REGARDING SENATE BILL 334

I understand the urgent need to address the workforce shortage in skilled nursing and to have a sufficient number of educators to prepare future nurses. However, I have concerns that the lowered educational requirements for educators in **Senate Bill 334** would result in a decreased level of rigorous academic training that would leave prospective nurses unprepared to deliver the standard of care Kansans trust nursing professionals to provide. Nurses are on the frontlines of caring for Kansans in medical situations ranging from simple preventive care to emergency trama response, and we should honor the responsibility of these roles by ensuring they receive the highest quality education possible. For these reasons, I am letting **Senate Bill 334** become law without my signature.

LAURA KELLY, *Governor* (April 3, 2026)

REGARDING VETO OF SENATE BILL 30

This bill would require updates to existing occupational licenses or new licenses to be reviewed and approved by the legislature. This is another inappropriate power grab inserting legislators without the technical knowledge to appropriately judge. Not only do they lack the required expertise, but this process would simply add bureaucratic red tape and bloated administrative busy work. It is the role of the legislature to solve big problems only it can, not micromanage the state agencies with technical expertise for these professions.

Therefore, under Article 2, Section 14(a) of the Constitution, I hereby veto **Senate Bill 30**.

LAURA KELLY, *Governor* (April 6, 2026)

SB 30 AN ACT concerning labor and employment; relating to occupational licensing; providing for occupational licensing annual reports by agencies to the joint committee on administrative rules and regulations; requiring that adoption of new occupational licenses and material changes to existing occupational licenses by a state agency be approved by the legislature by ratification.

REGARDING VETO OF SENATE BILL 375

The process by which this bill came to my desk was one of political games. A bill of this magnitude needed much further vetting and a full debate in the House. Kansans expect their laws to be considered and written in a thoughtful manner that allow their elected officials in both chambers the opportunity to represent them. Not whatever this process was. Therefore, under Article 2, Section 14(a) of the Constitution, I hereby veto **Senate Bill 375**.

LAURA KELLY, *Governor* (April 6, 2026)

SB 375 AN ACT concerning consumer protection; relating to investments; enacting the proxy advisor transparency act; providing legislative findings and definitions; requiring proxy advisors to make certain disclosures when recommending an action against company management; authorizing the attorney general to investigate and take enforcement actions against violators.

REGARDING VETO OF SENATE BILL 361

This new federal program needs to be thoroughly vetted to understand the potential impact on funding for our public schools. If it is, in essence, just another voucher program designed to re-direct taxpayer dollars to private schools to the detriment of our public schools, Kansans have made clear they don't want it. My veto allows time for proper vetting and educated decision-making. Therefore, pursuant to Article 2, Section 14(a) of the Constitution of the State of Kansas, I hereby veto **Senate Bill 361**.

LAURA KELLY, *Governor* (April 8, 2026)

SB 361 AN ACT concerning education; relating to federal tax credits for contributions to scholarship granting organizations; electing to participate in the federal tax credit for individual contributions to scholarship granting organizations.

REGARDING VETO OF SENATE BILL 391

At a time when Kansans are facing ever-increasing costs and sky-high rents, the Legislature chose to pass a bill that will make it harder for Kansas renters to find an affordable place to live. This bill also takes away the discretion of local elected officials to formulate housing policy that's best for their community. I encourage the Legislature to focus on policy that respects the authority of local officials and that makes it easier, not harder, for Kansans to afford basic necessities. Therefore, pursuant to Article 2, Section 14(a) of the Constitution of the State of Kansas, I hereby veto **Senate Bill 391**.

LAURA KELLY, *Governor* (April 8, 2026)

SB 391 AN ACT concerning private rental housing; prohibiting cities and counties from adopting or enforcing any ordinance or resolution that requires landlords to lease housing to tenants receiving financial assistance from or through the housing choice voucher program or any other housing assistance program or that otherwise restricts a landlord's ability to consider the income source of a prospective tenant.

REGARDING VETO OF SENATE BILL 462

Local elected officials and local government officials are best equipped, and constitutionally and/or statutorily authorized, to deal with issues of local concern. Should they need the assistance of the state Attorney General to resolve an issue, they can call upon him/her. This bill would transfer the underlying authority from the locals to the Attorney General. There is no good reason for this usurpation of power. Therefore, pursuant to Article 2, Section 14(a) of the Constitution of the State of Kansas, I hereby veto **Senate Bill 462**.

LAURA KELLY, *Governor* (April 8, 2026)

SB 462 AN ACT concerning civil actions; relating to actions in negligence; prohibiting certain persons from recovering damages in such actions; relating to public nuisance; prohibiting civil actions for certain nuisances; providing that only the attorney general may file claims regarding public nuisances that are not wholly contained in one political subdivision unless the attorney general delegates authorization to one or more political subdivisions of the state to file such claims; requiring special injury for certain public nuisance actions.

"I've always believed that local elected officials are best suited to make these types of policy decisions for their constituents. Local leaders and law enforcement officials, not the state government, should determine how these types of security fences are used in their communities.

Therefore, pursuant to Article 2, Section 14(a) of the Constitution of the State of Kansas, I hereby veto **House Bill 2603**."

A motion was made that **HB 2603** be passed notwithstanding the Governor's veto. By vote of 85 Yeas and 38 Nays, the motion having received the required two-thirds constitutional majority of the members elected or appointed to the House of Representatives, voting in the affirmative, the bill passed.

Announcing the House here with transmits the veto message from the Governor, together with the enrolled copy of **HB 2719**, AN ACT concerning administrative rules and regulations; relating to the rules and regulations filing act; providing exceptions for technical amendments; creating a process for certain rules and regulations to receive priority status in the adoption process; removing references to the revival of rules and regulations; clarifying that the department of the budget is not required to approve proposed rules and regulations that are otherwise mandated by federal law; adding references to department of corrections rules and regulations that are not subject to the act; requiring an agency to submit a proposed rule and regulation to the joint committee on administrative rules and regulations prior to presentation of a bill to the legislature for ratification and resubmit a rule and regulation to the committee if ratified; amending K.S.A. 75-3504, 77-419 and 77-437 and K.S.A. 2025 Supp. 77-415, 77-416, 77-420, 77-421 and 77-441 and repealing the existing sections; also repealing K.S.A. 77-418., which was received on April 6, 2026 and read on April 9, 2026.

"While I appreciate the Legislature's efforts to clean up a bill that should have not been passed in the first place, this bill further confuses the rule-making process and makes state government less efficient and cost effective, not more. It is a blatant attempt by the Legislature to undermine the separate, but equal, authority of the executive branch by micro-managing state agency functions.

Therefore, pursuant to Article 2, Section 14(a) of the Constitution of the State of Kansas, I hereby veto **House Bill 2719**."

A motion was made that **HB 2719** be passed notwithstanding the Governor's veto. By vote of 89 Yeas and 34 Nays, the motion having received the required two-thirds constitutional majority of the members elected or appointed to the House of Representatives, voting in the affirmative, the bill passed.

Announcing the House here with transmits the veto message from the Governor, together with the enrolled copy of **HB 2727**, AN ACT concerning abortion; relating to the woman's-right-to-know act; providing for the plaintiff to elect to limit recovery in claims brought for violations of such act; making the laws providing for medical

malpractice screening panels inapplicable when such election is made; amending K.S.A. 2025 Supp. 65-6708 and repealing the existing section., which was received on April , 2026 and read on April 9, 2026.

"Kansans have made it clear that they want the government to stay out of women's private health care decisions. This bill is another attempt by politicians to involve themselves in these private decisions, this time by trying to intimidate health care providers. At some point, I hope the politicians in Topeka will recognize that Kansans want them out of their doctors' offices, but until they do, I'll continue to veto bills like this.

Therefore, pursuant to Article 2, Section 14(a) of the Constitution of the State of Kansas, I hereby veto **House Bill 2727**."

A motion was made that **HB 2727** be passed notwithstanding the Governor's veto. By vote of 87 Yeas and 36 Nays, the motion having received the required two-thirds constitutional majority of the members elected or appointed to the House of Representatives, voting in the affirmative, the bill passed.

Announcing the House here with transmits the veto message from the Governor, together with the enrolled copy of **HB 2729**, AN ACT concerning abortion; relating to the woman's-right-to-know act; requiring the Kansas department of health and environment to provide certain forms and notices to physicians; amending K.S.A. 65-6709 and K.S.A. 2025 Supp. 65-6716 and repealing the existing sections., which was received onApril 6, 2026 and read on April 9, 2026.

"This bill requires the state to put false medical information out that has no scientific basis and only serves to mislead women. Kansans have made it clear that they want the government to stay out of women's private health care decisions. This bill does the opposite.

Therefore, pursuant to Article 2, Section 14(a) of the Constitution of the State of Kansas, I hereby veto House Bill 2729."

A motion was made that **HB 2729** be passed notwithstanding the Governor's veto. By vote of 87 Yeas and 36 Nays, the motion having received the required two-thirds constitutional majority of the members elected or appointed to the House of Representatives, voting in the affirmative, the bill passed.

Announcing the House here with transmits the veto message from the Governor, together with the enrolled copy of **HB 2329**, AN ACT concerning children and minors; changing the name of juvenile crisis intervention centers to juvenile stabilization centers; modifying the intake criteria for such centers; prohibiting certain rules and regulations for such centers; modifying the treatment and services provided by such centers; relating to the revised Kansas juvenile justice code; increasing the cumulative detention limit for juvenile offenders and criminal penalties for juvenile offenders who use a firearm in the commission of an offense or who are repeat offenders; providing for increased placement of juvenile offenders in non-foster home beds in youth residential facilities; requiring the secretary of corrections to pay for the costs associated with such placements between July 1, 2026, and July 1, 2030; requiring the Kansas juvenile justice oversight committee to monitor the impact and effectiveness of such placements; authorizing the secretary to make expenditures from the evidence-based programs account of the state general fund moneys to contract for such beds in youth residential facilities prior to July 1, 2030; transferring moneys from such account of the state

general fund to the department for children and families to provide juvenile stabilization services; amending K.S.A. 38-2232, 38-2242, 38-2361, 38-2365, 38-2369, 38-2399, 75-52,161 and 75-7023 and K.S.A. 2025 Supp. 38-2243, 38-2330, 38-2391, 65-536 and 75-52,164 and repealing the existing sections., which was received on April 8, 2026 and read on April 9, 2026.

"In 2016, after much thoughtful fact-finding and deliberation, the Kansas Legislature passed **SB 367**, a monumental overhaul of our approach to our juvenile justice system. The effort was led by Representative Russ Jennings, the late former Commissioner of the Kansas Juvenile Justice Authority and a nationally recognized expert in the field. The intent of the reforms in **SB 367** was to reduce the number of children in the "system" by providing more effective diversion and treatment programs in the community. Overall, the reforms worked. But they also exposed some gaps in the system, primarily centered around appropriate placement for children whose behaviors made it hard to find suitable placement for them in the community. **HB 2329** was a well-intentioned response to that problem. Unfortunately, while looking for a solution for one problem, **HB 2329** would reverse much of the forward progress made under **SB 367**. I encourage the Legislature to set up a special committee to study this issue again, in depth, and craft legislation that will build on the successes of **SB 367** and retain Kansas' position as a leader in the Juvenile Justice realm.

Therefore, pursuant to Article 2, Section 14(a) of the Constitution of the State of Kansas, I hereby veto **House Bill 2329**."

A motion was made that **HB 2329** be passed notwithstanding the Governor's veto. By vote of 89 Yeas and 34 Nays, the motion having received the required two-thirds constitutional majority of the members elected or appointed to the House of Representatives, voting in the affirmative, the bill passed.

Announcing the House here with transmits the veto message from the Governor, together with the enrolled copy of **S Sub HB 2004**, AN ACT concerning public assistance; requiring the secretary for children and families and the office of inspector general to exchange information and documents related to cash assistance, childcare assistance and food assistance fraud investigations; requiring the secretary for children and families and the secretary of health and environment to execute a memorandum of understanding or other written data-sharing instrument upon written request of the United States department of agriculture or the United States department of health and human services; requiring such secretaries to comply with written data requests from such federal agencies made pursuant to such memorandum of understanding or written data-sharing instrument; amending K.S.A. 39-760 and repealing the existing section., which was received on April 8, 2026 and read on April 9, 2026.

"Due to the sensitive, personal information the Department for Children and Families (DCF) and the Kansas Department of Health and Environment (KDHE) maintain on Kansans who participate in programs like SNAP, there are strict data privacy protections regarding which entities have access to this data already embedded in federal law. This bill puts DCF and KDHE in the untenable position of violating state or federal law, thus open to lawsuits.

Therefore, pursuant to Article 2, Section 14(a) of the Constitution of the State of Kansas, I hereby veto **Senate Substitute for House Bill 2004**."

A motion was made that **S Sub HB 2004** be passed notwithstanding the Governor's veto. By vote of 85 Yeas and 38 Nays, the motion having received the required two-

thirds constitutional majority of the members elected or appointed to the House of Representatives, voting in the affirmative, the bill passed.

Announcing the House here with transmits the veto message from the Governor, together with the enrolled copy of **HB 2333**, AN ACT concerning education; relating to postsecondary educational institutions; enacting the Kansas intellectual rights and knowledge act; providing a civil cause of action and penalties for violations of such act; authorizing students and student associations to exercise political and ideological beliefs, values and missions; amending K.S.A. 60-5311, 60-5312 and 60-5313 and repealing the existing sections., which was received on April 8, 2026 and read on April 9, 2026.

"I have long believed that the quality of public debate in our nation has been declining, and I strongly support the toning down of political rhetoric and a return to civility. Schools and college campuses are excellent places to begin this process. However, free speech and civil discussion are already protected by our state and federal constitutions. This will cause confusion for courts and schools and create confusing caselaw.

Therefore, pursuant to Article 2, Section 14(a) of the Constitution of the State of Kansas, I hereby veto **House Bill 2333**."

A motion was made that **HB 2333** be passed notwithstanding the Governor's veto. By vote of 85 Yeas and 38 Nays, the motion having received the required two-thirds constitutional majority of the members elected or appointed to the House of Representatives, voting in the affirmative, the bill passed.

Announcing the House here with transmits the veto message from the Governor, together with the enrolled copy of **S Sub HB 2372**, AN ACT concerning law enforcement; creating the crime of unlawful approach of a first responder and providing penalties therefor; requiring traffic laws that apply to local and state law enforcement to apply to federal law enforcement; including federal law enforcement in the definitions used in the crime of interference with law enforcement; including buildings owned by the United States in the crime of interference with the conduct of public business in public buildings; including enforcement of federal laws and executive orders in the exceptions from liability in the tort claims act; relating to the enforcement of detainers issued by the United States immigration and customs enforcement by a county sheriff operating a county jail; requiring municipal insurance pools to provide coverage of law enforcement agencies enforcing federal law; requiring the state to pay certain judgments in federal civil actions and provide legal representation by the attorney general; exempting section 287(g) agreements from certain provisions of the interlocal cooperation act; amending K.S.A. 8-1404, 8-2010, 12-2904, 21-5904 and 21-5922 and K.S.A. 2025 Supp. 8-1102 and 75-6104 and repealing the existing sections., which was received on April 8, 2026 and read on April 9, 2026.

"This legislation poses a myriad of legal concerns. First this legislation creates serious tension between ensuring law enforcement officers can carry out their duties while respecting the First Amendment rights of Kansans to observe and record their actions.

Second, there are already federal laws in place establishing the crime of interfering with federal law enforcement, meaning there is no need to create a state crime for the same unlawful activity. Additionally, this legislation would increase liability exposure, increase costs, and remove local control from county commissions in making

determinations about preserving public safety and law enforcement operations.

Therefore, pursuant to Article 2, Section 14(a) of the Constitution of the State of Kansas, I hereby veto **Senate Substitute for House Bill 2372**."

A motion was made that **S Sub HB 2372** be passed notwithstanding the Governor's veto. By vote of 85 Yeas and 38 Nays, the motion having received the required two-thirds constitutional majority of the members elected or appointed to the House of Representatives, voting in the affirmative, the bill passed.

Announcing the House here with transmits the veto message from the Governor, together with the enrolled copy of **HB 2437**, AN ACT concerning elections; relating to voter registration; authorizing the use of additional resources for verifying voter registration records; establishing the SAVE Kansas act; requiring periodic comparisons with the federal systematic alien verification for entitlements (SAVE) database; requiring quarterly reports to the secretary of state of certain information of noncitizens receiving public assistance benefits; imposing restrictions on websites that can accept and transmit voter registration applications; removing individuals disqualified for voting from voter registration records; providing an open records exemption for certain information related to voter registration; amending K.S.A. 2025 Supp. 25-2316c and 25-2324 and repealing the existing sections., which was received on April 8, 2026 and read on April 9, 2026

"This legislation would impose restrictions on online voter registration that could suppress civic engagement and make it harder for Kansans to vote. It risks purging the voter rolls of rightfully eligible voters.

Furthermore, this legislation directs certain state agencies to provide the personal information —including name, date of birth, residential address, and the last four digits of the social security number—of public assistance benefit recipients to the Secretary of State's Office, even though disclosure of this information may be prohibited under federal law.

Therefore, pursuant to Article 2, Section 14(a) of the Constitution of the State of Kansas, I hereby veto **House Bill 2437**."

A motion was made that **HB 2437** be passed notwithstanding the Governor's veto. By vote of 84 Yeas and 39 Nays, the motion having received the required two-thirds constitutional majority of the members elected or appointed to the House of Representatives, voting in the affirmative, the bill passed.

Announcing the House here with transmits the veto message from the Governor, together with the enrolled copy of **HB 2521**, AN ACT concerning the Kansas tort claims act; expanding the act to include child placement agencies that contract with the secretary for children and families between July 1, 2026, and July 1, 2029; amending K.S.A. 75-6102 and repealing the existing section., which was received on April 8, 2026 and read on April 9, 2026.

"Private child placement agencies are just that: private. They are not government agencies; they are private entities contracting with state government to provide contracted services. They are not, and should not be, provided the protections given to public agencies under the Tort Claims Act. **HB 2521** would set a dangerous, and expensive, precedent.

Therefore, pursuant to Article 2, Section 14(a) of the Constitution of the State of Kansas, I hereby veto **House Bill 2521**."

A motion was made that **HB 2521** be passed notwithstanding the Governor's veto. By vote of 87 Yeas and 36 Nays, the motion having received the required two-thirds constitutional majority of the members elected or appointed to the House of Representatives, voting in the affirmative, the bill passed.

Announcing the House here with transmits the veto message from the Governor, together with the enrolled copy of **HB 2593**, AN ACT concerning contingent fee contracts for legal services; relating to contracts entered into for legal services by a political subdivision; requiring an open meeting before a political subdivision may approve such a contract; requiring the attorney general to approve such contract before such contract becomes effective; requiring the attorney general to submit a report to the legislature regarding contracts that are not approved; providing for the expiration of the section., which was received on April 8, 2026 and read on April 9, 2026.

"This legislation takes away the power of local governments to bring suits affecting their constituents if not approved by the Attorney General. Access to the courts should not be conditioned on the Attorney General's discretion. I reiterate that local governments should oversee decisions like these as they best understand their needs.

Therefore, pursuant to Article 2, Section 14(a) of the Constitution of the State of Kansas, I hereby veto **House Bill 2593**."

A motion was made that **HB 2593** be passed notwithstanding the Governor's veto. By vote of 85 Yeas and 38 Nays, the motion having received the required two-thirds constitutional majority of the members elected or appointed to the House of Representatives, voting in the affirmative, the bill passed.
