Proponent, written testimony only, of SB 124

Respected Chair Bowers and Committee Members,

I am a proponent of SB 124. These restrictions are necessary. We must protect the rights of individuals and their land. Landowners must be made aware of annexation plans regardless of how many acres may be involved. Landowners must be able to challenge these plans, so we need this bill.

Please vote YES and pass this bill out of committee favorably.

Thank you.

Most sincerely,

Jill O'Connor
