Prayer by Chaplain Chamberlain:

Lord of springtime days, blue skies and cool breezes, your creation calls us on a day like today to be out under a bright warming sun and to see the wonder of the work of your hands. We praise you, Creator God for the magnificence of your world, our home.

Lord, you have watched over the coming in of this legislature and your hand has guided them in their journey and their work together. You have given them a sense of calling to the task that you have appointed and you have given them a spirit of collegiality and care that has made even difficult work a blessing in their lives. We thank you for comfort shared with colleagues in times of illness, grief and struggle. We thank you for warm applause that acknowledged friend's celebrations and joys. We thank you for notes, phone calls, quietly shared words, healing touches and all the many ways that those who stand in this chamber shared their love of one another and of you.

Lord, you watched over their coming in and their labor. Now, we pray, bless their going out as they complete their responsibilities. Journey with them today and always. Lead them safely home with the assurance that they are your children with whom you are well pleased.

May your powerful presence be with our neighbors who suffered from yesterday's storms, and with Jo Ann Pottorff as she mourns her mother's death. Remind them that you are a God of strength, comfort and sunlit tomorrows. Amen.

The Pledge of Allegiance was led by Rep. Carter.

On page 1, after line 19, by inserting the following:

“Section 1. K.S.A. 2002 Supp. 20-2610a is hereby amended to read as follows: 20-2610a. (a) A judge may elect to have such judge’s retirement annuity paid under one of the options provided in this section in lieu of having it paid in the form stated in K.S.A. 20-2610 and amendments thereto. Such election shall be made before the date of actual retirement. A specific person shall be designated as joint annuitant at the time of election of the joint and $\frac{1}{2}$ to joint annuitant survivor option, joint and survivor option and the joint and $\frac{3}{4}$ to joint annuitant survivor option. Under no circumstances may an option be changed or canceled nor the named joint annuitant changed after the date of actual retirement of the judge.

(b) The amount of retirement annuity payable under an option shall be based on the age of the judge and, if applicable, the age of the joint annuitant, and shall be such amount as to be the actuarial equivalent of the retirement annuity otherwise payable under K.S.A. 20-2610 and amendments thereto as prescribed in subsection (c). Whenever the amount of any benefit is to be determined on the basis of actuarial assumptions, the assumptions shall be specified in a way that precludes employer discretion. In no case shall the total amount of retirement annuity payable under any option provided in this section be more than 100% of the retirement annuity which would have been otherwise payable if no option had been elected under this section.

(c) The following retirement options, which are subject to the provisions of K.S.A. 74-49,123 and amendments thereto, are available:

(1) *Joint and $\frac{1}{2}$ to joint annuitant survivor.* A reduced retirement annuity payable to the judge during the judge’s lifetime in a monthly amount equal to the product of (A) the monthly payment of the retirement annuity otherwise payable under K.S.A. 20-2610 and amendments thereto and (B) the percentage equal to 91% minus .4% for each year by which the age of the judge’s joint annuitant is less than the judge’s age, computed to the nearest whole year, or plus .4% for each year by which the age of the judge’s joint annuitant is more than the judge’s age, computed to the nearest whole year, with $\frac{1}{2}$ of that monthly amount continued to the judge’s joint annuitant during such joint annuitant’s remaining lifetime, if any, after the death of the judge. In the event that the designated joint annuitant under this option predeceases the retired judge, the amount of the retirement annuity otherwise payable to the judge under this option shall be adjusted automatically to the retirement annuity which the judge would have received if no option had been elected under this section.

(2) *Joint and survivor.* A reduced retirement annuity payable to the judge during the judge’s lifetime in a monthly amount equal to the product of (A) the monthly payment of the retirement annuity otherwise payable under K.S.A. 20-2610 and amendments thereto and (B) the percentage equal to 83% minus .6% for each year by which the age of the judge’s joint annuitant is less than the judge’s age, computed to the nearest whole year, or plus .6% for each year by which the age of the judge’s joint annuitant is more than the judge’s age, computed to the nearest whole year, with that monthly amount continued to the joint annuitant during the joint annuitant’s remaining lifetime, if any, after the death of judge. In the event that the designated joint annuitant under this option predeceases the retired judge, the amount of the retirement annuity otherwise payable to the judge under

this option shall be adjusted automatically to the retirement annuity which the judge would have received if no option had been elected under this section.

(3) *Joint and $\frac{3}{4}$ to joint annuitant survivor.* A reduced retirement annuity payable to the judge during the judge's lifetime in a monthly amount equal to the product of (A) the monthly payment of the retirement annuity otherwise payable under K.S.A. 20-2610 and amendments thereto and (B) the percentage equal to 87% minus .5% for each year by which the age of the judge's joint annuitant is less than the judge's age, computed to the nearest whole year, or plus .5% for each year by which the age of the judge's joint annuitant is more than the judge's age, computed to the nearest whole year, with $\frac{3}{4}$ of that monthly amount continued to the judge's joint annuitant during such joint annuitant's remaining lifetime, if any, after the death of the judge. In the event that the designated joint annuitant under this option predeceases the retired judge, the amount of the retirement annuity otherwise payable to the judge under this option shall be adjusted automatically to the retirement annuity which the judge would have received if no option had been elected under this section.

(4) *Life with 5 years certain.* A reduced retirement annuity payable to the judge during the judge's lifetime in a monthly amount equal to 98% of the monthly payment of the retirement annuity otherwise payable under K.S.A. 20-2610 and amendments thereto and if the judge dies within the five-year certain period, measured from the commencement of retirement annuity payments, such monthly payments shall be continued to such judge's beneficiary during the balance of the five-year certain period.

(5) *Life with 10 years certain.* A reduced retirement annuity payable to the judge during the judge's lifetime in a monthly amount equal to 95% of the monthly payment of the retirement annuity otherwise payable under K.S.A. 20-2610 and amendments thereto and if the judge dies within the ten-year certain period, measured from the commencement of retirement annuity payments, such monthly payments shall be continued to such judge's beneficiary during the balance of the ten-year certain period.

(6) *Life with 15 years certain.* A reduced retirement annuity payable to the judge during the judge's lifetime in a monthly amount equal to 88% of the monthly payment of the retirement annuity otherwise payable under K.S.A. 20-2610 and amendments thereto and if the judge dies within the fifteen-year certain period, measured from the commencement of retirement annuity payments, such monthly payments shall be continued to such judge's beneficiary during the balance of the fifteen-year certain period.

(7) *Lump sum payment at retirement.* (A) Pursuant to this option, the judge must specify a lump sum amount to be paid to the judge upon the judge's retirement. The lump sum amount will be based on the actuarial present value of the benefit as provided in K.S.A. 20-2610, and amendments thereto. The lump sum amount designated by the judge must be in 10% increments and shall not exceed $\frac{1}{2}$ of the actuarial present value of the benefit provided in K.S.A. 20-2610, and amendments thereto. *If the judge's spouse elects a lump sum payment as provided in this section pursuant to the provisions of subsection (d), the lump sum payment will be based on the present value of the retirement option selected by the spouse. The lump sum amount designated by the spouse must be in 10% increments and shall not exceed $\frac{1}{2}$ of the actuarial present value of the option selected in this section.*

(B) Pursuant to this option, the judge must elect to have the remaining actuarial present value paid in a monthly amount under the provisions of K.S.A. 20-2610, and amendments thereto, or subsections (c)(1) through (c)(6) of this section.

(C) In the event that the designated joint annuitant pursuant to subsection (c)(1), (c)(2) or (c)(3), under this option predeceases the retirant, the amount of the retirement benefit otherwise payable to the retirant under the option shall be adjusted automatically to the retirement benefit which the retirant would have received if no option had been elected under this section.

(D) The provisions of this subsection shall be effective on and after July 1, 2001.

(d) If a judge, who is eligible to retire, dies without having actually retired, the judge's spouse, if the spouse is the sole beneficiary for the judge's accumulated contributions, may elect to receive benefits as a joint annuitant under one of the options provided in this section in lieu of receiving the judge's accumulated contributions.

(e) On and after July 1, 1993, if a judge with 15 or more years of credited service dies before attaining retirement age, the judge's spouse, if the spouse is the sole beneficiary for

the judge's accumulated contributions, may elect to receive benefits under one of the options provided in this section in lieu of receiving the judge's accumulated contributions. Payments under one of the options provided in this section to the judge's spouse if so elected, shall commence on the date that the judge would have first attained retirement age.

(f) Benefits payable to a joint annuitant shall accrue from the first day of the month following the death of a member or retirant and, in the case of the joint and $\frac{1}{2}$ to joint annuitant survivor option, the joint and survivor option and the joint and $\frac{3}{4}$ to joint annuitant survivor option, shall end on the last day of the month in which the joint annuitant dies.

(g) The provisions of the law in effect on the retirement date of a judge under the retirement system for judges shall govern the retirement annuity payable to the retired judge and any joint annuitant, except, for retirement benefits payable after July 1, 1993, for judges who retired prior to July 1, 1982, in the event that the designated joint annuitant under the option provided in subsection (c)(1), (2) or (3), as applicable, predeceased the judge, the amount of the retirement benefit otherwise payable to the judge under the option provided in subsection (c)(1), (2) or (3), as applicable, shall be adjusted automatically to the retirement benefit which the judge would have received if no option had been elected under this section.

(h) Upon the death of a joint annuitant who is receiving a retirement benefit under the provisions of this section, there shall be paid to such joint annuitant's beneficiary an amount equal to the excess, if any, of the accumulated contributions of the retired judge over the sum of all retirement benefit payments made to such retired judge and such joint annuitant. Such joint annuitant shall designate a beneficiary by filing in the office of the retirement system such designation at the time of death of the retired judge. If there is no named beneficiary of such joint annuitant living at the time of death of such joint annuitant, any amount provided for by this section shall be paid to, in order of preference as follows:

- (1) The joint annuitant's surviving spouse;
- (2) the joint annuitant's dependent child or children;

- (4) the joint annuitant's nondependent child or children;
- (5) the joint annuitant's nondependent parent or parents; or

Sec. 4. K.S.A. 74-4918 is hereby amended to read as follows: 74-4918. (1) A member may elect to have such member's retirement benefit paid under one of the options provided in this section in lieu of having it paid in the form stated in K.S.A. 74-4915 and amendments thereto. Such election must be made before the date of actual retirement. A specific person must be designated as joint annuitant at the time of election of the joint and $\frac{1}{2}$ to joint annuitant survivor option, the joint and survivor option and the joint and $\frac{3}{4}$ to joint annuitant survivor option. Under no circumstances may an option be changed or canceled nor the named joint annuitant changed after the date of actual retirement of the member.

(2) The amount of retirement benefit payable under an option shall be based on the age of the member and, if applicable, the age of the joint annuitant, and shall be such amount as to be the actuarial equivalent of the retirement benefit otherwise payable under K.S.A. 74-4915 and amendments thereto, as prescribed in subsection (3). In no case shall the total amount of retirement benefit paid under any option provided in this section be more than 100% of the retirement benefit which would have been otherwise payable if no option had been elected under this section.

(3) The following retirement options, which are subject to the provisions of K.S.A. 74-49,123 and amendments thereto, are available:

(A) *Joint and $\frac{1}{2}$ to joint annuitant survivor.* A reduced retirement benefit is payable to the retirant during the retirant's lifetime in a monthly amount equal to the product of (i) the monthly payment of the retirement benefit otherwise payable under K.S.A. 74-4915 and amendments thereto and (ii) the percentage equal to 91% minus .4% for each year by which the age of the retirant's joint annuitant is less than the retirant's age, computed to the nearest whole year, or plus .4% for each year by which the age of the retirant's joint annuitant is more than the retirant's age, computed to the nearest whole year, with $\frac{1}{2}$ of that monthly amount continued to the retirant's joint annuitant during such joint annuitant's remaining lifetime, if any, after the death of the retirant. In the event that the designated joint annuitant under this option predeceases the retirant, the amount of the retirement benefit otherwise payable to the retirant under this option shall be adjusted automatically to the retirement benefit which the retirant would have received if no option had been elected under this section.

(B) *Joint and survivor.* A reduced retirement benefit is payable to the retirant during the retirant's lifetime in a monthly amount equal to the product of (i) the monthly payment of the retirement benefit otherwise payable under K.S.A. 74-4915 and amendments thereto and (ii) the percentage equal to 83% minus .6% for each year by which the age of the retirant's joint annuitant is less than the retirant's age, computed to the nearest whole year, or plus .6% for each year by which the age of the retirant's joint annuitant is more than the retirant's age, computed to the nearest whole year, with that amount continued to the joint annuitant during the joint annuitant's remaining lifetime, if any, after the death of the retirant. In the event that the designated joint annuitant under this option predeceases the retirant, the amount of the retirement benefit otherwise payable to the retirant under this option shall be adjusted automatically to the retirement benefit which the retirant would have received if no option had been elected under this section.

(C) *Joint and $\frac{3}{4}$ to joint annuitant survivor.* A reduced retirement benefit is payable to the retirant during the retirant's lifetime in a monthly amount equal to the product of (i) the monthly payment of the retirement benefit otherwise payable under K.S.A. 74-4915 and amendments thereto and (ii) the percentage equal to 87% minus .5% for each year by which the age of the retirant's joint annuitant is less than the retirant's age, computed to the nearest whole year, or plus .5% for each year by which the age of the retirant's joint annuitant is more than the retirant's age, computed to the nearest whole year, with $\frac{3}{4}$ of that monthly amount continued to the retirant's joint annuitant during such joint annuitant's remaining lifetime, if any, after the death of the retirant. In the event that the designated joint annuitant under this option predeceases the retirant, the amount of the retirement benefit otherwise payable to the retirant under this option shall be adjusted automatically to the retirement

benefit which the retirant would have received if no option had been elected under this section.

(D) *Life with 5 years certain.* A reduced retirement benefit is payable to the retirant during the retirant's lifetime in a monthly amount equal to 98% of the monthly payment of the retirement benefit otherwise payable under K.S.A. 74-4915 and amendments thereto and if the retirant dies within the five-year certain period, measured from the commencement of retirement benefit payments, such payments shall be continued to the retirant's beneficiary during the balance of the five-year certain period.

(E) *Life with 10 years certain.* A reduced retirement benefit is payable to the retirant during the retirant's lifetime in a monthly amount equal to 95% of the monthly payment of the retirement benefit otherwise payable under K.S.A. 74-4915 and amendments thereto and if the retirant dies within the ten-year certain period, measured from the commencement of retirement benefit payments, such payments shall be continued to the retirant's beneficiary during the balance of the ten-year certain period.

(F) *Life with 15 years certain.* A reduced retirement benefit is payable to the retirant during the retirant's lifetime in a monthly amount equal to 88% of the monthly payment of the retirement benefit otherwise payable under K.S.A. 74-4915 and amendments thereto and if the retirant dies within the fifteen-year certain period, measured from the commencement of retirement benefit payments, such payments shall be continued to the retirant's beneficiary during the balance of the fifteen-year certain period.

(G) *Lump sum payment at retirement.* (i) Pursuant to this option, the member must specify a lump sum amount to be paid to the member upon the member's retirement. The lump sum amount will be based on the actuarial present value of the benefit as provided in K.S.A. 74-4915, and amendments thereto. The lump sum amount designated by the member must be in 10% increments and shall not exceed $\frac{1}{2}$ of the actuarial present value of the benefit provided in K.S.A. 74-4915, and amendments thereto. *If the member's spouse elects a lump sum payment as provided in this section pursuant to the provisions of subsection (4), the lump sum payment will be based on the present value of the retirement option selected by the spouse. The lump sum amount designated by the spouse must be in 10% increments and shall not exceed $\frac{1}{2}$ of the actuarial present value of the option selected in this section.*

(ii) Pursuant to this option, the member must elect to have the remaining actuarial present value paid in a monthly amount under the provisions of K.S.A. 74-4915, and amendments thereto, or subsections (3)(A) through (3)(F) of this section.

(iii) In the event that the designated joint annuitant pursuant to subsection (3)(A), (3)(B) or (3)(C) under this option predeceases the retirant, the amount of the retirement benefit otherwise payable to the retirant under this option shall be adjusted automatically to the retirement benefit which the retirant would have received if no option had been elected under this section.

(iv) The provisions of this subsection shall be effective on and after July 1, 2001.

(4) If a member, who is eligible to retire in accordance with the provisions of K.S.A. 74-4914 and amendments thereto, dies without having actually retired, the member's spouse, if the spouse is the sole beneficiary for the member's accumulated contributions, may elect to receive benefits under one of the options provided in this section in lieu of receiving the member's accumulated contributions.

(5) The benefits of subsection (4) shall be available in the case of death within the first six months after the entry date of the member's participating employer.

(6) On and after January 1, 1991, if a member with 15 or more years of credited service dies before attaining retirement age, the member's spouse, if the spouse is the sole beneficiary for the member's accumulated contributions, may elect to receive benefits under one of the options provided in this section in lieu of receiving the member's accumulated contributions. Payments under one of the options provided in this section to the member's spouse if so elected, shall commence on the date that the member would have attained retirement age.

(7) Benefits payable to a joint annuitant shall accrue from the first day of the month following the death of a member or retirant and, in the case of the joint and $\frac{1}{2}$ to joint annuitant survivor option, the joint and survivor option and the joint and $\frac{3}{4}$ to joint annuitant survivor option, shall end on the last day of the month in which the joint annuitant dies.

(8) The provisions of the law in effect on the retirement date of a member under the system shall govern the retirement benefit payable to the retirant and any joint annuitant, except, for retirement benefits payable after July 1, 1993, for retirants who retired prior to July 1, 1982, in the event that the designated joint annuitant under the option provided in subsection (3)(A), (B) or (C), as applicable, predeceased the retirant, the amount of the retirement benefit otherwise payable to the retirant under the option provided in subsection (3)(A), (B) or (C), as applicable, shall be adjusted automatically to the retirement benefit which the retirant would have received if no option had been elected under this section.

(9) Upon the death of a joint annuitant who is receiving a retirement benefit under the provisions of this section, there shall be paid to such joint annuitant's beneficiary an amount equal to the excess, if any, of the accumulated contributions of the retirant over the sum of all retirement benefit payments made to such retirant and such joint annuitant. Such joint annuitant shall designate a beneficiary by filing in the office of the retirement system such designation at the time of death of the retirant. If there is no named beneficiary of such joint annuitant living at the time of death of such joint annuitant, any amount provided for by this section shall be paid to, in order of preference as follows:

- (A) The joint annuitant's surviving spouse;
- (B) the joint annuitant's dependent child or children;

Sec. 5. K.S.A. 74-4920 is hereby amended to read as follows: 74-4920. (1) (a) Upon the basis of each annual actuarial valuation and appraisal as provided for in subsection (3)(a) of K.S.A. 74-4908 and amendments thereto, the board shall certify, on or before July 15 of each year, to the division of the budget in the case of the state and to the agent for each other participating employer an actuarially determined estimate of the rate of contribution which will be required, together with all accumulated contributions and other assets of the system, to be paid by each such participating employer to pay all liabilities which shall exist or accrue under the system, including amortization of the actuarial accrued liability over a period of 40 years commencing on July 1, 1993, and the actuarial accrued liability for members of the faculty and other persons who are employed by the state board of regents or by educational institutions under its management assisted by the state board of regents in the purchase of retirement annuities as provided in K.S.A. 74-4925 and amendments thereto, as provided in this section. The actuarial accrued liability for all participating employers other than the state board of regents relating to members of the faculty and other persons described in this section, shall be amortized by annual payments that increase 4% for each year remaining in the amortization period. For all participating employers other than the state board of regents relating to members of the faculty and other persons described in this section, the projected unit credit actuarial cost method shall be used in annual actuarial valuations, commencing with the 1993 valuation, to determine the employer contribution rates that shall be certified by the board. The actuarial accrued liability for members of the faculty and other persons described in this subsection assisted by the state board of regents in the purchase of retirement annuities as provided in K.S.A. 74-4925 and amendments thereto shall be amortized by annual level payments over a period of 11 years commencing July 1, 1993. Such certified rate of contribution shall be based on the standards set forth in subsection (3)(a) of K.S.A. 74-4908 and amendments thereto and shall not be based on any other purpose outside of the needs of the system.

(b) (i) For employers affiliating on and after January 1, 1999, upon the basis of an annual actuarial valuation and appraisal of the system conducted in the manner provided for in K.S.A. 74-4908 and amendments thereto, the board shall certify, on or before July 15 of each year to each such employer an actuarially determined estimate of the rate of contribution which shall be required to be paid by each such employer to pay all of the liabilities which shall accrue under the system from and after the entry date as determined by the board, upon recommendation of the actuary. Such rate shall be termed the employer's participating service contribution and shall be uniform for all participating employers. Such additional liability shall be amortized over a period of 34 years commencing on July 1, 1999,

by annual payments that increase 4% for each year remaining in the amortization period. For all participating employers described in this section, the projected unit credit actuarial cost method shall be used in annual actuarial valuations to determine the employer contribution rates that shall be certified by the board.

(ii) The board shall determine for each such employer separately an amount sufficient to amortize over a period of not to exceed 34 years commencing July 1, 1999, all liabilities for prior service costs which shall have accrued at the time of entry into the system. On the basis of such determination the board shall annually certify to each such employer separately an actuarially determined estimate of the rate of contribution which shall be required to be paid by that employer to pay all of the liabilities for such prior service costs. Such rate shall be termed the employer's prior service contribution.

(2) The division of the budget and the governor shall include in the budget and in the budget request for appropriations for personal services the sum required to satisfy the state's obligation under this act as certified by the board and shall present the same to the legislature for allowance and appropriation.

(3) Each other participating employer shall appropriate and pay to the system a sum sufficient to satisfy the obligation under this act as certified by the board.

(4) Each participating employer is hereby authorized to pay the employer's contribution from the same fund that the compensation for which such contribution is made is paid from or from any other funds available to it for such purpose. Each political subdivision, other than an instrumentality of the state, which is by law authorized to levy taxes for other purposes, may levy annually at the time of its levy of taxes, a tax which may be in addition to all other taxes authorized by law for the purpose of making its contributions under this act and, in the case of cities and counties, to pay a portion of the principal and interest on bonds issued under the authority of K.S.A. 12-1774 and amendments thereto by cities located in the county, which tax, together with any other fund available, shall be sufficient to enable it to make such contribution. In lieu of levying the tax authorized in this subsection, any taxing subdivision may pay such costs from any employee benefits contribution fund established pursuant to K.S.A. 12-16,102 and amendments thereto. Each participating employer which is not by law authorized to levy taxes as described above, but which prepares a budget for its expenses for the ensuing year and presents the same to a governing body which is authorized by law to levy taxes as described above, may include in its budget an amount sufficient to make its contributions under this act which may be in addition to all other taxes authorized by law. Such governing body to which the budget is submitted for approval, may levy a tax sufficient to allow the participating employer to make its contributions under this act, which tax, together with any other fund available, shall be sufficient to enable the participating employer to make the contributions required by this act.

(5) The rate of contribution certified to a participating employer as provided in this section shall apply during the fiscal year of the participating employer which begins in the second calendar year following the year of the actuarial valuation. For the fiscal year commencing in calendar year 1993, the employer rate of contribution for the state of Kansas and for participating employers under K.S.A. 74-4931 and amendments thereto shall be 3.1% of the amount of compensation upon which members contribute during the period. For the fiscal year commencing in calendar year 1994, the employer rate of contribution for the state of Kansas and for participating employers under K.S.A. 74-4931 and amendments thereto shall be 3.2% of the amount of compensation upon which members contribute during the period. For the fiscal year commencing in calendar year 1994, the employer rate of contribution for participating employers other than the state of Kansas shall be 2.2% of the amount of compensation upon which members contribute during the period. Except as specifically provided in this section, for the fiscal year commencing in calendar year 1995, the rate of contribution certified to a participating employer shall in no event exceed such participating employer's contribution rate for the immediately preceding fiscal year by more than 0.1% of the amount of compensation upon which members contribute during the period. Except as specifically provided in this section, for fiscal years commencing in calendar year 1996 and in each subsequent calendar year, the rate of contribution certified to the state of Kansas shall in no event exceed the state's contribution rate for the immediately preceding fiscal year by more than 0.2% of the amount of compensation upon which mem-

bers contribute during the period. *Except as specifically provided in this subsection, for the fiscal years commencing in the following calendar years, the rate of contribution certified to the state of Kansas shall in no event exceed the state's contribution rate for the immediately preceding fiscal year by more than the following amounts expressed as a percentage of compensation upon which members contribute during the period: (a) For the fiscal year commencing in calendar year 2005, an amount not to exceed more than 0.4% of the amount of the immediately preceding fiscal year; (b) for the fiscal year commencing in calendar year 2006, an amount not to exceed more than 0.5% of the amount of the immediately preceding fiscal year; and (c) for the fiscal year commencing in calendar year 2007 and in each subsequent calendar year, an amount not to exceed more than 0.6% of the amount of the immediately preceding fiscal years.* Except as specifically provided in this section, for fiscal years commencing in calendar year 1997 and in each subsequent calendar year, the rate of contribution certified to participating employers other than the state of Kansas shall in no event exceed such participating employer's contribution rate for the immediately preceding fiscal year by more than 0.15% of the amount of compensation upon which members contribute during the period. There shall be an employer rate of contribution certified to the state of Kansas and participating employers under K.S.A. 74-4931 and amendments thereto. There shall be a separate employer rate of contribution certified to all other participating employers other than the state of Kansas.

(6) The actuarial cost of any legislation enacted in the 1994 session of the Kansas legislature will be included in the June 30, 1994, actuarial valuation in determining contribution rates for participating employers.

(7) The actuarial cost of the provisions of K.S.A. 74-4950i will be included in the June 30, 1998, actuarial valuation in determining contribution rates for participating employers. The actuarial accrued liability incurred for the provisions of K.S.A. 74-4950i shall be amortized over 15 years.

(8) Except as otherwise provided by law, the actuarial cost of any legislation enacted by the Kansas legislature, except the actuarial cost of K.S.A. 74-49,114a, and amendments thereto, shall be in addition to the employer contribution rates certified for the employer contribution rate in the fiscal year immediately following such enactment.

(9) *Notwithstanding the provisions of subsection (8), the actuarial cost of the provisions of K.S.A. 74-49,109 et seq. and amendments thereto shall be first reflected in employer contribution rates effective with the first day of the first payroll period for the fiscal year 2005. The actuarial accrued liability incurred for the provisions of K.S.A. 74-49,109 et seq. and amendments thereto shall be amortized over 10 years.*

(10) The board with the advice of the actuary may fix the contribution rates for participating employers joining the system after one year from the first entry date or for employers who exercise the option contained in K.S.A. 74-4912 and amendments thereto at rates different from the rate fixed for employers joining within one year of the first entry date.

~~(10)~~ (11) For employers affiliating on and after January 1, 1999, the rates of contribution certified to the participating employer as provided in this section shall apply during the fiscal year immediately following such certification, but the rate of contribution during the first year following the employer's entry date shall be equal to 7% of the amount of compensation on which members contribute during the year. Any amount of such first year's contribution which may be in excess of the necessary current service contribution shall be credited by the board to the respective employer's prior service liability.

~~(11)~~ (12) Employer contributions shall in no way be limited by any other act which now or in the future establishes or limits the compensation of any member.

~~(12)~~ (13) Notwithstanding any provision of law to the contrary, each participating employer shall remit quarterly, or as the board may otherwise provide, all employee deductions and required employer contributions to the executive director for credit to the Kansas public employees retirement fund within three days after the end of the period covered by the remittance by electronic funds transfer. Remittances of such deductions and contributions received after such date are delinquent. Delinquent payments due under this subsection shall be subject to interest at the rate established for interest on judgments under subsection (a) of K.S.A. 16-204 and amendments thereto. At the request of the board, delinquent

payments which are due or interest owed on such payments, or both, may be deducted from any other moneys payable to such employer by any department or agency of the state.”;

“Sec. 11. K.S.A. 74-4963 is hereby amended to read as follows: 74-4963. (1) Upon termination of employment prior to the completion of 20 years of credited service, after 30 days after such termination a member may withdraw such member’s accumulated contributions or elect to leave such accumulated contributions on deposit with the system. If the member elects to leave the accumulated contributions on deposit with the system and if the member returns to employment with the same or another participating employer within five years, such member shall receive credit for such member’s service prior to such termination. If the member does not elect to leave the accumulated contributions on deposit or if the member does not return to covered employment within five years, such member shall no longer be a member of the system and the sum of such member’s accumulated contributions then on deposit with this system shall be paid to such member after making application in a form prescribed by the board and after the system has a reasonable time to process the application for withdrawal. Upon proper notification by the system, member contributions not on deposit with the system shall be paid to the member by the participating employer.

(2) If, after termination and withdrawal of accumulated contributions, a former member returns to covered employment, except as otherwise provided in subsection (1), the former member shall become a member of the system as provided in subsection (2) of K.S.A. 74-4955 and amendments thereto. Any former member returning to covered employment may, at the former member’s option, purchase service credit for such previously forfeited service credit, subject to the provisions of K.S.A. 74-49,123, and amendments thereto, at an additional rate of contribution, in addition to the employee’s rate of contribution as provided in K.S.A. ~~74-4919~~ 74-4965, and amendments thereto, based upon the member’s attained age at the time of purchase and using actuarial assumptions and tables in use by the retirement system at such time of purchase for such periods of service. Such additional rate of contribution shall commence at the beginning of the quarter following such election and shall remain in effect until all quarters of such service have been purchased. Subject to the provisions of K.S.A. 74-49,123, and amendments thereto, such member may elect to effect such purchase by means of a single lump-sum payment in lieu of the increased amount of the employee’s contribution rate otherwise provided for in this act in an amount equal to the then present value of the benefits being purchased determined by the actuary using the member’s attained age, annual compensation at the time of purchase and the actuarial assumptions and tables then in use by the retirement system. The lump-sum payment shall be made immediately upon being notified of the amount due. Upon receipt of such payment by the system the member shall receive full credit for the number of previously forfeited quarters of participating service which the member has elected to repurchase. Any member who repurchases all of the member’s previously forfeited participating service credit shall also receive all of the member’s previously forfeited prior service credit.

(3) Upon termination and withdrawal of accumulated contributions, any member whose employment was, up to the member’s employer’s entry date, covered by a pension system established under the provisions of K.S.A. 13-14a01 through 13-14a14, and amendments thereto, or K.S.A. 14-10a01 through 14-10a15, and amendments thereto, shall be entitled to receive from the member’s employer the sum of the member’s accumulated contributions to the previous pension system.

(4) If a member has completed 20 years of credited service at date of termination, the member shall be granted automatically a vested retirement benefit in the system, but any time prior to the commencement of retirement benefit payments and before attaining age 55 the member may withdraw the member’s accumulated contributions, whereupon the member’s membership in this system ceases and no other amounts shall be payable for the member’s prior and participating service credit. Eligibility of such member, who has not withdrawn the member’s accumulated contributions, for retirement benefits and procedures for making application for retirement benefits shall be in accordance with K.S.A. 74-4957 and amendments thereto, except that in lieu of the three-month notice of intention to retire

being made to the employer, such member shall make application for retirement in a form prescribed by the board and retirement benefits shall accrue from the first day of the month following receipt of such application. The amount of the retirement benefit shall be determined as provided in K.S.A. 74-4958 and amendments thereto.

(5) If a member, who has a vested retirement benefit, again becomes an employee of a participating employer, the amount of the member's vested retirement benefit shall remain in effect, and any retirement benefit such member subsequently accrues shall be calculated separately based on credited service after again becoming an employee and shall be added to that which had been vested by virtue of previous service. Eligibility of such member for retirement benefits and procedures for making application for retirement benefits shall be in accordance with K.S.A. 74-4957 and amendments thereto.

(6) Any member of this system who was previously a member of the Kansas public employees retirement system or the retirement system for judges and who forfeited service credit under either of those systems by reason of termination of employment and withdrawal of their contributions to that system, may elect, subject to the provisions of K.S.A. 74-49,123 and amendments thereto, to purchase service credit for the previously forfeited service credit by means of a single lump-sum payment and such service shall be recredited to that system. The amount of the lump-sum payment shall be determined by the actuary using the member's then current annual rate of compensation and the actuarial assumptions and tables then currently in use by that retirement system.

(7) The provisions of this section shall apply only to members who were appointed or employed prior to July 1, 1989, and who did not make an election pursuant to K.S.A. 74-4955a and amendments thereto.

Sec. 12. K.S.A. 74-4963a is hereby amended to read as follows: 74-4963a. (1) Upon termination of employment prior to the completion of 15 years of credited service, after 30 days after such termination a member may withdraw such member's accumulated contributions or elect to leave such accumulated contributions on deposit with the system. If the member elects to leave the accumulated contributions on deposit with the system and if the member returns to employment with the same or another participating employer within five years, such member shall receive credit for such member's service prior to such termination. If the member does not elect to leave the accumulated contributions on deposit or if the member does not return to covered employment within five years, such member shall no longer be a member of the system and the sum of such member's accumulated contributions then on deposit with this system shall be paid to such member after making application in a form prescribed by the board and after the system has a reasonable time to process the application for withdrawal. Upon proper notification by the system, member contributions not on deposit with the system shall be paid to the member by the participating employer.

(2) If, after termination and withdrawal of accumulated contributions, a former member returns to covered employment, except as otherwise provided in subsection (1), the former member shall become a member of the system as provided in subsection (2) of K.S.A. 74-4955 and amendments thereto. Any former member returning to covered employment may, at the former member's option, purchase service credit for such previously forfeited service credit, subject to the provisions of K.S.A. 74-49,123, and amendments thereto, at an additional rate of contribution, in addition to the employee's rate of contribution as provided in K.S.A. ~~74-4919~~ 74-4965, and amendments thereto, based upon the member's attained age at the time of purchase and using actuarial assumptions and tables in use by the retirement system at such time of purchase for such periods of service. Such additional rate of contribution shall commence at the beginning of the quarter following such election and shall remain in effect until all quarters of such service have been purchased. Subject to the provisions of K.S.A. 74-49,123, and amendments thereto, such member may elect to effect such purchase by means of a single lump-sum payment in lieu of the increased amount of the employee's contribution rate otherwise provided for in this act in an amount equal to the then present value of the benefits being purchased determined by the actuary using the member's attained age, annual compensation at the time of purchase and the actuarial assumptions and tables then in use by the retirement system. The lump-sum payment shall be made immediately upon being notified of the amount due. Upon receipt of such payment

by the system the member shall receive full credit for the number of previously forfeited quarters of participating service which the member has elected to repurchase. Any member who repurchases all of the member's previously forfeited participating service credit shall also receive all of the member's previously forfeited prior service credit.

(3) Upon termination and withdrawal of accumulated contributions, any member whose employment was, up to the member's employer's entry date, covered by a pension system established under the provisions of K.S.A. 13-14a01 through 13-14a14, and amendments thereto, or K.S.A. 14-10a01 through 14-10a15, and amendments thereto, shall be entitled to receive from the member's employer the sum of the member's accumulated contributions to the previous pension system.

(4) If a member has completed 15 years of credited service at date of termination, the member shall be granted automatically a vested retirement benefit in the system, but any time prior to the commencement of retirement benefit payments and before attaining age 55 the member may withdraw the member's accumulated contributions, whereupon the member's membership in this system ceases and no other amounts shall be payable for the member's prior and participating service credit. Eligibility of such member, who has not withdrawn the member's accumulated contributions, for retirement benefits and procedures for making application for retirement benefits shall be in accordance with K.S.A. 74-4957 and amendments thereto, except that in lieu of the three-month notice of intention to retire being made to the employer, such member shall make application for retirement in a form prescribed by the board and retirement benefits shall accrue from the first day of the month following receipt of such application. The amount of the retirement benefit shall be determined as provided in K.S.A. 74-4958 and amendments thereto.

(5) If a member, who has a vested retirement benefit, again becomes an employee of a participating employer, the amount of the member's vested retirement benefit shall remain in effect, and any retirement benefit such member subsequently accrues shall be calculated separately based on credited service after again becoming an employee and shall be added to that which had been vested by virtue of previous service. Eligibility of such member for retirement benefits and procedures for making application for retirement benefits shall be in accordance with K.S.A. 74-4957 and amendments thereto.

(6) Any member of this system who was previously a member of the Kansas public employees retirement system or the retirement system for judges and who forfeited service credit under either of those systems by reason of termination of employment and withdrawal of their contributions to that system, may elect, subject to the provisions of K.S.A. 74-49,123 and amendments thereto, to purchase service credit for the previously forfeited service credit by means of a single lump-sum payment and such service shall be recredited to that system. The amount of the lump-sum payment shall be determined by the actuary using the member's then current annual rate of compensation and the actuarial assumptions and tables then currently in use by that retirement system.

(7) The provisions of this section shall be effective on and after July 1, 1989 and shall apply only to members who were appointed or employed prior to July 1, 1989, and who made an election pursuant to K.S.A. 74-4955a and amendments thereto; and persons appointed or employed on or after July 1, 1989.

Sec. 13. K.S.A. 74-4964 is hereby amended to read as follows: 74-4964. (1) A member may elect to have such member's retirement benefit paid under one of the options provided in this section in lieu of having it paid in the form stated in subsections (1) and (2) of K.S.A. 74-4958 and amendments thereto. Such election must be made before the date of actual retirement. Only a specific individual person may be designated as a joint annuitant at the time of election of the joint and $\frac{1}{2}$ to joint annuitant survivor option, the joint and survivor option and the joint and $\frac{3}{4}$ to joint annuitant survivor option. Under no circumstances may an option be changed or canceled nor the named joint annuitant changed after the date of actual retirement of the member.

(2) The amount of a retirement benefit payable under an option shall be based on the age of the member and, if applicable, the age of the joint annuitant, and shall be such amount as to be the actuarial equivalent of the retirement benefit otherwise payable under subsections (1) or (2) of K.S.A. 74-4958 and amendments thereto as prescribed under subsection (5). In no case shall the total amount of retirement benefit paid under any option

provided in this section be more than 100% of the retirement benefit which would have been otherwise payable if no option had been elected under this section.

(3) If a member who was, up to the entry date of such member's employer, covered by a pension system under the provisions of K.S.A. 13-14a01 to 13-14a14, inclusive or 14-10a01 through 14-10a15, inclusive, and amendments thereto so elects one of the options under this section, payment of such option shall be in lieu of any payments provided in subsection (3) of K.S.A. 74-4958 and amendments thereto.

(4) Such election of an option shall become null and void upon the death of a member prior to such member's retirement, except that if a member, who is eligible to retire in accordance with the provisions of subsections (1) and (2) of K.S.A. 74-4958 and amendments thereto, dies without having actually retired the member's spouse, if the spouse is beneficiary for the member's accumulated contributions, and no benefits are payable under subsections (1) and (2) of K.S.A. 74-4959 and amendments thereto, may elect to receive benefits under one of the options provided in this section, in lieu of receiving the member's accumulated contributions.

(5) The following retirement options which are subject to the provisions of K.S.A. 74-49,123 and amendments thereto, are available:

(A) *Joint and 1/2 to joint annuitant survivor.* A reduced retirement benefit is payable to the retirant during the retirant's lifetime in a monthly amount equal to the product of (A) the monthly payment of the retirement annuity otherwise payable under K.S.A. 74-4958 and amendments thereto and (B) the percentage equal to 94.5% minus .2% for each year by which the age of the retirant's joint annuitant is less than the retirant's age, computed to the nearest whole year, or plus .2% for each year by which the age of the retirant's joint annuitant is more than the retirant's age, computed to the nearest whole year, with 1/2 of that monthly amount continued to the retirant's joint annuitant during such joint annuitant's remaining lifetime, if any, after the death of the retirant. In the event that the designated joint annuitant under this option predeceases the retirant, the amount of the retirement benefit otherwise payable to the retirant under this option shall be adjusted automatically to the retirement benefit which the retirant would have received if no option had been elected under this section.

(B) *Joint and survivor.* A reduced retirement benefit is payable to the retirant during the retirant's lifetime in a monthly amount equal to the product of (A) the monthly payment of the retirement annuity otherwise payable under K.S.A. 74-4958 and amendments thereto and (B) the percentage equal to 88% minus .4% for each year by which the age of the retirant's joint annuitant is less than the retirant's age, computed to the nearest whole year, or plus .4% for each year by which the age of the retirant's joint annuitant is more than the retirant's age, computed to the nearest whole year, with that monthly amount continued to the joint annuitant during the joint annuitant's remaining lifetime, if any, after the death of retirant. In the event that the designated joint annuitant under this option predeceases the retirant, the amount of the retirement benefit otherwise payable to the retirant under this option shall be adjusted automatically to the retirement benefit which the retirant would have received if no option had been elected under this section.

(C) *Joint and 3/4 to joint annuitant survivor.* A reduced retirement benefit is payable to the retirant during the retirant's lifetime in a monthly amount equal to the product of (A) the monthly payment of the retirement annuity otherwise payable under K.S.A. 74-4958 and amendments thereto and (B) the percentage equal to 91% minus .3% for each year by which the age of the retirant's joint annuitant is less than the retirant's age, computed to the nearest whole year, or plus .3% for each year by which the age of the retirant's joint annuitant is more than the retirant's age, computed to the nearest whole year, with 3/4 of that monthly amount continued to the retirant's joint annuitant during such joint annuitant's remaining lifetime, if any, after the death of the retirant. In the event that the designated joint annuitant under this option predeceases the retirant, the amount of the retirement benefit otherwise payable to the retirant under this option shall be adjusted automatically to the retirement benefit which the retirant would have received if no option had been elected under this section.

(D) *Life with 5 years certain.* A reduced retirement benefit is payable to the retirant during the retirant's lifetime in a monthly amount equal to 99% of the monthly payment of

the retirement benefit otherwise payable under K.S.A. 74-4958 and amendments thereto, and if the retirant dies within the five-year certain period, measured from the commencement of retirement benefit payments, such payments will be continued to the retirant's beneficiary during the balance of the five-year certain period.

(G) *Lump sum payment at retirement.* (i) Pursuant to this option, the member must specify a lump sum amount to be paid to the member upon the member's retirement. The lump sum amount will be based on the actuarial present value of the benefit as provided in K.S.A. 74-4958, and amendments thereto. The lump sum amount designated by the member must be in 10% increments and shall not exceed $\frac{1}{2}$ of the actuarial present value of the benefit provided in K.S.A. 74-4958, and amendments thereto. *If the member's spouse elects a lump sum payment as provided in this section pursuant to the provisions of subsection (6), the lump sum payment will be based on the present value of the retirement option selected by the spouse. The lump sum amount designated by the spouse must be in 10% increments and shall not exceed $\frac{1}{2}$ of the actuarial present value of the option selected in this section.*

(ii) Pursuant to this option, the member must elect to have the remaining actuarial present value paid in a monthly amount under the provisions of K.S.A. 74-4958, and amendments thereto, or subsections (5)(A) through (5)(F) of this section.

(iv) The provisions of this subsection shall be effective on and after July 1, 2001.

(6) On and after July 1, 1996, if a member with 20 or more years of credited service dies before attaining retirement age, the member's spouse, if the spouse is the sole beneficiary for the member's accumulated contributions, may elect to receive benefits under one of the options provided in this section in lieu of receiving the member's accumulated contributions or in lieu of receiving benefits as provided in K.S.A. 74-4959 and amendments thereto. Payments under one of the options provided in this section to the member's spouse if so elected, shall commence on the date that the member would have attained retirement age.

(7) Benefits payable to a joint annuitant shall accrue from the first day of the month following the death of a member or retirant and, in the case of the joint and $\frac{1}{2}$ to joint annuitant survivor option, the joint and survivor option and the joint and $\frac{3}{4}$ to joint annuitant survivor option, shall end on the last day of the month in which the joint annuitant dies.

Such joint annuitant shall designate a beneficiary by filing in the office of the retirement system such designation at the time of death of the retirant. If there is no named beneficiary of such joint annuitant living at the time of death of such joint annuitant, any amount provided for by this section shall be paid to, in order of preference as follows:

In no case shall the total amount of retirement benefit paid under any option provided in this section be more than 100% of the retirement benefit which would have been otherwise payable if no option had been elected under this section.

EXPLANATION OF VOTE

MR. SPEAKER: **S. Sub. for HB 2400** has good intentions, however, this *is not* what the lottery was intended for.

If we develop a specific game for each cause, why not have a lottery game in which 50% of the profits go directly to teacher salaries or to KPERS or to the Wichita State Football developmental fund?

This bill opens up the Kansas Lottery to all kinds of special interest groups with a different game for each. While I support veterans, I do not think we should design a special lottery game just for veterans.

Mr. Speaker, I vote no on **S. Sub. for HB 2400**.—TODD NOVASCONE

EXPLANATION OF VOTE

MR. SPEAKER: I vote NO on **SB 285**. When **ERO 30** was first introduced it seemed a good idea to split Housing from Commerce. After hearings on legislation which would make loans work when the Housing Department is restructured under KDFA, I have three concerns: 1. Growing another quasi-government agency with little legislative oversight. 2. Competition with private enterprise. 3. Needs being met in rural areas was unclear in testimony presented to committee.

I feel that the issue of structuring the Housing Department as a part of KDFA should be studied further before growing another Quasi-Governmental agency which will compete with private business.—LANA GORDON
