9
- 10 (c) The licensee has been convicted of a felony or class A misdemeanor, whether or not related to the practice of the healing arts. In the case of a person who has been convicted of a felony and who applies for an original license or to reinstate a canceled license, the application for a license shall be denied unless a $\frac{2}{3}$ majority of the board members present and voting on such application determine by clear and convincing evidence that such person will not pose a threat to the public in such person's capacity as a licensee and that such person has been sufficiently rehabilitated to warrant the public trust.

33 abortion on the woman, the physician who performs the abortion shall
34 report such determinations, *the medical basis and the reasons* for such
35 determinations ~~and the basis~~, *including the specific medical diagnosis* for

34 ~~stetrical or neonatal standards of care and practice applied by physicians~~
35 ~~in the same or similar circumstances that there is a reasonable probability~~
36 ~~that the life of the child can be continued indefinitely outside the mother's~~
37 ~~womb with natural or artificial life-supportive measures.~~
