9 million from the State General Fund, which is an increase of \$24,415, or 0.5 percent, from all funds and an increase of \$24,636, or 0.6 percent, from the State General Fund above the FY 2018 request. The KPERs employer contribution rate and the death and disability insurance rate will increase in FY 2019.

A technical correction has been requested by the agency related to the FTE count for this fiscal year, which would not change from the prior fiscal year.

In addition, the request includes a reduction in contractual services for FY 2019 due to expected utility cost savings because of steps taken to lower the agency's use of electricity. Steps taken to lower utility costs include replacing current lighting with LED lights throughout the collection bays.

The **Governor** recommends FY 2019 all funds expenditures of \$6.9 million, including \$4.1 million from the State General Fund (including capital improvements). The Governor recommends operating expenditures of \$6.6 million, including \$3.9 million from the State General Fund. The recommendation is an all funds decrease of \$40,898, or 0.6 percent, and a State General Fund decrease of \$29,063, or 0.7 percent, below the agency's FY 2019 request. The decrease is attributable to the Governor's recommendation to hold KPERs employer contributions at the FY 2016 amount, which results in an all funds reduction of \$40,898, including \$29,063 from the State General Fund.

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustment:

FY 2019

1. Add \$40,898, including \$29,063 from the State General Fund, to restore Kansas Public Employee Retirement System employer contributions to the approved level for FY 2019.

Sec. 119 — Fort Hays State University

The **agency** requests an operating budget of \$121.4 million, including \$32.5 million from the State General Fund. This is an all funds increase of \$958,258, or 0.8 percent, and a State General Fund decrease of \$289,642, or 0.9 percent, from the revised estimate in FY 2017. The increase is primarily in salaries and wages (\$876,907) and contractual services (\$126,402), with an offsetting decrease in debt service expenditures (\$45,051).

The **Governor** recommends an operating budget of \$121.2 million, including \$32.4 million from the State General Fund. This is an all funds increase of \$782,272, or 0.6 percent, and a State General Fund decrease of \$368,854, or 1.1 percent, from the FY 2017 recommendation.

2. Delete \$2.7 million, all from the State General Fund, from the Teachers' Scholarship Fund for FY 2018.
3. Add \$6,529, including \$4,402 from the State General Fund, to restore Kansas Public Employee Retirement System employer contributions to the approved level for FY 2018.

Sec. 138 — Board of Regents

The **agency** requests an operating budget of \$237.4 million, including \$221.2 million from the State General Fund. This is an all funds increase of \$41,956, or less than 0.1 percent, and an increase of \$5,816, or less than 0.1 percent, from the State General Fund above the FY 2018 request. The request includes an enhancement of \$30.1 million, all from the State General Fund. The State General Fund allocations to the Board office and state universities was reduced by the same amount as the FY 2017 allotments. The Board and universities are asking that this reduction of \$30.1 million be restored for FY 2019.

The **Governor** recommends operating expenditures of \$213.7 million, including \$197.5 million from the State General Fund. The recommendation is an all funds decrease of \$23.7 million, or 10.0 percent, and a State General Fund decrease of \$23.7 million, or 10.7 percent, below the agency's FY 2019 request. The decrease is attributable to the Governor's recommendation to hold KPERS employer contributions at the FY 2016 amount, which results in an all funds reduction of \$8,541, including \$5,761 from the State General Fund. The

recommendation did not include the agency's enhancement requests of \$30.7 million, all from the State General Fund.

The Governor's recommendation added \$7.0 million, all from the State General Fund for two new programs: \$1.0 million for the 15K Degree Pilot and \$6.0 million for teacher scholarships for working in rural Kansas.

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustments:

FY 2019

1. Add \$8,541, including \$5,761 from the State General Fund, to restore Kansas Public Employee Retirement System employer contributions to the approved level for FY 2019.
2. Delete \$6.2 million, all from the State General Fund, from the Teachers' Scholarship Fund for FY 2019.
3. Add \$119,000, all from the State General Fund, to the Municipal University Operating Grant to restore the cut to a 3.0 percent reduction for FY 2019.
4. Delete \$500,000, all from the State General Fund, for the \$15K Degree Program for FY 2019.
5. Add \$430,000, all from the State General Fund, to the Postsecondary Tiered Technical State Aid for FY 2019.
6. Add \$570,000, all from the State General Fund, to the Non-Tiered Course Credit Hour Grant for FY 2019.

Sec. 139 — Department of Corrections

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustment:

FY 2017

1. Add language deleting \$96,922, all from the State General Fund, for purchase of services account in FY 2017 (Technical correction).

Sec. 140 — Department of Corrections

The agency requests FY 2018 total expenditures for DOC Central Office of \$245.4 million, including \$205.3 million from the State General Fund. The estimate is an increase of \$35.0 million, or 16.6 percent, including a State General Fund increase of \$37.4 million, or 22.2 percent, above the FY 2017 estimate. The increase is primarily attributable to the agency requesting \$27.2 million in bonding authority, all from the State General Fund, for the construction of two cell houses at the El Dorado Correctional Facility and other enhancements totaling \$12.2 million, all from the State General Fund, offset by reductions in aid to local units of government and other assistance. Absent the enhancements, the agency requests \$233.2 million, including \$193.2 million from the State General Fund. The request is an increase of \$4.4

million, or 2.1 percent, including a State General Fund decrease of \$2.1 million, or 1.2 percent, below the FY 2017 estimate. The request includes 297.0 FTE positions and 177.0 non-FTE positions, which is unchanged from the FY 2017 estimate.

The **Governor** recommends FY 2018 total expenditures for the Department of Corrections Central Office of \$208.6 million, including \$166.6 million from the State General Fund. The recommendation is an all funds decrease of \$36.8 million, or 15.0 percent, including a State General Fund decrease of \$38.7 million, or 18.8 percent, below the agency's FY 2018 request. The decrease is attributable to the Governor's recommendation to not fund the agency's request for \$27.2 million in bonding authority, all from the State General Fund, for the construction of two cell houses at the El Dorado Correctional Facility and his recommendation to deny enhancements totaling \$8.3 million as well as his recommendation to hold KPERs employer contributions at the FY 2016 amount, which results in an all funds reduction of \$188,559, including \$179,200 from the State General Fund, and to provide a moratorium on employer contributions for death and disability for one quarter, which results in an all funds reduction of \$41,886, including \$39,808 from the State General Fund. The Governor concurs with the agency's FTE and non-FTE portion of its request.

The Governor does recommend funding the agency's enhancements for its inmate health care contract (\$3.5 million) and the food service contract (\$324,980). However, rather than funding both enhancements entirely from the State General Fund, the Governor recommends funding the health care contract enhancement with \$1.5 million from the Correctional Industries Fund and recommends funding the food service contract enhancement from the Correctional Industries Fund in its entirety.

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustments:

FY 2018

1. Add language directing the agency to expend \$177,189, all from existing resources, to provide a 2.5 percent salary increase for parole officers for FY 2018.
2. Add \$214,443, including \$179,200 from the State General Fund, to restore Kansas Public Employee Retirement System employer contributions to the approved level for FY 2018.
3. Adopt GBA No. 1, Item 13, which adds \$88,325, including \$77,109 from the State General Fund, for FY 2018.

Sec. 140 — El Dorado Correctional Facility

The **agency** request FY 2018 operating expenditures of \$28.3 million, including \$28.3 million from the State General Fund. The request is a decrease of \$273,132, or 1.0 percent, below the FY 2017 revised estimate. The decrease is primarily attributable to the 27th payroll period in FY 2017, a reduction of capital outlay expenditures due to the purchase of cleaning equipment in FY 2017, and smaller reductions in all other expenditure categories, offset by enhancements totaling \$255,100, all from the State General Fund, for three passenger cars (\$70,500), new radio equipment (\$40,100), and technology equipment (\$144,500). **Absent the enhancements**, the agency requests \$28.1 million, including \$28.1 million from the State

General Fund. The request includes 481.0 FTE positions and 4.0 non-FTE positions, which is unchanged from the FY 2017 revised estimate.

The Governor recommends \$27.9 million, including \$27.8 million from the State General Fund, for El Dorado Correctional Facility for FY 2018. This is a State General Fund decrease of \$485,535, or 1.7 percent, below the FY 2018 agency request. The decrease is attributable to the Governor's recommendation to hold KPERS employer contributions at the FY 2016 amount and to provide a moratorium on employer contributions for death and disability for one quarter. The Governor concurs with the agency's FTE and non-FTE request for FY 2018.

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustments:

FY 2018

1. Add \$188,730, all from the State General Fund, to restore Kansas Public Employee Retirement System employer contributions to the approved level for FY 2018.
2. Adopt GBA No. 1, Item 13, which adds \$86,522, all from the State General Fund, for FY 2018.

Sec. 140 — Ellsworth Correctional Facility

The **agency** requests FY 2018 operating expenditures of \$14.4 million, including \$14.3 million from the State General Fund. The request is a decrease of \$136,830, or 0.9 percent, below the FY 2017 revised estimate. The decrease is primarily attributable to reductions in salaries and wages due to the 27th payroll period in FY 2017, offset by enhancements totaling \$51,646, all from the State General Fund, for a new vehicle (\$24,700), new radio equipment (\$16,646), and new computer equipment (\$10,300). **Absent the enhancements**, the agency requests \$14.3 million, including \$14.3 million from the State General Fund. The request includes 234.0 FTE positions and 1.0 non-FTE position, which is unchanged from the FY 2017 revised estimate.

The **Governor** recommends \$14.2 million, including \$14.1 million from the State General Fund, for Ellsworth Correctional Facility for FY 2018. This is an all funds decrease of \$164,273, or 1.1 percent, and a State General Fund decrease of \$163,827, or 1.1 percent, below the FY 2018 agency request. The all funds decrease is attributable to the Governor's recommendation to deny the agency's enhancements totaling \$51,626 and the Governor's recommendation to hold KPERS employer contributions at the FY 2016 amount and to provide a moratorium on employer contributions for death and disability for one quarter.

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustments:

FY 2018

1. Add \$92,243, including \$91,878 from the State General Fund, to restore Kansas Public Employee Retirement System employer contributions to the approved level for FY 2018.
2. Adopt GBA No. 1, Item 13, which adds \$44,863, all from the State General Fund, for FY 2018.

Sec. 140 — Hutchinson Correctional Facility

The **agency** requests FY 2018 operating expenditures of \$31.0 million, including \$30.9 million from the State General Fund. The request is a decrease of \$398,089, or 1.3 percent, below the FY 2017 estimate. The decrease is primarily attributable to expenditure reductions in commodities for supplies and clothing and for contractual services, including utility reductions and reductions in equipment and building repairs, offset by increases in salaries and wages attributable to reduced shrinkage and employer contributions to Corrections KPERS and by enhancements totaling \$246,000, all from the State General Fund, to replace worn-out trucks (\$131,000) and to obtain information processing equipment (\$115,000). **Absent the enhancements**, the agency's revised request is \$30.8 million, including \$30.6 million from the State General Fund. The revised request includes 499.0 FTE positions and 8.0 non-FTE positions, which is unchanged from the FY 2017 estimate.

The **Governor** recommends \$30.6 million, including \$30.4 million from the State General Fund, for Hutchinson Correctional Facility for FY 2018. This is an all funds decrease of \$487,435, or 1.6 percent, and a State General Fund decrease of \$485,868, or 1.6 percent, below the FY 2018 agency request. The all funds decrease is attributable to the Governor's recommendation to deny the agency's enhancements for \$246,000 and the Governor's recommendation to hold KPERS employer contributions at the FY 2016 amount and to provide a moratorium on employer contributions for death and disability for one quarter.

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustments:

FY 2018

1. Add \$197,739, including \$196,455 from the State General Fund, to restore Kansas Public Employee Retirement System employer contributions to the approved level for FY 2018.
2. Adopt GBA No. 1, Item 13, which adds \$97,938, all from the State General Fund, for FY 2018.

Sec. 140 — Kansas Juvenile Correctional Complex

The **agency** requests FY 2017 total expenditures of \$23.3 million, including \$22.9 million from the State General Fund. The estimate is an increase of \$8.1 million, or 53.1 percent, including a State General Fund increase of \$8.1 million, or 55.0 percent, above the FY 2017 estimate. The all funds increase is primarily attributable to the youth population at the Larned Juvenile Correctional Facility being moved into the Kansas Juvenile Correctional Complex and the increase in services related to the care of those youth. The estimate includes 349.5 FTE positions and 6.0 non-FTE positions, which is an increase of 123.0 FTE positions, or 50.0 percent, above the FY 2017 approved amount. The increase is attributable to the demand for services brought by the transfer of the Larned Juvenile Correctional Facility.

The Governor recommends FY 2018 total expenditures of \$23.2 million, including \$22.8 million from the State General Fund. This is a State General Fund decrease of \$157,437, or 0.7 percent, below the FY 2018 agency request. The all funds decrease is attributable to the Governor's recommendation to hold KPERS employer contributions at the FY 2016 amount and

to provide a moratorium on employer contributions for death and disability for one quarter. The recommendation includes 349.5 FTE positions and 6.0 non-FTE positions, which is unchanged from the FY 2018 agency request.

Sec. 140 — Lansing Correctional Facility

The **agency** requests FY 2018 operating expenditures of \$41.7 million, including \$41.4 million from the State General Fund. The request is an increase of \$233,842 or 0.6 percent, above the FY 2017 estimate. The increase is primarily attributable to the agency's enhancement requests and increases in utilities, offset by reductions in salaries and wages attributable to the 27th payroll period in FY 2017 and reduced shrinkage. The request includes enhancements totaling \$1.0 million, all from the State General Fund, for utility enhancements (\$453,439), the replacement of IT equipment (\$280,500), vehicle replacement (\$169,200), and security equipment (\$144,500). **Absent the enhancements**, the agency requests \$40.6 million, including \$40.3 million from the State General Fund. The request includes 682.0 FTE positions, which is unchanged from the FY 2017 estimate.

The **Governor** recommends \$40.3 million, including \$40.0 million from the State General Fund, for Lansing Correctional Facility for FY 2018. This is a State General Fund decrease of \$1.4 million, or 3.3 percent, below the FY 2018 agency request. The all funds decrease is attributable to the Governor not recommending the agency's enhancements for utilities, the replacement of its IT equipment, vehicle replacement, and security equipment and the Governor's recommendation to hold KPERs employer contributions at the FY 2016 amount and to provide a moratorium on employer contributions for death and disability for one quarter.

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustments:

This is an all funds decrease of \$430,235, or 2.7 percent, and a State General Fund decrease of \$428,850, or 2.7 percent, below the FY 2018 agency request. The request is an increase of \$1.2 million, or 7.9 percent above the FY 2017 estimate. The increase is primarily attributable to the agency's enhancement requests. The enhancement requests total \$1.3 million, all from the State General Fund, for the replacement of the bureaus of prison contract (\$630,820), the replacement of IT equipment (\$40,225), the continued employment of 14.0 Corrections Officer positions (\$567,060), and to replace four passenger cars and one truck (\$105,600). **Absent the enhancements**, the agency requests \$15.2 million, including \$14.7 million from the State General Fund. The request is a decrease of \$328,067, or 2.4 percent, below the FY 2017 revised estimate. The decrease is primarily attributable to reductions in salaries and wages attributable to the 27th payroll period in FY 2017 and a reduction of capital

outlay expenditures due to the one-time purchase of vehicles and microcomputer equipment in FY 2017, offset by increased utility costs and by enhancements totaling \$288,804, all from the State General Fund, for utilities for the Kansas Veterans' Home (\$163,804) and shop and plant maintenance equipment (\$125,000). **Absent the enhancements**, the agency requests \$13.1 million, including \$12.9 million from the State General Fund. This is an all funds decrease of \$390,131, or 2.9 percent, and a State General Fund decrease of \$387,536, or 2.9 percent, below the FY 2018 agency request. The all funds decrease is attributable to the Governor's recommendation to deny the agency's enhancement requests totaling \$288,804, all from the State General Fund, and the Governor's recommendation to hold KPERS employer contributions at the FY 2016 amount and to provide a moratorium on employer contributions for death and disability for one quarter.

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustments:

FY 2018

1. Add \$82,988, including \$80,863 from the State General Fund, to restore Kansas Public Employee Retirement System employer contributions to the approved level for FY 2018.

The request is a decrease of \$24.5 million, or 10.0 percent, including a State General Fund decrease of \$23.7 million, or 11.5 percent, below the FY 2018 request. The decrease is primarily attributable to the agency's FY 2018 request for \$27.2 million in bonding authority for the construction of two cell houses at the El Dorado Correctional Facility. The request is primarily offset by increased expenditures in commodities; contractual services; \$280,703, all from the State General Fund, for a capital improvement project for the expansion of the Hutchinson Correctional Facility Visiting Center expansion; and enhancements totaling \$15.2 million, all from the State General Fund. Absent the enhancements, the agency requests \$205.8 million, including \$166.5 million from the State General Fund. The request is an all funds decrease of \$27.8 million, or 14.5 percent, and a State General Fund increase of \$244,186, or 0.1 percent, from the FY 2018 State General Fund request, less the enhancements. The request includes 297.0 FTE positions and 177.0 non-FTE positions, which is unchanged from the FY 2018 request.

The **Governor** recommends FY 2019 total expenditures for the Department of Corrections Central Office of \$211.0 million, including \$171.4 million from the State General Fund. The recommendation is an all funds decrease of \$9.9 million, or 4.5 percent, including a State General Fund decrease of \$10.3 million, or 5.6 percent, below the agency's FY 2018 request. The decrease is primarily attributable to the Governor's recommendation to not fund the agency's request for various enhancements (\$8.1 million), the recommendation to not fund

the agency's capital improvement project for the expansion of the Hutchinson Correctional Facility Visiting Center expansion for \$280,703, and due to his recommendation to hold KPERs employer contributions at the FY 2016 amount, which results in an all funds reduction of \$243,400 including \$231,343 from the State General Fund. The Governor concurs with the agency's FTE and non-FTE portion of its request.

The Governor recommends funding the agency's enhancements for its inmate health care contract (\$6.5 million) and the food service contract (\$676,470). However, rather than funding the food service contract enhancement from the State General Fund, the Governor recommends funding the enhancement through the Correctional Industries Fund.

The request is an increase of \$228,090, or 0.8 percent, above the FY 2018 request. The increase is primarily attributable to increased expenditures for salaries and wages and capital outlay, offset by decreases in expenditures for work supplies and contractual services. The request includes enhancements totaling \$266,100, all from the State General Fund, for new cars and trucks (\$74,500), new radio equipment (\$40,100), and new technology equipment (\$151,500). **Absent the enhancements**, the agency requests \$28.3 million, including \$28.3 million from the State General Fund. The request includes 481.0 FTE positions and 4.0 non-FTE positions, which is unchanged from the FY 2018 request.

The Governor recommends \$28.1 million, including \$28.0 million from the State General Fund, for El Dorado Correctional Facility for FY 2019. This is a State General Fund decrease of \$514,834, or 1.8 percent, below the FY 2019 agency request. The decrease is attributable to the Governor's recommendation to deny the agency's enhancements totaling \$266,100 and the Governor's recommendation to hold KPERs employer contributions at the FY 2016 amount. The Governor concurs with the agency's FTE and non-FTE request for FY 2019.

The **agency** requests FY 2019 operating expenditures of \$14.5 million, including \$14.4 million from the State General Fund. The request is an increase of \$96,060, or 0.7 percent, above the FY 2018 request. The increase is primarily attributable to increases in salaries and wages, offset by decreases in expenditures for commodities related to additional expenses for correctional officer uniforms in FY 2018 and capital outlay related to the FY 2018 enhancement request for the purchase of a car. The request includes enhancements totaling \$40,300, all from the State General Fund, for new radio equipment (\$30,000) and new computer equipment (\$10,300). **Absent the enhancements**, the agency requests \$14.4 million, including \$14.4 million from the State General Fund. The request includes 234.0 FTE positions and 1.0 non-FTE position, which is unchanged from the FY 2018 request.

The **Governor** recommends \$14.3 million, including \$14.2 million from the State General Fund, for Ellsworth Correctional Facility for FY 2019. This is an all funds decrease of \$173,358, or 1.2 percent, and a State General Fund decrease of \$172,839, or 1.2 percent, below the FY 2019 agency request. The estimate includes 349.5 FTE positions and 6.0 non-FTE positions, which is unchanged from the agency's FY 2018 request.

The request is a decrease of \$213,423, or 1.3 percent, below the FY 2018 request. The request includes 262.0 FTE positions and 1.0 non-FTE position, which is unchanged from the FY 2018 request.

The **Governor** recommends FY 2018 operating expenditures of \$84.6 million, all from special revenue funds. The recommendation is a decrease of \$142,412, or 0.2 percent, below the agency's FY 2018 request. The increase from the FY 2018 request is primarily attributable to increases in salaries and wages (\$2.0 million), commodities (\$380,370), and contractual services (\$146,247). These increases are offset by decreases in capital outlay (\$1.4 million) and debt service (\$9,450). The agency notes it relies heavily upon provided budget indices for calculation of other operating expenditures.

The **Governor** recommends FY 2019 operating expenditures of \$85.7 million, all from special revenue funds. The all funds increase is largely due to the agency's supplemental requests. The FTE increase is attributable to the agency's enhancement requests.

The recommendation is an all funds decrease of \$3.9 million, or 10.5 percent, and a State General Fund decrease of \$4.7 million, or 18.8 percent, below the agency's FY 2018 request. 1. Add \$802,569, all from the State General Fund, for an enhancement for six Forensic Scientist positions to fulfill the Sexual Assault Kit Initiative for FY 2018.
2. Add \$105,048, including \$67,036 from the State General Fund, to restore Kansas Public Employee Retirement System employer contributions to the approved level for FY 2018.
3. Delete \$384,180, all from the Record Check Fee Fund, to support the agency's Recruitment and Retention Plan for FY 2018.

Sec. 149 — Kansas Bureau of Investigation

The **agency** requests \$36.8 million, including \$24.5 million from the State General Fund, for FY 2019. This is an all funds decrease of \$760,173, or 2.0 percent, and a State General Fund decrease of \$589,460, or 2.3 percent, below the FY 2018 agency request. The all funds reduction is largely due to the agency's supplemental requests, but does not include \$450,000 in supplemental capital outlay expenditures that are present in FY 2018. The agency's request includes 235.0 FTE positions, which is the same number as the FY 2018 agency request.

The **Governor** recommends FY 2019 operating expenditures of \$33.4 million, including \$20.4 million from the State General Fund. The recommendation is an all funds decrease of \$3.4 million, or 9.1 percent, and a State General Fund decrease of \$4.1 million, or 16.8 percent, below the agency's FY 2019 request. The decrease is attributable to the Governor's recommendation to decline \$3.8 million and 12.0 FTE positions in enhancement requests;

reduce expenditures for methamphetamine laboratory clean-up by \$50,000, all from the State General Fund; and hold KPERS employer contributions at the FY 2016 amount.

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustments:

FY 2019

1. Add \$154,181, including \$98,484 from the State General Fund, to restore Kansas Public Employee Retirement System employer contributions to the approved level for FY 2019.
2. Add \$664,737, all from the State General Fund, for an enhancement for six Forensic Scientist positions to fulfill the Sexual Assault Kit Initiative for FY 2019.
3. Add \$885,820, all from the State General Fund, for the agency's Recruitment and Retention Plan for FY 2019.
4. Delete \$820,000, all from the Record Check Fee Fund, to support the agency's Recruitment and Retention Plan enhancement request for FY 2019. The agency has requested a State General Fund appropriation for this purpose.

Sec. 150 — Emergency Medical Services Board

The **agency** requests operating expenditures of \$2.2 million, all from special revenue funds, for FY 2018. The request is an increase of \$101,756, or 4.9 percent, above the FY 2017 revised estimate. The increase is primarily attributable to increases in contractual services, salaries and wages, commodities, and capital outlay. The agency's request includes 14.0 FTE positions and 6.0 non-FTE positions, which is an increase of 2.0 non-FTE positions above the FY 2017 revised estimate. This increase is primarily due to the agency's enhancement request for \$107,195, all from special revenue funds, and 2.0 non-FTE unclassified permanent positions to provide examination services for skills testing across the state rather than contracting this service out.

Absent the enhancement request, the agency's FY 2018 request is a decrease of \$5,439, or 0.3 percent, below the FY 2017 revised estimate, and no change in positions.

The **Governor** recommends FY 2018 operating expenditures of \$2.2 million, all from special revenue funds. The recommendation is a decrease of \$8,233, or 0.4 percent, below the agency's FY 2018 request. The decrease is attributable to the Governor's recommendation to hold KPERS employer contributions at the FY 2016 amount, which results in a reduction of \$6,743, and to provide a moratorium on agency death and disability payments for one quarter, which results in a reduction of \$1,490. The Governor's recommendation also includes adjustments to reduce 4.0 FTE positions to accurately reflect the agency's reclassification of 4.0 positions from the classified service to the unclassified service for FY 2018 and the transfer of \$250,000 from the Emergency Medical Services Operating Fund to the State General Fund for FY 2018.

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustments:

FY 2018

1. Add \$6,743, all from special revenue funds, to restore Kansas Public Employee Retirement System employer contributions to the approved level for FY 2018.

2. Adopt GBA No. 1, Item 13, which adds \$2,804, all from the Emergency Medical Services Operating Fund, for FY 2018.

Sec. 151 — Emergency Medical Services Board

The **agency** requests operating expenditures of \$2.2 million, all from special revenue funds, for FY 2019. The request is a decrease of \$936, or less than 0.1 percent, below the FY 2018 request. The decrease is primarily attributable to decreases in commodities, aid to local units of government, and capital outlay. These decreases are partially offset by increases in salaries and wages and contractual services. The agency's request includes 14.0 FTE positions and 6.0 non-FTE positions, which is no change from the FY 2018 request. The expenditure decrease is primarily due to the agency's FY 2019 enhancement request for \$89,468, all from special revenue funds, and 2.0 non-FTE unclassified permanent positions to provide examination services for skills testing across the state rather than contracting this service out. This is the continuation of the FY 2018 enhancement request, but is a decrease of \$17,727, or 16.5 percent, below the FY 2018 enhancement requested amount, reflective of expenditures related to the initial establishment of the agency provided exam administration.

Absent the enhancement request, the agency's FY 2019 request is a decrease of \$90,404, or 4.1 percent, below the FY 2018 request.

The **Governor** recommends FY 2019 operating expenditures of \$2.2 million, all from special revenue funds. The recommendation is a decrease of \$9,490, or 0.4 percent, below the agency's FY 2019 request. The decrease is attributable to the Governor's recommendation to hold KPERS employer contributions at the FY 2016 amount. The Governor's recommendation also includes adjustments to reduce 4.0 FTE positions to accurately reflect the agency's reclassification of 4.0 positions from the classified service to the unclassified service for FY 2019 and transfer of \$250,000 from the Emergency Medical Services Operating Fund to the State General Fund for FY 2019.

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustments:

FY 2019

1. Add \$9,490, all from special revenue funds, to restore Kansas Public Employee Retirement System employer contributions to the approved level for FY 2019.

2. Adopt GBA No. 1, Item 13, which adds \$5,608, all from the Emergency Medical Services Operating Fund, for FY 2019.

Sec. 152 — Kansas Sentencing Commission

The **agency** requests FY 2018 operating expenditures of \$7.7 million, including \$7.4 million from the State General Fund. The request is an overall decrease of \$194,873, or 2.5 percent, and a State General Fund decrease of \$72,809, or 1.0 percent, below the FY 2017 estimate. The decrease is primarily attributable to lower contractual services expenditures related to the payment of a third-party utilization management company in FY 2017 offset by increases in the agency's reintegration modality within its Substance Abuse Treatment program.

The **Governor** recommends FY 2018 operating expenditures of \$7.7 million, including \$7.4 million from the State General Fund. The recommendation is an all funds decrease of \$8,232, or 0.1 percent, including a State General Fund decrease of \$7,612, or 0.1 percent, below the agency's FY 2018 request. The decrease is attributable to the Governor's recommendation to hold KPERs employer contributions at the FY 2016 amount, which results in an all funds reduction of \$6,742, including \$6,234 from the State General Fund, and to provide a moratorium on agency death and disability payments for one quarter, which results in an all funds reduction of \$1,490, including \$1,378 from the State General Fund.

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustments:

FY 2018

1. Add \$6,742, including \$6,234 from the State General Fund, to restore Kansas Public Employee Retirement System employer contributions to the approved level for FY 2018.

2. Adopt GBA No. 1, Item 13, which adds \$2,203, including \$2,093 from the State General Fund, for FY 2018.

Sec. 153 — Kansas Sentencing Commission

The **agency** requests \$7.6 million, including \$7.4 million from the State General Fund. The request is an all funds decrease of \$117,608, or 1.5 percent, and a State General Fund increase of \$6,577, or 0.1 percent, from the agency's FY 2018 request. The all funds decrease is primarily attributable to lower contractual services expenditures related to the payment of a third-party utilization management company and lower expenditures for other assistance due to the agency projecting that intermediate residential modality will be used less in coming years as intensive outpatient treatment modalities improve offset by increased expenditures in the agency's Administration program salaries and wages.

The **Governor** recommends FY 2019 operating expenditures of \$7.6 million, including \$7.4 million from the State General Fund. The recommendation is an all funds decrease of \$8,640, or 0.1 percent, and a State General Fund decrease of \$8,013, or 0.1 percent, below the agency's FY 2019 request. The decrease is attributable to the Governor's recommendation to hold KPERs employer contributions at the FY 2016 amount.

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustments:

FY 2019

1. Add \$8,640, including \$8,013 from the State General Fund, to restore Kansas Public Employee Retirement System employer contributions to the approved level for FY 2019.
2. Adopt GBA No. 1, Item 13, which adds \$4,406, including \$4,186 from the State General Fund, for FY 2019.

Sec. 154 — Kansas Commission on Peace Officers' Standards and Training

The **agency** requests operating expenditures totaling \$803,679, all from special revenue funds, for FY 2018. This is an all funds decrease of \$13,715, or 1.7 percent, below the FY 2017 revised estimate. The decrease is primarily attributable to decreases in salaries and wages and aid to local units of government expenditures. The largest decrease is in salary and wage expenditures due to expenditures returning to a normal level absent the one-time 27th payroll period in FY 2017. The agency's request includes 5.0 FTE positions and 2.0 non-FTE positions, which is no change from the FY 2017 revised estimate.

The **Governor** recommends FY 2018 operating expenditures of \$801,275, all from special revenue funds. The recommendation is a decrease of \$2,404, or 0.3 percent, below the agency's FY 2018 request. The decrease is attributable to the Governor's recommendation to hold KPERS employer contributions at the FY 2016 amount, which results in a reduction of \$1,969, and to provide a moratorium on agency death and disability payments for one quarter, which results in a reduction of \$435.

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustments:

FY 2018

1. Add \$1,969, all from special revenue funds, to restore Kansas Public Employee Retirement System employer contributions to the approved level for FY 2018.
2. Adopt GBA No. 1, Item 13, which adds \$1,803, all from the Kansas Commission on Peace Officers' Standards and Training Fund, for FY 2018.

Sec. 155 — Kansas Commission on Peace Officers' Standards and Training

The **agency** requests operating expenditures totaling \$835,189, all from special revenue funds, for FY 2019. This is an all funds increase of \$31,510, or 3.9 percent, above the FY 2018 request. The increase is primarily attributable to increases in salaries and wages, contractual services, and commodities expenditures. The increase is primarily attributable to additional expenditures for employer contributions to state employee retirement and fringe benefit expenditures. The agency's request includes 5.0 FTE positions and 2.0 non-FTE positions, which is no change from the FY 2018 request.

The **Governor** recommends FY 2019 operating expenditures of \$829,473, all from special revenue funds. The recommendation is a decrease of \$5,716, or 0.7 percent, below the agency's FY 2019 request. The decrease is attributable to the Governor's recommendation to hold KPERS employer contributions at the FY 2016 amount.

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustments:

FY 2019

1. Add \$5,716, all from special revenue funds, to restore Kansas Public Employee Retirement System employer contributions to the approved level for FY 2019.
2. Adopt GBA No. 1, Item 13, which adds \$3,605, all from the Kansas Commission on Peace Officers' Standards and Training Fund, for FY 2019.

Sec. 156 — Department of Agriculture

The **agency** requests FY 2018 expenditures of \$44.5 million, a decrease of \$3.6 million, or 7.5 percent, below the FY 2017 revised estimate. The request includes \$9.2 million from the State General Fund, a decrease of \$334,578, or 3.5 percent, below the FY 2017 revised estimate. The decrease is largely attributable to decreases in State Water Plan Fund expenditures due in part to uncertainty in carry-forward funding (\$2.4 million), and less federal grants (\$2.0 million).

The **Governor** recommends FY 2018 expenditures of \$44.3 million, including \$9.1 million from the State General Fund. This recommendation is an all funds decrease of \$261,941, or 0.6 percent, and a State General Fund decrease of \$110,718, or 1.2 percent, below the agency request. The decrease is attributable to the following:

- Delete \$544,775, all from the State General Fund, to not recommend the agency's FY 2018 enhancement requests;
- Add \$508,959, all from the State General Fund, to not recommend the agency's reduced resources package; and
- Delete \$226,125, including \$74,902 from the State General Fund, for the Governor's recommendation to hold KPERS employer contributions at the FY 2016 amount, which results in an all funds reduction of \$185,200, including \$61,345 from the State General Fund, and to provide a moratorium on agency employer contributions for death and disability payments for one quarter, which results in an all funds reduction of \$40,925, including \$13,557 from the State General Fund.

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustments:

FY 2018

1. Add \$185,200, including \$61,345 from the State General Fund, to restore Kansas Public Employee Retirement System employer contributions to the approved level for FY 2018.

2. Add \$60,000, all from special revenue funds, for the acquisition of a Quattro Micro Analyzer and a Bentley Somatic Cell Counter for FY 2018.

Sec. 157 — Department of Agriculture

The **agency** requests FY 2019 expenditures of \$45.7 million, an increase of \$1.1 million, or 2.5 percent, above the FY 2018 request. The request includes \$9.0 million from the State General Fund, a decrease of \$175,500, or 1.9 percent, below the FY 2018 request. The all funds increase is largely attributable to increased State Water Plan Fund expenditures and budgeting shrinkage at a lower level, offset in part by decreased expenditures for scientific equipment for the laboratory.

The **Governor** recommends FY 2019 expenditures of \$45.5 million, a decrease of \$131,491, or 0.3 percent, below the agency request. The recommendation includes \$9.1 million from the State General Fund, an increase of \$105,892, or 1.2 percent, above the agency request.

The all funds decrease and State General Fund increase are attributable to the following:

- Delete \$298,010, all from the State General Fund, to not recommend the agency's enhancement request for FY 2019;
- Add \$512,710, all from the State General Fund, to not recommend the agency's reduced resources package; and
- Delete \$346,191, including \$108,808 from the State General Fund. The decrease is attributable to the Governor's recommendation to hold KPERS employer contributions at the FY 2016 amount.

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustments:

FY 2019

1. Add \$346,191, including \$108,808 from the State General Fund, to restore Kansas Public Employee Retirement System employer contributions to the approved level for FY 2019.

Sec. 158 — Kansas State Fair

The **agency** requests total FY 2018 expenditures of \$6.4 million, an increase of \$33,709, or 0.5 percent, above the FY 2017 revised request. The request includes \$1.0 million from the State General Fund, an increase of \$151,600, or 17.9 percent, above the FY 2017 revised request.

The agency requests FY 2018 operating expenditures of \$5.3 million, an increase of \$8,709, or 0.2 percent, above the FY 2017 revised estimate. The request includes \$390,150 from the State General Fund, an increase of \$126,600, or 48.0 percent, above the FY 2017 revised estimate. The increase is largely attributable to utilities and employer contributions to fringe benefits.

The agency budget request includes 33.0 FTE positions. The agency indicates that this submission was in error; they intended to submit a budget of 25.0 FTE positions, which is no change from the prior amount.

The **Governor** recommends FY 2018 operating expenditures of \$5.2 million, including \$240,150 from the State General Fund. The recommendation is an all funds decrease of \$169,897, or 3.2 percent, and a State General Fund decrease of \$150,000, or 38.4 percent, below the agency's FY 2018 request. The decrease is attributable to the Governor not recommending the agency's enhancement request for additional utility expenditures from the State General Fund, as well as the Governor's recommendation to hold KPERS employer contributions at the FY 2016 amount, which results in a reduction of \$16,296, all from special revenue funds, and to provide a moratorium on agency employer contributions for death and disability payments for one quarter, which results in a reduction of \$3,601, all from special revenue funds.

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustments:

FY 2018

1. Add \$16,296, all from special revenue funds, to restore Kansas Public Employee Retirement System employer contributions to the approved level for FY 2018.

The agency requests FY 2019 operating expenditures of \$5.4 million, an increase of \$38,941, or 0.7 percent, above the FY 2018 request. The request includes \$365,750 from the State General Fund, a decrease of \$24,400, or 6.3 percent, below the FY 2018 request. The increase is largely attributable to employer contributions to fringe benefits and salary increases.

The agency budget request includes 33.0 FTE positions. The agency indicates that this submission was in error; they intended to submit a budget of 25.0 FTE positions, which is no change from the prior amount.

The **Governor** recommends FY 2019 operating expenditures of \$5.2 million, including \$215,750 from the State General Fund. The recommendation is an all funds decrease of \$173,758, or 3.2 percent, and a State General Fund decrease of \$150,000, or 41.0 percent, below the agency's FY 2019 request. The decrease is attributable to the Governor not recommending the agency's enhancement request for additional utility expenditures from the State General Fund, as well as the Governor's recommendation to hold KPERS employer contributions at the FY 2016 amount.

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustments:

Sec. 160 — Kansas Water Office

The **agency** requests FY 2018 expenditures of \$6.6 million, including \$824,071 from the State General Fund. This request is an all funds decrease of \$2.1 million, or 24.3 percent, and a State General Fund decrease of \$80,505, or 8.9 percent, below the FY 2017 estimate. This decrease is largely attributable to decreased expenditures for State Water Plan Fund projects arising from decreasing revenues into that fund, decreased expenditures for the Republican River Basin due to encumbering funds for an ongoing project in prior fiscal years, and budgeting

federal grants at zero due to uncertainty regarding whether the grants will be awarded, and the completion of a Taste and Odor study in FY 2017.

The **Governor** recommends FY 2018 expenditures of \$6.6 million, including \$859,109 from the State General Fund. The recommendation is an all funds decrease of \$15,532, or 0.2 percent, and a State General Fund increase of \$35,038, or 4.3 percent, from the agency's FY 2018 request. The decrease is attributable to the Governor's recommendation to hold KPERS employer contributions at the FY 2016 amount, which results in an all funds reduction of \$12,721, including \$6,826, from the State General Fund, and to provide a moratorium on agency employer contributions for death and disability payments for one quarter, which results in an all funds reduction of \$2,811, including \$1,508 from the State General Fund. Additionally, the State General Fund increase is attributable to not recommending the agency's reduced resource package, which had paid for some State General Fund rent expenses with the Water Marketing Fund.

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustments:

FY 2018

1. Add \$12,721, including \$6,826 from the State General Fund, to restore Kansas Public Employee Retirement System employer contributions to the approved level for FY 2018.

2. Adopt GBA No. 1 Item 13 which adds \$3,805, including \$2,664 from the State General Fund, for FY 2018.

Sec. 161 — Kansas Water Office

The **agency** requests FY 2019 expenditures of \$6.6 million, including \$830,718 from the State General Fund. This request is an all funds decrease of \$1,661, or less than 0.1 percent, and a State General Fund increase of \$6,647, or 0.8 percent, from the FY 2018 request. This change is largely attributable to increased expenditures for employer contributions to fringe benefits offset by decreases in State Water Plan Fund projects resulting from decreased revenue into that fund.

The **Governor** recommends FY 2019 operating expenditures of \$6.6 million, including \$864,844 from the State General Fund. The recommendation is an all funds decrease of \$17,892, or 0.3 percent, and a State General Fund increase of \$34,126, or 4.1 percent, from the agency's FY 2019 request. The decrease is attributable to the Governor's recommendation to hold KPERS employer contributions at the FY 2016 amount. Additionally, the State General Fund increase is attributable to not recommending the agency's reduced resource package, which had paid for some State General Fund rent expenses with the Water Marketing Fund.

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustments:

FY 2019

1. Add \$17,892, including \$9,596 from the State General Fund, to restore Kansas Public Employee Retirement System employer contributions to the approved level for FY 2019.

2. Adopt GBA No. 1 Item 13 which adds \$7,611, including \$5,328 from the State General Fund, for FY 2019.

Sec. 162 — Department of Wildlife, Parks and Tourism

The **agency** requests FY 2018 operating expenditures of \$66.8 million, all from special revenue funds. This request is an increase of \$5.5 million, or 8.9 percent, above the FY 2017 revised estimate. The increase is primarily attributable to employer contributions to fringe benefits, vehicle replacements, utilities expenses in the parks, gasoline, and the inclusion of agricultural fund expenditures from the public lands division within the budget.

The **Governor** recommends FY 2018 operating expenditures of \$66.5 million, all from special revenue funds. The recommendation is a decrease of \$260,215, or 0.4 percent, below the agency's FY 2018 request. The decrease is attributable to the Governor's recommendation to hold KPERS employer contributions at the FY 2016 amount, which results in a reduction of \$212,965, and to provide a moratorium on employer contributions for death and disability for one quarter, which results in a reduction of \$47,250.

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustments:

FY 2018

1. Add language permitting the agency to spend from special revenue funds for providing pay raises for natural resource officers for FY 2018.
2. Add \$212,965, all from special revenue funds, to restore Kansas Public Employee Retirement System employer contributions to the approved level for FY 2018.
3. Adopt GBA No. 1 Item 13 which adds \$132,186, all from special revenue funds, for FY 2018.

Sec. 163 — Department of Wildlife, Parks and Tourism

The **agency** requests FY 2019 operating expenditures of \$67.1 million, all from special revenue funds. The request is an increase of \$334,666, or 0.5 percent, above the FY 2018 request. The increase is primarily attributable to increased employer contributions for fringe benefits and utilities expenses in the parks.

The **Governor** recommends FY 2019 operating expenditures of \$66.1 million, all from special revenue funds. The recommendation is a decrease of \$1.0 million, or 1.5 percent, below the agency's FY 2019 request. The decrease is attributable to the following:

- The Governor's recommendation to hold KPERS employer contributions at the FY 2016 amount, which results in a reduction of \$447,758;
- The Governor does not recommend the agency's enhancement request of \$140,000, all from special revenue funds, for replacement of trucks utilized for fish stocking for FY 2019; and

- The Governor does not recommend the agency's enhancement request of \$440,000, all from special revenue funds, for replacement of agency vehicles in the Law Enforcement and Public Lands Divisions.

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustments:

FY 2019

3. Adopt GBA No. 1 Item 13 which adds \$264,373, all from special revenue funds, for FY 2019.

Sec. 164 — Kansas Department of Transportation

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustments:

FY 2017

1. Adopt GBA No. 1, Item 18, to transfer an additional \$6.2 million from the State Highway Fund to the State General Fund in FY 2017.

Sec. 165 — Kansas Department of Transportation

The **agency** requests a FY 2018 reportable budget of \$1.3 billion, all from special revenue funds, a decrease of \$253.5 million, or 16.4 percent, below the FY 2017 revised estimate. The agency's FY 2018 budget reflects this being the eighth year of the T-WORKS program and the continuation of current and planned project expenditures, and reflects the agency's best estimate as to project expenditure schedules. The decrease is related particularly to reductions made to T-WORKS construction expenditures for expansion and modernization projects, which have been delayed to FY 2019 and beyond.

The FY 2018 request includes operating expenditures totaling \$628.5 million, which is a decrease of \$21.7 million, or 3.3 percent, below the FY 2017 revised reportable operating budget. The FY 2018 request includes salaries and wages expenditures totaling \$142.5 million, which is a decrease of \$1.6 million, or 1.1 percent, below the FY 2017 revised estimate. The agency states the FY 2018 budget reflects the return to 26 pay periods (FY 2017 included an additional pay period) as well as adjustments to account for changes in benefit rates and inflation. The agency notes the FY 2018 request does not include any shrinkage. The FY 2018 request includes 1,846.0 FTE positions and 464.0 non-FTE positions, which is no change from the FY 2017 revised estimate.

The agency's budget submission notes federal and local aid reimbursements estimates within the FY 2018 request totaling \$386.9 million. This is a decrease of \$2.2 million, or 0.6 percent, below the FY 2017 revised estimate.

The **Governor** recommends FY 2018 operating expenditures of \$901.7 million, all from special revenue funds. The recommendation is an all funds decrease of \$392.7 million, or 30.3 percent, below the agency's FY 2018 request. The decrease is attributable to the Governor's recommendation to hold KPERS employer contributions at the FY 2016 amount, which results in an all funds reduction of \$1.1 million, all from special revenue funds, and to provide a moratorium on employer contributions for death and disability for one quarter, which results in an all funds reduction of \$245,533. Additional adjustments included within the Governor's recommendation for FY 2018 are as follows:

- Transfer \$288.3 million from the State Highway Fund to the State General Fund, and continue ordinary transfers to other state agencies;
- Reduce preservation project expenditures by \$393.1 million to account for recommended revenue transfers;
- Add \$1.8 million, all from the Special City and County Highway Fund, in order to reflect the most recent estimated revenues and expenditures by the November 2016 Highway Consensus Revenue Estimating group for FY 2018;
- Reallocate \$1.8 million in requested buildings projects expenditures to preservation projects expenditures for FY 2018; and
- Reallocate (technical correction) \$517,627, in special revenue fund expenditures, from the Maintenance program to the Administration program.

2. Adopt GBA No. 1, Item 18, which would transfer an additional \$4.9 million from the State Highway Fund to the State General Fund for FY 2018.

3. Add \$252,380, all from the State Highway Fund, for 2017 HB 2096 for FY 2018. This amount includes \$250,000 for transit bus operation on certain highway shoulders in Wyandotte county, and \$2,380 for the Eldon K. Miller memorial highway designation contained within 2017 HB 2096 for FY 2018.

The FY 2019 request includes salaries and wages expenditures totaling \$144.5 million, which is an increase of \$2.0 million, or 1.4 percent, above the FY 2018 request. The agency states the FY 2019 budget reflects adjustments to account for increases for employee benefit rates and inflation. The agency notes the FY 2019 request does not include any shrinkage. The FY 2019 request includes 1,846.0 FTE positions and 464.0 non-FTE positions, which is no change from the FY 2018 request.

The agency's budget submission notes Federal and Local Aid reimbursements estimates within the FY 2019 request totaling \$388.6 million. This is an increase of \$1.7 million, or 0.45 percent, above the FY 2018 request.

The recommendation is an all funds decrease of \$378.5 million, or 24.5 percent, below the agency's FY 2019 request. The decrease is attributable to the Governor's recommendation to hold KPERS employer contributions at the FY 2016 amount, which results in an all funds reduction of \$1.6 million. Additional adjustments included within the Governor's recommendation for FY 2019 are as follows:

The request includes the enhancement for rehabilitation and repair from FY 2017. The State General Fund increase is attributable to:

- \$19.4 million for demolition of the Docking State Office Building and construction of the new Energy Service Center;
- \$7.4 million for additional debt service on the National Bio and Agro-Defense Facility;
- \$2.0 million in additional principal payments on other bonds due to the shift from interest to principal as the bonds mature; and
- \$335,000 for a new 2016H refunding issuance, which reduces total State General Fund debt service statewide and relocates these payments to the Department of Administration.

The FY 2018 agency request also includes an increase in State Highway Fund debt service principal on the Statehouse of \$1.5 million, which is mostly offset by reduced interest payments.

The **Governor** recommends \$42.9 million in capital improvements expenditures for FY 2018. This is a decrease of \$20.7 million, or 32.5 percent, all from the State General Fund below the FY 2018 agency request. - \$5.1 million for additional debt service on the 2015H refunding, which includes the University of Kansas Medical Education Building, Kansas Water Office, portions of the Capitol Restoration, and other Kansas projects. Savings from the refunding were front loaded into FY 2016 and FY 2017 to realize the savings early;
- \$1.3 million in additional principal payments on other bonds due to the shift from interest to principal as the bonds mature; and
- A \$10.2 million reduction in debt service for the Comprehensive Transportation Plan due to making the final payments on those bonds.

The **Governor** recommends \$39.5 million in capital improvements expenditures for FY 2019. This is a decrease of \$6.6 million, or 14.3 percent, all from the State General Fund below the FY 2019 agency request. The decrease is primarily attributable to the lack of reappropriated funds that appear in the FY 2017 revised estimate, partially offset by an increase in debt service principal payments. The increase in debt service principal payments is attributable to the agency shifting more expenditures from debt service interest to debt service principal as the loan is being paid down. The rehabilitation and repair funding includes projects at the four state hospitals. This request is a decrease of \$142,000, or 1.3 percent, below the FY 2018 request. The decrease is attributable to rehabilitation and repair, offset in part by increases in federally mandated boating access. This request includes the following projects:

Sec. 226 — Kansas State Fair Capital Improvements

The Kansas State Fair operates two funds: the State Fair Fee Fund and the State Fair Capital Improvements Fund. The State Fair Fee Fund received revenue from the Fair and expends that revenue for operating expenditures. Pursuant to KSA 2-223, the State Fair Fee Fund transfers at least 5.0 percent of annual gross receipts from the State Fair Fee Fund to the State Fair Capital Improvements Fund for use for capital improvements projects. KSA 2-223(c) specifies that this transfer is matched by a transfer from the State General Fund to the State Fair Capital Improvements Fund up to \$300,000. In FY 2016 and FY 2017, this transfer was reduced to \$100,000.

The **Governor** recommends suspending the matching transfer from the State General Fund to the State Fair Capital Improvements Fund for FY 2018 and FY 2019.

HOUSE COMMITTEE RECOMMENDATION. The House Committee concurs with the Governor's recommendation with the following adjustment:

FY 2018

1. Transfer \$100,000, all from the State General Fund, to the State Fair Capital Improvements Fund for FY 2018.

Sec. 227 — Housing Trust Fund

The **Governor** recommends that \$2.0 million per year be transferred from the Economic Development Initiatives Fund to the State Housing Trust Fund for FY 2018, FY 2019, and FY 2020. Expenditures from the State Housing Trust Fund shall be used for loans or grants for infrastructure or housing development in rural areas.

Sec. 229 — Abandoned Oil and Gas Well Transfer

The Abandoned Oil and Gas Well Fund, operated by the Kansas Corporation Commission, expends funds for plugging wells that have been abandoned and were originally drilled prior to FY 1997. Wells are plugged for a variety of reasons, including prevention of groundwater contamination.

The Abandoned Oil and Gas Well Fund receives funding via transfers from the State General Fund (\$400,000 annually), the Conservation Fee Fund (\$800,000 annually), and the Well Plugging Assurance Fund (\$500,000 annually). Additionally, pursuant to the federal Mineral Leasing Act, 30 USC 181, federally owned minerals are leased for production of natural resources including petroleum, natural gas, and coal. Of these royalties, 50.0 percent are remitted to the states. Pursuant to KSA 27-118, 50.0 percent of this amount is deposited into the Abandoned Oil and Gas Well Fund and the remaining 50.0 percent is credited to the State General Fund.

The **Governor** recommends suspending the State General Fund transfer to the Abandoned Oil and Gas Well Fund for FY 2018, FY 2019, and FY 2020.

1. 6. Add language suspending the 18.0 percent limit on annual debt service to annual state highway fund revenues for FY 2019.

Sec. 231 — KPERs Policy

For FY 2018, and FY 2019, the **Governor** recommends the employer contribution amounts be reduced, with the intention of holding employer contributions in these fiscal years to

a similar amount as FY 2016 actual employer contributions, which included a quarter moratorium. This proposal also eliminates the scheduled contribution rate increases for FY 2017 through FY 2019. The estimated expenditure reduction to freeze KPERS employer contributions is \$141.4 million, including \$140.2 million from the State General Fund, for FY 2018; and \$202.3 million, including \$198.5 million from the State General Fund, for FY 2019. Additionally, the Governor recommends not to pay approximately \$97.4 million, all from the State General Fund, in delayed FY 2016 employer contributions, in FY 2018 with 8.0 percent interest per annum.

The Governor's recommendation includes a transfer from the State General Fund to the Job Creation Fund of \$3.5 million for FY 2018. The Governor reduces by \$18.7 million to \$3.5 million the planned transfer of approximately \$22.2 million from income tax withholdings to the Job Creation Program Fund (JCPF) for FY 2019. The planned transfer amount of \$22.2 million is due to the statute reverting back to the original language in KSA 74-50,107 that requires the JCPF to receive 2.0 percent of withholding after IMPACT debt service payments are made and a process that requires the Secretary of Revenue to certify an amount to the JCPF based on the net savings from certain eliminated tax credits compared to the expense deduction.
