SENATE CHAMBER

COMMITTEE A COMMITTEE
 HOUSE OF REPRESENTATIVES
 MEMBER HOUSE REPRESENTATIVE
 COMMITTEE A COMMITTEE
 HOUSE OF REPRESENTATIVES

May 2, 1987

Senator Robert V. Talkington, Chairman
 Legislative Coordinating Council
 Room 359-E
 State Capitol Building
 Topeka KS 66612

Dear Senator Talkington:

During committee deliberations this session, the Senate Ways and Means Committee agreed to request interim studies on several subjects. The Committee requests that the Legislative Coordinating Council designate special committees to study each of the following proposals. Detailed statements are attached.

1. Regional public defender offices for indigent criminal defendants.
2. Historic sites.
3. Vehicle identification number inspections.
4. Financing infrastructure improvements for the state park system.
5. Child support enforcement system.
6. Health care insurance for all retirants of KPERS.
7. The feasibility of transferring law enforcement officers of the Board of Regents institutions from regular KPERS to KP&F retirement system.

It is further requested that the special committees make reports and recommendations to the 1988 session of the Legislature.

Respectfully submitted,

 August Bogina, Jr., P.E.
 Chairman
 Senate Ways and Means Committee

AB:pp

2. Provide a minimum of 25 percent disability benefit, regardless of years of service. Currently, a judge's disability benefit is calculated in part on years of credited service with no minimum benefit.
3. Increase the retirant death benefit from \$2,000 to \$2,500.
4. Increase the retirement benefits by 2 percent for all individuals who retired prior to January 1, 1986.

Kansas Police and Fire (KP&F)

- optional*
- Correct*
1. Provide ~~group life insurance and service connected disability coverage during the first year waiting period~~ for KP&F local members, for those local units of government that elect to participate in such a program.
 2. Permit selection of any annuitant option any time prior to retirement without proof of good health. Currently, a member must furnish proof of good health to select an option or change an option within one year of retirement.
 3. Permit retirants to be re-employed by the same employer if the individual gives up retirement benefits. Currently, KP&F retirants may only be employed with the agency from which they retired a maximum of 30 days per year.
 4. Increase the retirant death benefit from \$2,000 to \$2,500.
 5. Increase the retirement benefits by 2 percent for all individuals who retired prior to January 1, 1986.

Interim Study H.B. 2354

The Subcommittee requests that an interim study be conducted on providing health care insurance for all retirants of KPERS. The major concern of retirants is having adequate health insurance coverage. The Subcommittee urges that a comprehensive study be conducted to review all areas of providing health insurance coverage for retirants.

- ✓ 7. The Subcommittee reviewed the Governor's recommendations for special purpose grant for community mental retardation programs of \$2,151,378. This recommendation is to provide continued funding for 92 clients moved out of state institutions in previous years, provide continued funding for 77 day or residential program slots for clients moved off of community waiting lists, and for additional movement of 47 clients out of the state institutions. The Subcommittee found that the estimated cost of continued funding for existing grants and the cost of moving 47 additional clients out of the institution totals \$1,870,211, rather than the \$2,151,378 recommended by the Governor. The Subcommittee recommends a reduction in the State General Fund appropriation for these grants of \$281,167 to reflect these savings.
- ✓ 8. The Subcommittee recommends the addition of \$74,259 from the State General Fund for guardianship grants. The recommendation is to allow funding for guardians for clients at the mental retardation institutions.
9. The Subcommittee reviewed the SRS Medical Assistance program and noted that the state has no program for the medically indigent, and that the elimination of the TGA medical program furthers this problem of medical care for the poor. The Subcommittee discussed the possibility of an interim study on the comprehensive topic of the state's Medical Assistance program, but was convinced by the agency that sufficient data already exists to document the problems of medical care for the poor. SRS provided testimony to the Special Committee on Public Health and Welfare during the 1986 interim during that committee's study of the medically indigent that showed that the cost of reinstating the General Assistance-Medical Only program (which was eliminated in 1980) would be approximately \$18 million in state funds. SRS indicated that the cost of such a program could be considerably less if coverage was limited to only certain areas, such as inpatient hospital care. The Subcommittee recommends that during the review of the University of Kansas Medical Center budget, options should be studied for developing some form of program for the medically indigent, perhaps utilizing residents of the Medical Center to provide care. The Subcommittee also recommends that additional options within the SRS budget be explored for providing medical care to the poor and that any such proposals could be considered during the Omnibus Session.
10. The Subcommittee reviewed the child support enforcement system jointly operated by SRS and the court system. The Subcommittee believes the Legislature should have more information regarding the various responsibilities and financing mechanisms for this program and recommends an interim study be requested on the child support enforcement system. SB 196
- ✓ 11. The Subcommittee concurs with the recommendations of the Joint Committee on State Building Construction for SRS capital improvements. The Subcommittee therefore adds \$331,200 from the

1. The Committee recommends that the issue of financing infrastructure improvements for the state park system be reviewed during the 1987 interim. SB 255, SECTION 4
2. The Committee notes that the Joint Committee on State Building Construction is reviewing the status of state park road projects with the Department of Transportation and will have a recommendation later in the session.
3. The Committee encourages projects similar to the proposed Glen Elder resort project which include substantial involvement and contributions from the private sector and local units of government.
4. Deduct \$4,471 from the State General Fund appropriation for the Administration program to allow for a budgeted turnover rate of 1.0 percent.
5. Deduct \$7,786 from the State General Fund appropriation for the Park Operations program to increase the budgeted turnover rate of 0.7 percent to 1.0 percent.

Senate Committee of the Whole Recommendation

FY 1988. The Senate Committee of the Whole concurs with the budget as submitted by the Committee.

<u>Expenditure Summary</u>	<u>Senate Adjustments</u>	<u>Senate Rec. FY 88</u>	<u>House Subcommittee Adjustments</u>
All Funds:			
State Operations	\$ 28,151	\$ 4,510,002	\$ (24,290)

State Operations	\$ 136,277	\$18,766,952	\$ 144,104
Aid to Local Units	--	154,000	--
Subtotal - Operating	\$ 136,277	\$18,920,952	\$ 144,104
Capital Improvements	1,132	1,132	--
TOTAL	<u>\$ 137,409</u>	<u>\$18,922,084</u>	<u>\$ 144,104</u>
FTE Positions:			
Uniformed Trooper	(20.0)	425.0	3.0
Capitol Area Security	--	64.5	--
All Other	--	120.0	--
TOTAL	<u>(20.0)</u>	<u>609.5</u>	<u>3.0</u>

FY 1988. The Conference Committee concurs with the recommendations of the House with the following adjustments:

1. Add \$5,300 from the State General Fund for 25 Rueger rifles.
2. Add \$138,804 from the State General Fund and 3.0 FTE Troopers for road patrol duties. The recommendation includes \$80,169 for salaries and \$58,635 for other operating expenditures.
3. The Conference Committee concurs that the Superintendent continue to designate vehicle identification number (VIN) inspections to private vendors. The Conference Committee further recommends that an interim committee study the issue to determine the need for VIN inspections, how and by whom the program should be conducted, and funding alternatives. SB. 142, SECTION 2

Senate Subcommittee Recommendations

The Senate Subcommittee concurs with the recommendations of the Governor with the following exceptions:

1. Add \$23,867 for a 1.0 FTE Archivist I in the Archives Department.
2. Add \$300 for operating expenditures for Pawnee Rock. The Governor's recommendations would transfer Pawnee Rock from the State Historical Society to the State Park and Resources Authority. This Subcommittee has learned that the Historical Society is in the process of negotiations with the National Park Service in an attempt to turn the site over to the National Park Service. Currently, staff in the National Park Service and in the offices of Senators Kassebaum and Dole are investigating the method by which the property could be transferred. We recommend that the property be retained under the jurisdiction of the Historical Society pending the conclusion of these negotiations.
3. Add \$10,000 as a grant for the Heritage House in Dodge City. The Governor's recommendations would have terminated state support in FY 1988. The Subcommittee would note that funding of \$25,000 was approved in FY 1986 and \$20,000 in FY 1987. This Subcommittee would recommend that these funds continue to be phased out with the reduction to \$10,000 in FY 1988 and the elimination of the grant entirely in FY 1989. The Subcommittee in no way questions the merits of the Heritage Center but questions the validity of continued state participation in its operations.
4. The Subcommittee concurs with the Governor's recommendation that six sites be closed or transferred to local authorities and the elimination of funding for these sites in FY 1988. The Subcommittee would consider the possibility of appropriations for maintenance of those sites in future years but believes operations and management of these sites should be local responsibility. This Subcommittee recommends that the interim study begun during FY 1986 be continued during the 1987 interim and that specific proposals concerning each of these sites be considered during that time. *SB 255, SECTION 7*
5. The Subcommittee recommends that appropriations language in the proviso concerning the museum program in Section 7 of S.B. 255 be amended to allow reappropriation of unexpended exhibit construction funds from FY 1987 to FY 1988 without the approval of the State Finance Council.
6. The Subcommittee also recommends that the House Committee review capital outlay funds as more information concerning state revenues becomes available to consider whether funds for capital outlay lapsed in H.B. 2049 should be included in the FY 1988 appropriation.

Senate Subcommittee Recommendations

<u>Expenditure Summary</u>	<u>House Adjustments</u>	<u>House Rec. FY 88</u>	<u>Senate Subcommittee Adjustments</u>
State General Fund:			
State Operations	\$ --	\$ 3,253,639	\$ --
Other Assistance	--	240,000	--
TOTAL	<u>\$ --</u>	<u>\$ 3,493,639</u>	<u>\$ --</u>
FTE Positions	--	46.0	--

The Senate Subcommittee concurs with the House recommendations, with the following adjustments:

1. The Senate Subcommittee recommends that no position reclassifications be built into the agency's budget, in light of the Governor's recommendation which reserved a pool of funds for meritorious reclassifications.
2. The Senate Subcommittee discussed the concept of establishing regional public defender offices, similar to the Reno/Sedgwick county satellite office proposed by the Board. The Senate Subcommittee believes that this concept has merit, and recommends that an interim study be requested on the issue of establishing regional public defender offices to provide legal services to indigent criminal defendants. H.B. 2181, SECTION 3
3. The Senate Subcommittee notes that the Attorney General has filed a legal action in the Kansas Supreme Court challenging the recent decision of a district court judge on the constitutionality of the state's method of appointing private attorneys for indigent defendants. The Senate Subcommittee recommends that the appropriate committees monitor the outcome of this legal action because of its potential ramifications on the Board of Indigents' Defense Services.
4. The Senate Subcommittee was advised that the hiring freeze on vacant staff attorney positions, ordered by the Governor on February 20, 1987, has been applied to the Board of Indigents' Defense Services. In addition, the agency was instructed by the Secretary of Administration to utilize private court-appointed attorneys to handle needed legal work until the hiring freeze is lifted. The Senate Subcommittee notes that the agency pays its entry level attorneys about \$10 per hour, while appointed private attorneys are compensated at \$30 per hour. The Senate Subcommittee recommends that the Board of Indigents' Defense Services be granted an exemption from the hiring freeze by the appropriate administration officials, and that the Board be allowed to fill its vacant attorney positions.
