Emails in support of HB2526

Madam Chair Gossage and Members of the Health and Welfare Committee,

I am writing in support of HB 2536 for Alzheimer's training and support for guardian training for Alzheimer's patients.

I have 11 relatives who have or have passed from Alzheimer's dementia, including my self.

Alzheimer's is a very difficult disease to understand and it's important for those guardians to be familiar enough with it to support their patient. Since they are a guardian, we need to educate them on what lies in front of the patient and family.

Please support this legislation to support those people with Alzheimer's.

Thank you

David Herdman

Kansas citizen.

Dear Committee,

Please accept this email as my notice of intent to submit written only testimony as a proponent of HB 2536.

Arcare, Inc. serves as a court appointed corporate guardian for individuals in Kansas. We believe HB 2536 is essential to providing high quality guardianship services in Kansas, aligning Kansas with national standards of guardianship, and improving outcomes for Kansas adults living with Alzheimer's disease, dementia, and related neurological conditions.

Thank you,

Laura Pederzani

Executive Director |
