

Federal and State Affairs Committee

April 13, 1969

The meeting was called to order by the Chairman who stated that SB 194 has been amended into a house bill and therefore it will presumably not be considered by the Committee in the interim. He stated the history of this legislation, stating that twice before the act had been worked on and since this had taken place he felt that the people would just have to live with it until they see how it is going to work; that he had no intention of supporting changes next year.

Mr. Everett stated that there were still a couple of things that needed to be done in addition to what is being done this year; that it deals with density of residences and county commissioners licensing refuse haulers, but that maybe this should be separate legislation.

The Chairman stated that SB 49 conflicts with a section of SB 9, and asked for action on this bill. Mr. Woodward moved that the bill be reported adversely. Motion was seconded by Mr. Winters and carried unanimously except for Mr. Turner who asked to be recorded as voting no.

The meeting was adjourned.
