Session of 2025

SENATE BILL No. 168

By Committee on Utilities

2-3

AN ACT concerning legislative video recordings; requiring the director of legislative administrative service to remove legislative video recordings from cloud-based servers and video on demand platforms after 10 years.

Be it enacted by the Legislature of the State of Kansas:

Section 1. (a) The director of legislative administrative services may retain legislative video recordings on any cloud-based server or video on demand platform for a period of 10 years from the date such recording was made. The director of legislative administrative services shall not retain any legislative video recording on any cloud server or video on demand platform beyond such 10-year period and shall remove, or cause to be removed, any such legislative video recording from any cloud-based server or video on demand platform at the end of such 10-year period.

(b) As used in this section:

(1) "Cloud-based server" means a virtual server operating within a cloud computing environment that allows users to access computing resources such as processing, storage and applications remotely and on demand by a user.

(2) "Video on demand platform" means an audiovisual media distribution system that allows users to access audiovisual content and digital media on demand by a user.

Sec. 2. This act shall take effect and be in force from and after its publication in the statute book.
