

Approved: February 24/1992
Date

MINUTES OF THE HOUSE COMMITTEE ON EDUCATION.

The meeting was called to order by Chairperson Rick Bowden at 3:30 p.m. on February 20, 1992 in room Room 519-S of the Capitol.

All members were present except:

Committee staff present:

Dale Dennis, State Board of Education
Ben Barrett, Legislative Research
Avis Swartzman, Revisor of Statutes Office

Conferees appearing before the committee:

Representative Don Crumbaker
Representative James Lowther
Mrs. Martha Rogge - Sublette, Haskell County
Mr. W. C. Light - Rolla, Morton County
Mr. Stanley McGill - Moscow, Stevens County
Mr. Kenneth Meyer - Nemaha County
Craig Grant - KNEA
Mark Tallman - KASB
Walt Chappell

The meeting was called to order by Chairman Rick Bowden.

Hearing on HB 2826, HB 2914 & HB 3000:

Representative Don Crumbaker:

Representative Crumbaker discussed a series of computer printouts, the first estimating the amount of state aid that each school district would receive under a proposed school finance plan, along with property tax estimates for 1991-93 individual schools district. The second printout compares the current school finance program with a proposed new plan based upon HB 2826. The last printout compares the current school finance program with a proposed new plan. (See Attachment #1 (I, II and III.))

Representative James Lowther. Representative Lowther said that the School District Equalization Act as embodied in HB 2914 is an alternative that will carry us forward until a new concept can be developed and accepted. He provided the committee with a plan that uses the Governor's additional \$217 million. He added with the plans under consideration success is contingent upon enactment of additional sales and/or income taxes and/or some of the measures recommended by the Governor. (See Attachment #2.)

Martha Rogge. Ms. Rogge said that HB 2826 and HB 2914 both can work to provide a sound and equalized approach to school finance. She states she is concerned that these two bills do fail to reflect abatements and/or IRBs, and believes they should be considered in determining in aid from the SDEA. In addition Ms. Rogge said that HB 2914 does not allow the current two-mill levy for continuance of technology. In addition, she said the capital outlay fund was not addressed in either bill. (See Attachment #3.)

Stan McGill. Speaking as the President of the Board of Education of USD 209, Mr. McGill gave six key general provisions in HB 2914 and HB 2826 that his district support, stressing that these provisions allow their district to keep their school in Moscow. (See Attachment #4.)

Kenneth Meyer. Mr. Meyer said his testimony today was not in support of any specific bill, but rather to promote a two-fold concept. He stated USD #451 prefers to maintain some degree of local control over their schools and they believe the present equalization formula as adopted by the 1972 Kansas Legislature should be retained. (See Attachment #5.)

Bill Light. Mr. Light represents USD #217 and they are in support of HB 2914 and HB 2826, because they

CONTINUATION SHEET

MINUTES OF THE HOUSE COMMITTEE ON EDUCATION, Room 519-S Statehouse, at 3:30 p.m. on February 20, 1992.

build upon a school spending formula that has worked for many years they do not require that education be turned over to more government regulations. They are opposed to HB 3000 because it abandons the present formula in favor of a new radical funding mechanism. (See Attachment #6.)

Walt Chappell. Mr. Chappell presented an 18-point plan to provide quality, cost-effective education in Kansas for K-12. Included in his testimony is an editorial authored by Mr. Chappell. (See Attachment 7.)

Mark Tallman. In commenting on HB 2826 and HB 2914, Mr. Tallman said KASB believes the current formula remains acceptable for funding schools if: 1) equalized state aid is significantly increased; 2) some type of minimum levy is required, and 3) capital outlay assistance is provided on an equalized basis. Concerning HB 3000, Mr. Tallman believes the lack of "low enrollment weight" would result in unacceptable reductions in school budgets for students in low enrollment schools. He added that with the Governor's proposal, it appears that many districts would be forced to make reductions in operating budgets. (See Attachment #8.)

Craig Grant. Mr. Grant said that changes in HB 2826 and HB 2914 does not close the gap between rich and poor districts to bring the range to acceptable measures, as illustrated in mill levy ranges provided in his attachments. In his budget per pupil comparisons with HB 2826, HB 2914, and HB 2892 (Governor's plan), he states it is obvious that the rich districts will continue to fare well while the poorer lower-spending districts are not allowed to general sufficient moneys under HB 2826 and HB 2914 to have their students afforded a substantially equal opportunity to resources. (See Attachment #9.)

Larry Clark. Mr. Clark said USD #244 supports the concepts of HB 2826 and HB 2914, believing both bills address adequate funding with a proven formula and supports the home rule decision-making process of the local boards of education. He emphasized these two bills have the district's conceptual approval, and would like to see more money dedicated to education on a long-term basis. (See Attachment #10)

Chairman Bowden announced that four bills are on the calendar for Monday, including HB 3075, the Governor's bill.

The next scheduled meeting is February 24, 3:30 p.m. in Room 519-S, Statehouse.

Upon completion of its business, the meeting adjourned at 5:50 p.m.

FROM: State Department of Education and
Legislative Research Department

SUBJECT: Proposed School Finance Plan

Attached is a computer printout (L9203) which estimates the amount of state aid (Column 15) that each school district would receive under a proposed school finance plan. The property tax estimates for 1992-93 for individual school districts have been included in this printout (Column 18) but should be used cautiously for the following reasons.

1. There is a wide variation in general fund cash balances due to property tax problems in some unified school districts.
2. The percentage of hold harmless state aid changes from 87.5 percent to 50.0 percent.
3. The motor vehicle tax collections may be different than the amount budgeted.
4. Some school districts may not utilize full budget authority due to the property tax impact.
5. The enrollment estimates will change when final enrollments are completed in the Fall of 1992.

The definition of district wealth, the budget controls, and other factors related to the proposed finance plan is attached for your review. If you have any questions concerning this printout, feel free to contact my office. (296-3871)

PROPOSED STATE AID PLANS
1992-93 School Year
(Amounts in Thousands)

| | <u>Actual</u> <u>1991-92</u> | <u>Proposed</u> <u>Plan</u> <u>1992-93</u> |
|---|---|---|
| General Fund Budget Limitations | 1%-2% plus 1% subject to protest petition | 1%-3% plus 5.9% for 4th enr. cat. not to exceed median of 5th cat. |
| Est. General Fund Budget | 1,718,666 | 1,824,922 |
| Percent Budget Increase | 4.4% | 6.2%* |
| General State Aid (including additional guarantee) | 526,977 | 529,424 |
| Income Tax Rebate (a) | 201,692 | 219,553 |
| Ratio of General State Aid and Income Tax Rebate to Budget | 42.2% | 41.0% |
| Est. Property Tax Increase (b) | 125,799 | 87,855 |
| Est. Property Tax Rate Increase | 8.6 mills | 5.9 mills |
| Est. Percent Increase in Teacher Salaries (b) | 3.5% | 5.7%** |

General Assumptions

- USD cash balance on July 1, 1992, is same as July 1, 1991
- Enrollment increase of 1.3% or approximately 5,540 students on September 20, 1992

(a) Based upon the current law

(b) Teacher salary increases will vary considerably from district to district. In many districts where the property tax exceeds two to three mills, such districts may not use their full budget authority.

U.S.D. ENROLLMENT
(Excludes U.S.D. #207)

| <u>FTE</u> <u>9-15-87</u> | <u>FTE</u> <u>9-20-88</u> | <u>FTE</u> <u>9-20-89</u> | <u>FTE</u> <u>9-20-90</u> | <u>Est. FTE</u> <u>9-20-91</u> | <u>Est. FTE</u> <u>9-20-92</u> |
|------------------------------|------------------------------|------------------------------|------------------------------|-----------------------------------|-----------------------------------|
| 399,979.0 | 403,322.9 | 408,394.0 | 414,592.7 | 423,968.6 | 429,508.0 |

* The statewide average budget increase will be approximately 4.7% for all enrollment categories except the fourth. This increase takes into account enrollments, social security, utilities, appeals to the State Board of Tax Appeals, and unused budget authority.

** The statewide average salary increase will be approximately 4.2% except for the fourth enrollment category.

| Est. KPERs Increase over 1991-92 | | |

- a) Based on latest information available
b) General state aid divided by general fund budget
c) General state aid, income tax rebate, and SDAVTRF divided by
general fund budget
d) Estimated amount to fund appeals to State Board of Tax Appeals for
operating cost due to construction, etc.
e) Based on current year appropriation

SCHOOL DISTRICT EQUALIZATION ACT -- COMPARISON OF PRESENT LAW
WITH PROPOSED NEW PLAN FOR 1991-92

| | Current Law | Proposed Plan |
|----------------------------------|---|--|
| Basic Budget Controls | 3% - 9% | 1% - 3% plus 5.9% for 4th enr. cat. not to exceed median of 5th cat.* |
| Decline in Enrollment | Use prior year's enrollment if decline is less than 4% for large enrollment category or less than 10% for the two small enrollment categories (0-400). A mathematical linear transition will be computed for districts in the 400-2,000 category which will vary 4%-10%. If enrollment declines more than specified percentages, the budget computation is based on prior year's enrollment less the number of pupils the enrollment exceeds the percentage threshold | Same |
| Hold Harmless | N.A. | 50% of proj. loss of gen. st. aid and inc. tax rebate |
| Local Effort Rate | N.A. | 7.430% |
| District Wealth | Two-year average of assessed val. and taxable income | One-year assessed val. & 24% of taxable income |
| Income Tax Rebate | 24% of liability before credits for taxes paid to another state. | Same |
| P.L. 874 | Percent of local revenue equalized to total local revenue | Same |
| Motor Vehicle Excise Tax & IRB's | Prior year's motor vehicle & IRB in lieu payments as part of local effort | Same |
| Appeals | Construction, spec. ed., utilities, transportation, enrollment, elem. guidance, & bilingual ed. | Same |
| Transfers from General Fund | Transportation, spec. ed., driver training, adult ed., adult supp., food service, voc. ed., capital outlay, bilingual ed., inservice ed., parent ed., & educ. excellence funds | Same |
| Enrollment Categories | 0-199.9 200-399.9 400-1,999.9 2,000-9,999.9 10,000 and over | Same |
| Minimum Levy | None | Reduce cat. aid until gen. fund mill rate equals 3/5ths of state median or state aid is zero** |

*In addition, prior year's increases in social security, insurance, utilities, and unused budget authority. (Authorizes up to 2% of unused budget authority in 1992-93.)

**Categorical aid includes transportation, food service, bilingual, inservice, driver training, parent education, and income tax rebate

FROM: State Department of Education and
Legislative Research Department

SUBJECT: 1992 House Bill 2826 Revised

Attached is a computer printout (L9229) which makes an effort to compare the current school finance program with a proposed new plan based upon 1992 House Bill 2826. The principle provisions of this bill are outlined below.

- * Minimum mandated levy of 8 mills
- * 15% Income tax surcharge on the residential income tax liability after credits
- * Budget controls--1% - 3%
- * District wealth--Assessed valuation and taxable income

This information is based upon the latest data available but should be considered an estimate and used cautiously. It is also very important to note that the 15% surcharge tax on income tax liability after credits could not be institute until the 1992 tax returns are filed in 1993. This has the effect of reducing the amount of income that schools would receive the first year. The amount shown in Column 12 will equate only to 23% of the amount anticipated to be received on an annualized basis. The mill levies shown in Column 18 reflect one year's collection of the surcharge tax as a result of the school districts' 18-month budgeting process.

Dale M. Dennis
Deputy/Assistant Commissioner
Division of Fiscal Services and Quality Control

- a) Based on latest information available
- b) General state aid divided by general fund budget
- c) General state aid, income tax rebate, and SDAVTRF divided by general fund budget
- d) Estimated amount to fund appeals to State Board of Tax Appeals for operating cost due to construction, etc.
- e) Based on current year appropriation

SCHOOL DISTRICT EQUALIZATION ACT -- COMPARISON OF PRESENT LAW
WITH PROPOSED NEW PLAN FOR 1992-93

| | Current Law | Proposed Plan |
|----------------------------------|---|--|
| Basic Budget Controls | 3% - 9% | 1% - 3% plus 5.9% for 4th enr. cat. not to exceed median of 5th enr. cat.* |
| Decline in Enrollment | Use prior year's enrollment if decline is less than 4% for large enrollment category or less than 10% for the two small enrollment categories (0-400). A mathematical linear transition will be computed for districts in the 400-2,000 category which will vary 4%-10%. If enrollment declines more than specified percentages, the budget computation is based on prior year's enrollment less the number of pupils the enrollment exceeds the percentage threshold | Same |
| Hold Harmless | N.A. | None |
| Local Effort Rate | N.A. | 5.015% |
| District Wealth | Two-year average of assessed val. and taxable income | One-year assessed val. and taxable income |
| Income Tax Rebate | 24% of liability before credits for taxes paid to another state. | Current law plus 15% surtax after credits will be added |
| P.L. 874 | Percent of local revenue equalized to total local revenue | Same |
| Motor Vehicle Excise Tax & IRB's | Prior year's motor vehicle & IRB in lieu payments as part of local effort | Same |
| Appeals | Construction, spec. ed., utilities, transportation, enrollment, elem. guidance, & bilingual ed. | Same |
| Transfers from General Fund | Transportation, spec. ed., driver training, adult ed., adult supp., food service, voc. ed., capital outlay, bilingual ed., inservice ed., parent ed., & educ. excellence funds | Same |
| Enrollment Categories | 0-199.9 200-399.9 400-1,999.9 2,000-9,999.9 10,000 and over | Same |
| Minimum Levy | None | 8 mills |

*In addition, prior year's increases in social security, insurance, utilities, and unused budget authority. (Authorizes up to 1% of unused budget authority in 1992-93.)

**Categorical aid includes transportation, food service, bilingual, inservice, driver training, parent education, and income tax rebate

| General Fund Budget Limitations | 1%-2% plus 1% subject to protest petition | 1%-3% plus 5.9% for 4th enr. cat. not to exceed median of 5th cat. |
| Est. General Fund Budget | 1,718,666 | 1,829,351 |
| Percent Budget Increase | 4.4% | 6.4%* |
| General State Aid (inc. add. guar.) | 526,977 | 526,977 |
| 15% Surtax on income tax | 0 | 25,746*** |
| Income Tax Rebate (a) | 201,692 | 222,000 |
| Ratio of General State Aid and Income Tax Rebate to Budget | 42.2% | 42.3% |
| Est. Property Tax Increase (b) | 125,799 | (18,236) |
| Est. Property Tax Rate Increase | 8.6 mills | (1.2 mills) |
| Est. Percent Increase in Teacher Salaries (b) | 3.5% | 5.9%** |

General Assumptions

- USD cash balance on July 1, 1992, is same as July 1, 1991
- Enrollment increase of 1.3% or approximately 5,540 students on September 20, 1992

- (a) Based upon the current law
- (b) Teacher salary increases will vary considerably from district to district. In many districts where the property tax exceeds two to three mills, such districts may not use their full budget authority.

U.S.D. ENROLLMENT
(Excludes U.S.D. #207)

| <u>FTE</u> <u>9-15-87</u> | <u>FTE</u> <u>9-20-88</u> | <u>FTE</u> <u>9-20-89</u> | <u>FTE</u> <u>9-20-90</u> | <u>Est. FTE</u> <u>9-20-91</u> | <u>Est. FTE</u> <u>9-20-92</u> |
|------------------------------|------------------------------|------------------------------|------------------------------|-----------------------------------|-----------------------------------|
| 399,979.0 | 403,822.9 | 408,394.0 | 414,592.7 | 422,968.6 | 429,508.0 |

* The statewide average budget increase will be approximately 4.9% for all enrollment categories except the fourth. This increase takes into account enrollments, social security, utilities, appeals to the State Board of Tax Appeals, and unused budget authority.

** The statewide average salary increase will be approximately 4.4% except for the fourth enrollment category.

*** On an annualized basis would be approximately \$112.0 million.

Attach #1-19 (II)

COLUMN EXPLANATION

| | | |
|--------|--|----------------------------|
| Column | 1 - Estimated September 20, 1992, FTE enrollment | |
| | 2 - 1991-92 estimated general fund budget per pupil | |
| | 3 - 1992-93 estimated percentage increase authorized in general fund budget per pupil utilizing the following medians | |
| | 0-399.9 (use 200-399.9 category median) | \$ 5,404 |
| | 400-1,999.9 (use 200-399.9 category median with linear transition) | \$5,404 - 1.136250 (E-400) |
| | 2,000-9,999.9 (use 2,000-9,999.9 category median) | |
| | Plus 5.9% of preceding year except for USD's whose BPP exceeds the 5th enrollment category median | \$ 3,386 |
| | 10,000 and over (use 10,000 and over category median) | \$ 3,806 |
| | 4 - 1991-92 estimated general fund budget | |
| | 5 - 1992-93 estimated general fund budget utilizing budget controls of 1%-3% plus 5.9% for 4th enrollment category not to exceed median of the 5th enrollment category | |
| | 6 - Difference (Column 5 - 4) | |
| | 7 - 1991-92 estimated general (basic) state aid | |
| | 8 - 1991-92 estimated additional guarantee (hold harmless clause) | |
| | 9 - 1991-92 estimated income tax rebate | |
| | 10 - 1991-92 estimated total state aid (Columns 7 + 8 + 9) | |
| | 11 - 1992-93 estimated general (basic) state aid | |
| | 12 - 1992-93 estimated 15% surtax on income tax | |
| | 13 - 1992-93 estimated income tax rebate | |
| | 14 - 1992-93 estimated total state aid (Columns 11 + 12 + 13) | |
| | 15 - Difference (Column 14 - 10) | |
| | 16 - 1992-93 millage equivalency of Column 15 (Column 15 divided by assessed valuation) | |
| | 17 - 1991-92 general fund mill rate | |
| | 18 - <u>ESTIMATED</u> 1992-93 General fund mill rate | |

Legislative Research Department

SUBJECT: Proposed School Finance Plan

Attached is a computer printout (L9233) which makes an effort to compare the current school finance program with a proposed new plan. The principle provisions of this bill are outlined below.

- * Minimum mandated levy of 8 mills
- * 15% Income tax surcharge on the residential income tax liability after credits
- * Budget controls—1% - 3%
- * District wealth—Assessed valuation and taxable income

This information is based upon the latest data available but should be considered an estimate and used cautiously. It is also very important to note that the 15% surcharge tax on income tax liability after credits could not be institute until the 1992 tax returns are filed in 1993. This has the effect of reducing the amount of income that schools would receive the first year. The amount shown in Column 12 equates to 100% of the amount anticipated to be received on an annualized basis (only 23% would be received the first year). The mill levies shown in Column 18 reflect one year's collection of the surcharge tax as a result of the school districts' 18-month budgeting process.

Dale M. Dennis
Deputy/Assistant Commissioner
Division of Fiscal Services and Quality Control

| Est. KPERS Requirement | | |
| Est. KPERS Increase over 1991-92: | | |

| | Current Law | Proposed Plan |
|----------------------------------|---|--|
| Basic Budget Controls | 3% - 9% | 1% - 3% plus 5.9% for 4th enr. cat. not to exceed median of 5th enr. cat.* |
| Decline in Enrollment | Use prior year's enrollment if decline is less than 4% for large enrollment category or less than 10% for the two small enrollment categories (0-400). A mathematical linear transition will be computed for districts in the 400-2,000 category which will vary 4%-10%. If enrollment declines more than specified percentages, the budget computation is based on prior year's enrollment less the number of pupils the enrollment exceeds the percentage threshold | Same |
| Hold Harmless | N.A. | None |
| Local Effort Rate | N.A. | 3.749% |
| District Wealth | Two-year average of assessed val. and taxable income | One-year assessed val. and taxable income |
| Income Tax Rebate | 24% of liability before credits for taxes paid to another state. | Current law plus 15% surtax after credits will be added |
| P.L. 874 | Percent of local revenue equalized to total local revenue | Same |
| Motor Vehicle Excise Tax & IRB's | Prior year's motor vehicle & IRB in lieu payments as part of local effort | Same |
| Appeals | Construction, spec. ed., utilities, transportation, enrollment, elem. guidance, & bilingual ed. | Same |
| Transfers from General Fund | Transportation, spec. ed., driver training, adult ed., adult supp., food service, voc. ed., capital outlay, bilingual ed., inservice ed., parent ed., & educ. excellence funds | Same |
| Enrollment Categories | 0-199.9 200-399.9 400-1,999.9 2,000-9,999.9 10,000 and over | Same |
| Minimum Levy | None | 8 mills |

- a) Based on latest information available
b) General state aid divided by general fund budget
c) General state aid, income tax rebate, and SDAVTR divided by general fund budget
d) Estimated amount to fund appeals to State Board of Tax Appeals for operating cost due to construction, etc.
e) Based on current year appropriation

*In addition, prior year's increases in social security, insurance, utilities, and unused budget authority. (Authorizes up to 1% of unused budget authority in 1992-93.)

**Categorical aid includes transportation, food service, bilingual, inser, driver training, parent education, and income tax rebate

PREPARED BY: State Department of Education and
Legislative Research Department

PROPOSED STATE AID PLANS
1992-93 School Year
(Amounts in Thousands)

| | Actual 1991-92 | Proposed Plan 1992-93 |
|---|---|---|
| General Fund Budget Limitations | 1%-2% plus 1% subject to protest petition | 1%-3% plus 5.9% for 4th enr. cat. not to exceed median of 5th cat. |
| Est. General Fund Budget | 1,718,666 | 1,829,351 |
| Percent Budget Increase | 4.4% | 6.4%** |
| General State Aid (inc. add. guar.) | 526,977 | 526,977 |
| 15% Surtax on income tax | 0 | 111,943*** |
| Income Tax Rebate (a) | 201,692 | 222,000 |
| Ratio of General State Aid and Income Tax Rebate to Budget | 42.2% | 47.0% |
| Est. Property Tax Increase (b) | 125,799 | (18,236) |
| Est. Property Tax Rate Increase | 8.6 mills | (1.2 mills) |
| Est. Percent Increase in Teacher Salaries (b) | 3.5% | 5.9%** |

General Assumptions

- USD cash balance on July 1, 1992, is same as July 1, 1991
- Enrollment increase of 1.3% or approximately 5,540 students on
September 20, 1992

- (a) Based upon the current law
- (b) Teacher salary increases will vary considerably from district to district. In many districts where the property tax exceeds two to three mills, such districts may not use their full budget authority.

U.S.D. ENROLLMENT
(Excludes U.S.D. #207)

| FTE <u>9-15-87</u> | FTE <u>9-20-88</u> | FTE <u>9-20-89</u> | FTE <u>9-20-90</u> | Est. FTE <u>9-20-91</u> | Est. FTE <u>9-20-92</u> |
|-----------------------|----------------------------------|-----------------------|-----------------------|----------------------------|----------------------------|
| 399,979.0 | 403,872.9 | 408,394.0 | 414,592.7 | 423,968.6 | 429,508.0 |

* The statewide average budget increase will be approximately 4.9% for all enrollment categories except the fourth. This increase takes into account enrollments, social security, utilities, appeals to the State Board of Tax Appeals, and ~~unuse~~ budget authority.

** The statewide average salary increase will be approximately 4.4% except for the fourth enrollment category.

*** On an annualized basis would be approximately \$112.0 million. The first year the amount is estimated to be \$25.7 million.

Attach #1-34 (III)

COLUMN EXPLANATION

- Column
- 1 - Estimated September 20, 1992, FTE enrollment
 - 2 - 1991-92 estimated general fund budget per pupil
 - 3 - 1992-93 estimated percentage increase authorized in general fund budget per pupil utilizing the following medians

| | |
|--|----------------------------|
| 0-399.9 (use 200-399.9 category median) | \$ 5,404 |
| 400-1,999.9 (use 200-399.9 category median with linear transition) | \$5,404 - 1.136250 (E-400) |
| 2,000-9,999.9 (use 2,000-9,999.9 category median) Plus 5.9% of preceding year except for USD's whose BPP exceeds the 5th enrollment category median | \$ 3,386 |
| 10,000 and over (use 10,000 and over category median) | \$ 3,806 |
 - 4 - 1991-92 estimated general fund budget
 - 5 - 1992-93 estimated general fund budget utilizing budget controls of 1%-3% plus 5.9% for 4th enrollment category not to exceed median of the 5th enrollment category
 - 6 - Difference (Column 5 - 4)
 - 7 - 1991-92 estimated general (basic) state aid
 - 8 - 1991-92 estimated additional guarantee (hold harmless clause)
 - 9 - 1991-92 estimated income tax rebate
 - 10 - 1991-92 estimated total state aid (Columns 7 + 8 + 9)
 - 11 - 1992-93 estimated general (basic) state aid
 - 12 - 1992-93 estimated 15% surtax on income tax on an annualized basis
 - 13 - 1992-93 estimated income tax rebate
 - 14 - 1992-93 estimated total state aid (Columns 11 + 12 + 13)
 - 15 - Difference (Column 14 - 10)
 - 16 - 1992-93 millage equivalency of Column 15 (Column 15 divided by assessed valuation)
 - 17 - 1991-92 general fund mill rate
 - 18 - ESTIMATED 1992-93 General fund mill rate

JAMES E. LOWTHER
REPRESENTATIVE, THIRTY NINTH DISTRICT
LYON COUNTY
1549 BERKELEY ROAD
EMPORIA, KANSAS 66801

TOPEKA

HOUSE OF
REPRESENTATIVES

February 18, 1992

Testimony

Before House Education Committee in support of HB 2914

No one knows better than you--members of the Education Committee-- that there remains a long row to hoe before we are ready to plant the seeds of equity for school finance. Last week you considered a plan fashioned under pressure--pressure of court challenge and pressure from the legislative calendar. Some claim it's great, others claim it's terrible. The press has called it "radical". Opponents term it "socialistic". It embodies some concepts that I am reluctant to support.

In fact, it is those components of the task force proposal embodied in HB 2892 that were the motivation for me to develop HB 2914. Many people besides myself are not ready to cross over the bridge into unknown territory as we would be asked to do with HB 2892.

I realize that there may be many alternatives suitable to the court that could be developed given enough time. Time is essential to adopt a new concept to the point of acceptance.

It's my conviction that the version of the School District Equalization Act as embodied in HB 2914 is an alternative that will carry us forward until a new concept can be developed and accepted. Why venture into unchartered waters when it is not necessary now? I'm convinced after listening to the testimony last week that the legislation proposed in HB 2892 will be challenged in courts if passed by the Legislature.

I am presenting this proposal as an alternative: It is possible, it is constitutional, it's equitable. All the red flags are gone while some added features provide more equalization than when the SDEA was first implemented some twenty years ago. Of course it raises twenty year old arguments that the so-called rich districts get treated badly, but I say, "not that badly". No school district will have to reduce spending under this proposal and only 30 some districts will receive less state aid.

You have before you a plan that uses the Governor's additional money, \$217 million. The increased income tax estimate adds

*Education
Attachment #2
2/20/92*

\$21 million for a total of \$238 million. This is at least \$100 million less new money than in the bill heard last week! Yet, property taxes under this bill would fall an estimated 12.6 mills on the average statewide which is almost the same as in HB 2892.

The rationale for this legislation is that the SDEA has served its purpose well and has provided a fundamentally sound approach to school finance. Current litigation was prompted more by the low level of state funding of the formula than by fundamental philisophical issues. This legislation suggests that perhaps it is preferable to await guidance from the Kansas Supreme Court regarding the constitutional flaws that might exist. The court has not ruled, of course, on the constitutionality of the current state funding system and for the most part, complaints cited in current litigation have been taken care of or would be, by provisions of this bill. If this bill passed, it is conceivable that the 1993 Legislature would be able to address school finance issues better informed as to the constitutional requirements for funding public education in Kansas.

House Bill 2914 proposes amendments to the School District Equalization Act to do several things. These are itemized on the handout I have given you.

I have some comments to make about some of the proposed amendments.

Item No. 2 concerns a minimum expenditure level--in this bill there would be no maximum expenditure per pupil. In fact, the legislation would recognize that "educational opportunity" is the right of local Boards of Education, elected by the voters of the school district, to determine what over and above basic educational requirements established by the state board, is needed or is desirable.

Concerning the income tax rebate, a review of the development of the School Districts Equalization Act indicates that the income tax rebate was offered in place of local option income or earning taxes. HB 2914, in order to minimize the negative effect on income intensive districts, would phase out the rebate over four years.

Under Item 9, the equalization of the capital outlay fund is designed to eliminate a provision deemed vulnerable to the constitutional test.

Not included in the items above are the formulas for funding special education and transportation. They would be retained under current law with a goal of funding 100% of the actual costs.

I would point out the last paragraph which refers to the proposed amendment that would require school districts access the income component of district wealth. This version would impose a surtax on individuals living in the school district up to 15% of their state income tax liability.

Attach # 2-2

This is a variation of the idea in Representative Crumbaker's bill HB 2826. As originally intended in the concept of this legislation, the amendment also provides for a local option income tax subject to a protest and vote by the patrons of the school district.

Finally, this legislation has a dual objective of providing property tax relief. It would require funding at a level comparable to the Governor's budget recommendation of \$217 million. I want to point out, that any school finance plan, if it is to meet the test of constitutionality and in addition provide any measure of property tax relief, will require significant funding by this legislature. For plans under consideration, success is contingent on enactment of additional sales and/or income taxes and/or some of the measures recommended by the Governor.

With these modifications incorporated in the current SDEA, I feel it would withstand a constitutional challenge. And even more important to more people in Kansas, the concept in this bill keeps intact the principle of local control.

1992 H.B. 2914
LOWTHER PLAN

BRIEF:

H.B. 2914 proposes amendments to the School District Equalization Act to do the following:

1. Budget Controls. The per pupil budget controls for the 1992-93 school year would be 100.5 percent to 101.5 percent. (Under present law, the per pupil budget controls for 1992-93 are 101 percent to 103 percent.)

In addition, a technical change is made concerning school district access to accumulated budget authority to limit the amount that may be used in any one year to the difference between the "determinable percentage" and the "multiplicand component of the determinable percentage." (In other words, with budget per pupil controls of 100.5 percent to 101.5 percent, the amount of accumulated budget authority that can be used is 1.0 percent. Under the present law, the amount of such authority that can be used is 1.5 percent. This amendment returns the law to the pre-1991 form.)

2. Minimum Expenditure Level. Overriding the per pupil budget controls is a minimum expenditure requirement. Under it, no district is permitted to budget or spend in any school year less than an amount equal to 80 percent of the median budget per pupil in the district's enrollment category in the preceding school year.

(This provision is designed to narrow the range between high and low per pupil expenditure levels among school districts and ensure even the most conservative districts are spending at levels not far different from the median budget per pupil in the enrollment category.)

3. Budget Appeals. A new budget appeal reason is authorized for programming for at-risk pupil assistance plans (as defined in K.S.A. 1991 Supp. 72-9901). A district is permitted to request the State Board of Tax Appeals for additional budget authority when the cost of providing programs or services to at-risk children causes an increase in operating expenses greater than the district otherwise is permitted to budget.

4. Income Tax Rebate. The income tax rebate, presently set at 24 percent of income tax liability of residents after credits, except for credits for taxes paid to another state and except for withholding and estimates, would be phased out over a four year period, as follows: 1991 income filed in 1992 - 18 percent, 1992 income filed in 1993 -- 12 percent, 1993 income filed in 1994 -- 6 percent, 1994 income filed in 1995 and thereafter -- none.

5. District Wealth Component of Local Effort. The use of taxable income as an element of the definition of "district wealth" is phased out over a four year period. Presently, 24 percent of the taxable income of resident individuals and the assessed valuation of the district constitute "district wealth." The percentage of taxable income considered for this purpose is linked to the income tax rebate percentage. Consequently, the phase-out of the use of taxable income in district wealth is coordinated with the phase-out of the income tax rebate. In the 1992-93 school year, 18 percent of taxable income is used; in 1993-94, 12 percent; in 1994-95, 6 percent; and in 1995-96 and thereafter taxable income is no longer considered a part of district wealth.

attach # 2-4

6. Mineral Production Tax Receipts Added to "Local Effort" Measurement. Mineral production tax receipts credited to the general fund of a school district in the preceding year are treated as local effort, i.e., as a measure of the local district's ability to provide funding for the public schools.

(This revenue source currently is available to some school districts. These revenues are outside of the equalization features of the School District Equalization Act.)

7. Minimum Effort Requirement Categorical Aid Penalty. The threshold for applying the categorical state aid penalty to school districts having low general fund tax rates as compared to other districts is increased from three-fifths to four-fifths of the median general fund tax rate of all school districts in the state. Technical changes reflect the phase-out of income tax rebate in connection with this penalty provision.

8. Power Equalization of the Technology Education Mill Levy. The authorization for a two mill tax levy for technology education is repealed and the amount being levied under this authority is power-equalized by adding the amount levied for this purpose in 1991 to the base budget per pupil of the district for the purpose of establishing the 1992-93 per pupil budget limitations of a school district. Amendments permit school district transfers from the general fund to the technology education fund and the deposit of miscellaneous revenues in this fund. "Technology education program" is defined as a program to incorporate electronic computer and communications technologies into educational programs of the school district, including improvement and integration of on-line information management and communications systems in all application areas. Expenditures for technology education cannot be made from the school district general fund.

8. Hold Harmless. The hold harmless provisions of the current law are eliminated.

(The present law, based on the 1990-91 general state aid and income tax rebate (combined) per pupil, provides for hold harmless aid at 50 percent of the 1990-91 amount in 1992-93 and 25 percent of such amount in 1993-94. After 1993-94, there is no hold harmless aid provision.)

9. Capital Outlay Levy Equalization Aid. School districts obligated to make capital outlay payments are entitled to state equalization aid from the new state School District Capital Improvements Fund which is established in the State Treasury. Such aid is in the same proportion to the amount of the capital outlay obligation for the year as the district's ratio of general state aid bears to its general fund budget.

(This is a new program, designed to extend state equalization aid to the area of capital expenditures.)

In addition to the above changes in the School District Equalization Act, an amendment is proposed to provide school districts with a local option income tax as an alternative to exclusive reliance on the local property tax to produce revenue to account for the district wealth component of a school district's local effort.

SCHOOL DISTRICT EQUALIZATION ACT -- COMPARISON OF PRESENT LAW
WITH PROPOSED NEW PLAN FOR 1992-93

| | Current Law | Proposed Plan |
|----------------------------------|---|--|
| Basic Budget Controls | 3% - 9% | .5% - 1.5% plus 0.9% for 4th enr. cat. not to exceed median of 5th enr. cat.* or 80% of median |
| Decline in Enrollment | Use prior year's enrollment if decline is less than 4% for large enrollment category or less than 10% for the two small enrollment categories (0-400). A mathematical linear transition will be computed for districts in the 400-2,000 category which will vary 4%-10%. If enrollment declines more than specified percentages, the budget computation is based on prior year's enrollment less the number of pupils the enrollment exceeds the percentage threshold | Same |
| Hold Harmless | N.A. | None |
| Local Effort Rate | N.A. | 5.055% |
| District Wealth | Two-year average of assessed val. and taxable income | One-year assessed val. & 18% of taxable income |
| Income Tax Rebate | 24% of liability before credits for taxes paid to another state. | Same |
| P.L. 874 | Percent of local revenue equalized to total local revenue | Same |
| Motor Vehicle Excise Tax & IRB's | Prior year's motor vehicle & IRB in lieu payments as part of local effort | Same |
| Appeals | Construction, spec. ed., utilities, transportation, enrollment, elem. guidance, & bilingual ed. | Same |
| Transfers from General Fund | Transportation, spec. ed., driver training, adult ed., adult supp., food service, voc. ed., capital outlay, bilingual ed., inservice ed., parent ed., & educ. excellence funds | Same |
| Enrollment Categories | 0-199.9 200-399.9 400-1,999.9 2,000-9,999.9 10,000 and over | Same |
| Minimum Levy | None | Reduce cat. aid until gen. fund mill rate equals 4/5ths of state median or state aid is zero** |
| Technology Levy | Up to 2-mill levy | Power equalized |

PREPARED BY: State Department of Education and
Legislative Research Department
Computer Printout: L9226 REVISED
Date: February 19, 1992

*In addition, prior year's increases in social security, insurance, utilities, and unused budget authority. (Authorizes up to 1% of unused budget authority in 1992-93.)

**Categorical aid includes transportation, food service, bilingual, inservice, driver training, parent education, and income tax rebate

Cater #2-10

PROPOSED STATE AID PLANS
1992-93 School Year
(Amounts in Thousands)

| | Actual <u>1991-92</u> | Proposed Plan <u>1992-93</u> |
|---|---|--|
| General Fund Budget Limitations | 1%-2% plus 1% subject to protest petition | .5%-1.5% plus 5.9% for 4th enr. cat. not to exceed median of 5th cat. or 80% of median |
| Est. General Fund Budget | 1,718,666 | 1,817,030 |
| Percent Budget Increase | 4.4% | 5.7%* |
| General State Aid (including additional guarantee) | 526,977 | 805,733 |
| Income Tax Rebate (a) | 201,692 | 161,244 |
| Ratio of General State Aid and Income Tax Rebate to Budget | 42.2% | 53.2% |
| Est. Property Tax Increase (b) | 125,799 | (188,252) |
| Est. Property Tax Rate Increase | 8.6 mills | (12.6 mills) |
| Est. Percent Increase in Teacher Salaries (b) | 3.5% | 5.2%** |

General Assumptions

- USD cash balance on July 1, 1992, is same as July 1, 1991
- Enrollment increase of 1.3% or approximately 5,540 students on
September 20, 1992

- (a) Based upon the current law
- (b) Teacher salary increases will vary considerably from district to district. In many districts where the property tax exceeds two to three mills, such districts may not use their full budget authority.

U.S.D. ENROLLMENT
(Excludes U.S.D. #207)

| <u>FTE</u> <u>9-15-87</u> | <u>FTE</u> <u>9-20-88</u> | <u>FTE</u> <u>9-20-89</u> | <u>FTE</u> <u>9-20-90</u> | Est. FTE <u>9-20-91</u> | Est. FTE <u>9-20-92</u> |
|------------------------------|------------------------------|------------------------------|------------------------------|----------------------------|----------------------------|
| 399,979.0 | 403,822.9 | 408,394.0 | 414,592.7 | 423,968.6 | 429,508.0 |

* The statewide average budget increase will be approximately 4.2% for all enrollment categories except the fourth. This increase takes into account enrollments, social security, utilities, appeals to the State Board of Tax Appeals, and unused budget authority.

** The statewide average salary increase will be approximately 3.7% except for the fourth enrollment category.

Attach # 2-1

COLUMN EXPLANATION

- Column
- 1 - Estimated September 20, 1992, FTE enrollment
 - 2 - 1991-92 estimated general fund budget per pupil
 - 3 - 1992-93 estimated percentage increase authorized in general fund budget per pupil utilizing the following medians

| | |
|---|----------------------------|
| 0-399.9 (use 200-399.9 category median) | \$ 5,404 |
| 400-1,999.9 (use 200-399.9 category median with linear transition) | \$5,404 - 1.261250 (E-400) |
| 2,000-9,999.9 (use 2,000-9,999.9 category median) | |
| Plus 5.9% of preceding year except for USD's whose BPP exceeds the 5th enrollment category median | \$ 3,386 |
| 10,000 and over (use 10,000 and over category median) | \$ 3,806 |
 - 4 - 1991-92 estimated general fund budget
 - 5 - 1992-93 estimated general fund budget utilizing budget controls of .5% - 1.5% plus 5.9% for 4th enrollment category not to exceed median of the 5th enrollment category
 - 6 - Difference (Column 5 - 4)
 - 7 - 1991-92 estimated general (basic) state aid
 - 8 - 1991-92 estimated additional guarantee (hold harmless clause)
 - 9 - 1991-92 estimated income tax rebate
 - 10 - 1991-92 estimated total state aid (Columns 7 + 8 + 9)
 - 11 - 1992-93 estimated general (basic) state aid
 - 12 - No hold harmless provision in this plan
 - 13 - 1992-93 estimated income tax rebate
 - 14 - 1992-93 estimated total state aid (Columns 11 + 12 + 13)
 - 15 - Difference (Column 14 - 10)
 - 16 - 1992-93 millage equivalency of Column 15 (Column 15 divided by assessed valuation)
 - 17 - 1991-92 general fund mill rate
 - 18 - ESTIMATED 1992-93 General fund mill rate

Otter # 2-19

MARTHA Rogge - Sablette

#3

Chairman Bowden and Committee Members:

The original SCHOOL DISTRICT EQUALIZATION FORMULA can work to provide a sound and equalized approach to school finance. That is demonstrated by both House Bill 2826 and 2914.

The concept incorporated in both bills is worthy of support. With a little refining that concept will provide both adequate property tax relief and sound school funding.

These bills represent a much better approach to school funding than the idea of let's levy a uniform state mill rate and then see what happens next year and the year after that.

My district, Sublette, will lose State Aid which will result in our mill levy increasing five or ten mills depending on the final funding formula. We prefer this to the prospect of 45 mills this year and 60 mills soon to follow without any assurance of what the mill levy or budget per pupil will be in the future.

The concept embraced by both bills allows for continuity in districts and for strategic planning.

I am fearful that all the bills on school funding seem to be aimed at property tax relief rather than adequate school funding. A .5 to 1.5 percent increase or a 1 to 3 percent increase does not address the increased costs related to inflation and areas of school reform. My district is involved with an outcome based curriculum process that has increased the costs of inservice, committee work, and consultant fees. Through this process we expect to be accountable but change does not come cheaply.

I have a problem with these two bills and others because they fail to reflect

Education
Attachment #3
2/20/92

abatements and/or IRBs. I believe they should be considered in determining aid from the SDEA.

I am also concerned that HB 2914 does not allow the current two mill levy for technology to continue. In many districts this is the only feasible means to begin to incorporate the much needed technology into their educational systems.. The way I interpret the bill the amount levied for technology this year would be added to the budget per pupil amount for the General Fund. That will not benefit my district since we did pass the levy but only levied a small portion of the two mills this year for planning with the expectation that the total two mills could be levied after the plan was in place. In other districts the two mills was not included in their budgets and they would not benefit from this part of the bill.

The Capital Outlay fund was not addressed in either bill. I hope this means that we will be able to continue to have access to that four mill levy and the use of it for local determination on how best to meet our district's needs.

I appreciate the fact that the original SDEA formula has not been forgotten. It served us well in the past and can do so in the future. Thank you.

Attach #3-2

Chairman Bowden and Committee Members:

My name is Stan McGill. I am President of the Board of Education for U.S.D. 209, Moscow, Kansas. We are known as a wealthy district, however there are some misconceptions about that idea. Namely, our grade school was built in the 1920s and our high school in 1958. Approximately 25% of our students are on free and reduced lunch. We have approximately 30% hispanic students. We are located in the midst of the Hugoton natural gas field which is a non-renewable depleting source of our tax base. Also, if the tax burden becomes so great that the producers feel that it is no longer profitable to produce or sell their products, they may choose to focus on their holdings in other states which could leave Moscow as one of the poorest districts in the state.

We (U.S.D. 209) support the following general provisions of both HB 2826 and 2914:

1. They use our current funding formula which has been the envy of other states.
2. They do NOT contain a statewide mill levy to be collected and redistributed by the state, thereby maintaining local control.
3. They do NOT force districts toward statewide mediocrity by limiting per pupil expenditures.
4. They allow those districts that are able to maintain Capital Outlay to do so but subsidize those that can NOT.
5. Even though both bills will raise our mill levy, our taxpayers are willing to support educational excellence throughout the state of Kansas as long as we do not destroy educational opportunities for our OWN children.
6. The bottom line is that it allows us to KEEP our school in Moscow where we have made a commitment to educate our kids in a small town setting that reflects OUR morals and values

Members of the House Education Committee:

My name is Kenneth Meyer. I'm a member of the Board of Education of Unified School District #451 serving in my tenth year. Today we are here to discuss the future financing of our elementary and secondary schools. I realize the issue is complex and that each of you have given many hours of time to study and comprehend the problems in developing a formula to equalize school finance.

I have reviewed several of the proposals being considered by this committee including printouts of HB 2826 and HB 2914. Our district is not effected severely by either bill. HB 2826 increased our budget and calls for a 12 mill decrease in property tax. HB 2914 also increases our budget and decreases the levy six mills. I am not here to support a specific bill, however I am here today to promote a concept. That concept is two fold. One, we prefer to maintain some degree of local control over our schools and two, we believe the present equalization formula as adopted by the 1972 Kansas Legislature should be retained.

In regard to the retention of the present formula, I have heard from various sources that it has been recognized as a model for other states. The Kansas Supreme Court has not ruled it to be unequal. If a new formula is developed, it will most likely be challenged in court as soon as it is adopted if it effects some school districts adversely in budget or mill levy. There are some changes that need to be made in the present formula. It is my understanding that removing the hold harmless section of the present formula and providing adequate funding would go a long way in making the present formula acceptable.

I believe we have a good school system, and that our neighboring school districts provide an excellent opportunity for their youth to achieve academic excellence. I believe the state of Kansas had provided adequately for the education of the youth of the state. Some of the reasons for the strong educational system we

Education
Attachment #5
2/20/92

have is that the people now have a voice in how their schools operate. We would like to retain a strong voice in our local schools. A new formula with a statewide mill levy in my opinion will be the beginning of the end for local control of our schools. Loss of local control will likely result in a statewide teacher salary schedule, a statewide curriculum and mediocrity for our schools. In your deliberations of this important issue I am asking you to consider the possibility of excellent schools for all of the students in the state and to allow the people to decide some of the important issues in regard to their community schools.

Thank you for giving me the time to address the committee. I will attempt to answer any questions.

Attach #5-2

Chairman Bowden and Committee Members:

I am Bill Light. I am the Board President of U.S.D. #217, Rolla, in Morton County. I appreciate this opportunity to stand before this Committee and testify on behalf of state school financing and its related problems.

Kansas has not witnessed such a stir of emotions over a political or financial plan for many years such as it is today. The plan that has created this emotion is the plan that proposes a total state funding of local school budgets. It is my involvement with this plan and those emotions which brings me here today.

This day I want to speak in support of House Bill 2914 sponsored by Representative Lowther and House Bill 2826 sponsored by Representative Crumbaker. Also, I want to speak in opposition to House Bill 3000 sponsored by Representative Helgerson. I believe HB 2826 and HB 2914 build upon and enhance the present school funding formula. This formula has served the schools of Kansas for over twenty years. I do not believe the current method of funding schools is broken. It may be slightly cracked from all of the adjustments and underfunding, but it is not broken. I support the plans of the Lowther and Crumbaker bills because they do not abandon the present formula. By these bills the formula would be fully funded and would continue to be a good vehicle for funding Kansas schools. I oppose the Helgerson plan because it does abandon the present formula in favor of a new radical funding mechanism. With the changes made by the Lowther and Crumbaker bills, I think the current funding plan can be made adequate and equitable for all Kansas schools.

Another reason I oppose the Helgerson bill is because it is an altered form of the Governor's plan that limits local control. The Helgerson plan would interfere with the business of local boards, elected by the patrons of the district, to determine their own destinies. I believe that under the Constitution of the State of Kansas it is

*Education
Attachment #6
2/20/92*

the right and duty of the locally elected school boards to maintain, develop and operate the local public schools. This system of school government by the people has worked for many years and many reasons. It has worked because:

1. Local boards know the needs of the community.
2. People feel the pride of ownership.
3. People feel better and are more supportive when they have input into the process of education either by direct involvement or by the election process.
4. People can see where and how their tax dollars are being spent and they are more willing to participate in further local efforts if needed.

The people and their elected board are better suited to deal with the changing needs of their communities and schools. Those who are closer to their problems have a better understanding of them and have more initiative to improve their situations. I do not think a school bureaucracy in Topeka, 360 miles away, would react to changing needs like those who have children in the school system. Excellence in education will come from the pride the people have in their school systems, it will not come from Topeka.

It is my concern just what will come from Topeka if the Helgerson plan or another altered form is adopted. I wonder just where this concept of intrusive state government and those who support it will lead us. My concern is that there is a further agenda to this concept. An agenda broader than just establishing a state authorized mill levy. Once the state establishes its authority to share the local tax base via the statewide mill levy, I believe the monster will be unleashed upon all levels of local government.

I base my concerns upon arguments presented by Mr. Charles Warren of Kansas, Inc., in the report from the Special Committee on Assessment and Taxation entitled "Proposal #3 - Local Consolidation". In this report it is argued that consolidation of schools and other local government units would result in the

Attach #6-2

efficiency of the tax dollar spent. In the July/August edition of the "Kansas County Connection" the question was raised by Mr. Warren as to the need for 105 county governments. Also, it was argued whether the state of Kansas could afford to subsidize county government for so few.

If the Helgerson plan or an altered form of the Governor's plan is passed, there would be a loss of local control. Once local control is lost by the schools to the state, I believe there would be a gradual attempt of state intrusion in all local governments. With the final result being consolidation of many school districts, county court systems, county appraisal duties and eventually consolidation of counties.

In conclusion I want to repeat my support for HB 2826 and HB 2914 because they build upon a school spending formula that has worked for many years and they do not require that education be turned over to more government regulations. Thank you Chairman Bowden for this time.

Education financing poses dilemma

In Kansas, 60 percent of all taxes is spent on public education. School and university budgets are rising rapidly, even though the number of students has not significantly changed. Eighty percent of education budgets is for salaries and wages.

Kansas needs a new school finance formula based on the actual cost to teach specific concepts and skills in each school building. The current formula, which uses the enrollment and property-tax wealth of a school district, is a carryover from the days of the one-room schoolhouse. To guarantee an equal educational opportunity for each Kansas student, regardless of the neighborhood in which his or her parents happen to live, the Legislature must develop a fair and equitable formula during the next session.

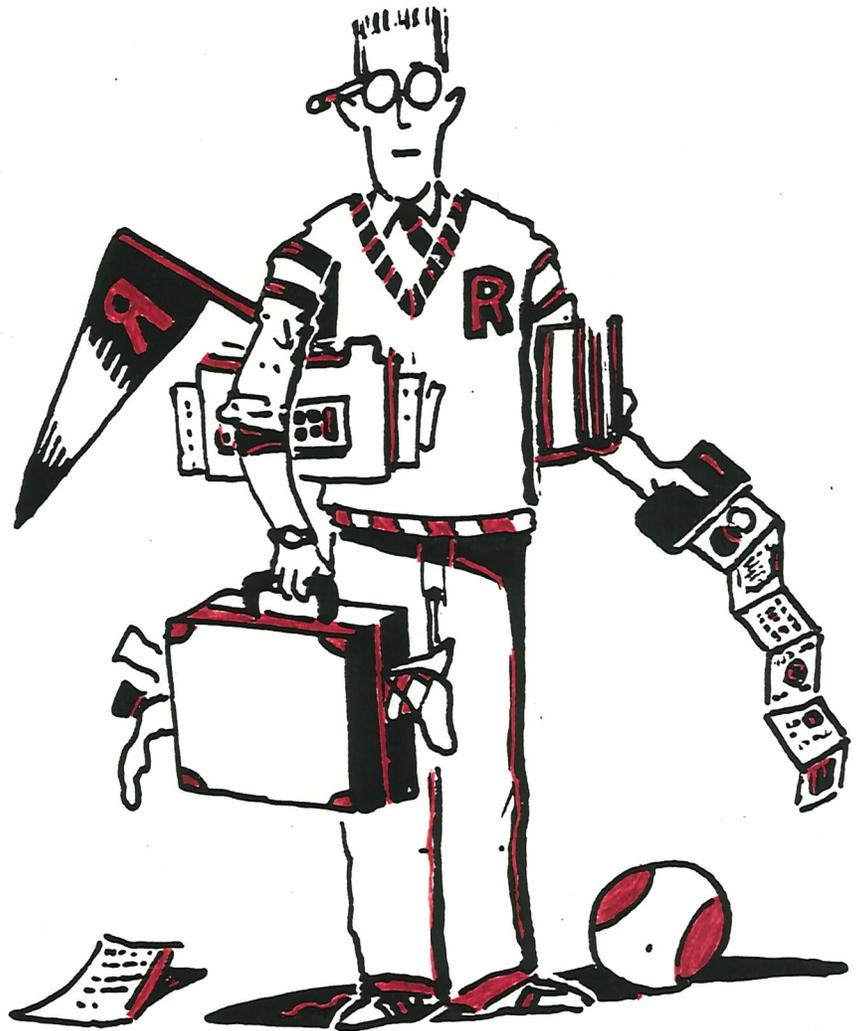

Likewise, colleges and universities in Kansas are using their funding formula to increase their revenue as much as 40 percent during the last two years. The current formula rewards low productivity rather than providing quality education at a reasonable cost to the students and taxpayers. College faculty teach one-third as many students as do Kansas public school teachers and yet receive an average of \$10,000 more per year in salary.

Under Gov.-elect Joan Finney's leadership, a new post-secondary funding formula needs to be passed by the Legislature which is based on actual instructional costs to teach 25 students per section in each academic department. This self-regulating formula will increase productivity and allow optimal use of faculty, facilities and funds.

By increasing faculty productivity at the post-secondary level, Kansans will save nearly \$200 million per year. This savings can then be used to increase the salaries of faculty who truly excel as teachers and pass the remaining savings back to local school districts to reduce property taxes.

Changing funding formulas makes little sense unless the Legislature also sets minimum high school graduation and qualified admissions standards to enter the six regents universities. Just giving a diploma to every student who had the patience to sit in a classroom for 13 years does no good for the student, future employers who want to know what that student can actually do, or the taxpayers who paid the bill.

Until Kansans set some standards of what knowledge and skills are to be learned in our schools, no amount of

Peter Kuper

money will buy the excellence we all want for our kids. The funding formula to redisperse these tax revenues to school districts and colleges has nothing to do with learning. So why are we surprised when our kids drop out or graduate from school bored, confused, angry and oftentimes illiterate?

Most jobs and decision-making skills can be taught in junior high and high school without forcing students and their parents through another four years of expensive college classes that may not be relevant to the job market. The Kansas Legislature needs to set minimum standards, which include practical skills that students can use immediately after high school graduation to get a job and earn an income.

Much of our homelessness, unemployment and underemployment in Kansas can be traced right back to a

failed education system. Kansans can save millions of tax dollars and greatly improve the quality of education through more effective management and responsible funding.

The alligators in the swamp are not getting any smaller. Rising costs throughout all levels of government and health care have a great negative effect on our personal lives. These costs also increase the operating expenses of Kansas businesses, which are then forced to raise prices or cut employees to stay competitive in the world economy.

It is time that all levels of government face the challenge and do more with less. Only if significant changes are made soon will we Kansans be able to live within our means and provide quality public services at a reasonable cost.

SCHOOL FINANCE EQUALITY

- 1) Set equal STANDARDS of EXCELLENCE for each Kansas K-12 student to achieve the "ESSENTIAL SKILLS" before graduation. (HB 2963)
- 2) Distribute State, and Local Funds based on the cost to TEACH EACH CHILD these essential skills in the school closest to their home.
- 3) Establish EQUAL WEIGHTING for resources required to teach the same concepts & skills. (Equal teaching content skills, lab work stations, computers, shop equipment, access to information via ITV, MODEMS, VCR and CD-ROM, etc.)
- 4) If particular schools lack "ESSENTIAL SKILLS RESOURCES" then itemize the cost of missing resources in each school building and divide the total by three (3).
- 5) Distribute State School Finance Funds to each SCHOOL to cover the cost of Basic Education plus 1/3rd of the missing resources.
- 6) Set equal standards of productive, cost-effective use of resources by budgeting for an average of 25 F.T.E. students per classroom.
- 7) Weight F.T.E. Special Education, vocational and kindergarten students based on need for additional resources to achieve essential skills.
- 8) Cap Property Taxes in each district at FY-92 level to establish a level playing field.
- 9) Districts may vote to reduce an equal amount of Ad Valorem Tax for an equivalent amount of locally assessed income tax. (HB2826)
- 10) Each Kansas educational institution's Board may sign contracts with teachers, administrators and staff only after the State Legislature passes the education appropriations bill and local budgets are approved.
- 11) Each school with adequate resources gets base allocation from State to teach 25 FTE students per essential skills class.
- 12) Those schools with limited resources get base plus 1/3rd of deficit until resources are equal to teach essential skills courses.
- 13) Schools and school districts may only use tax dollars to fund intramural athletics, drama and music where ALL STUDENTS have an EQUAL OPPORTUNITY to participate. Varsity sports and clubs will be financed by gate receipts and local fund raising efforts.
- 14) Five percent (5%) of State School Finance Fund should be set aside for Capitol Outlay Expenditures to upgrade schools with out-of-date teaching facilities such as computer & science labs and vocational shops.
- 15) No Kansas school district will have an enrollment of less than 10,000 students as of September 20th, 1994.
- 16) No Kansas school district will have non-instructional cost for administration, clerical and maintenance personnel of more than 8% of the operating budget for that district.
- 17) The State Legislature should provide a new Post-Secondary Finance Formula based on the cost to teach 25 students per class in each Department. The money saved through increased productivity in the Regent's Universities, Community Colleges and Trade Schools should then be redistributed to K-12 schools to lower property taxes.
- 18) Each K-12 District which receives more money from the State School Finance Fund as a result of this Post-Secondary savings will reduce its local property tax by one half (1/2) that amount.

Respectfully submitted to the
1992 Kansas Legislature by

Testimony on H.B. 2826, H.B. 2914, H.B. 3000
before the
House Committee on Education

by

Mark Tallman, Coordinator of Governmental Relations
Kansas Association of School Boards

February 20, 1992

Mr. Chairman, Members of the Committee:

Thank you for the opportunity to provide comments on several additional proposals for school finance. We presented most relevant provisions of our policy positions on school finance last week, so I will be brief.

Both H.B. 2826 and H.B. 2914 are attempts to "fix" the existing School District Equalization Act. The differences in the printouts which we have reviewed for these two bills show dramatically what we stressed last week: you cannot achieve greater equalization without greater general state funding because local sources of revenue are inherently unequal. We believe the current formula remains an acceptable system for funding schools if (1) equalized state aid is significantly increased, (2) some type of minimum levy is required, and (3) capital outlay assistance is provided on an equalized basis.

Concerning H.B. 3000, we believe the lack of "low enrollment weight" would result in unacceptable reductions in school budgets for those students attending low enrollment schools.

*Education
Attachment #8
2/20/92*

Finally, regarding the Governor's proposal, it appears that many districts would be forced to make reductions in operating budgets, even by using the proposed local option. As stated last week, we oppose achieving a more equalized system by requiring budget reductions. We also oppose requiring public referenda on using local option authority. We believe such a decision should be made by the elected representatives of the school district - the board of education.

Thank you for your consideration.

KANSAS NATIONAL EDUCATION ASSOCIATION / 715 W. 10TH STREET / TOPEKA, KANSAS 66612-1686

Craig Grant Testimony Before
House Education Committee
Thursday, February 21, 1992

Thank you, Mr. Chairman. I am Craig Grant and I represent Kansas-NEA. I appreciate this chance to make comments on the various school finance plans under discussion today.

I am making comments as we have already supported HB 2892 and the method of financing schools. Nothing contained in HB 2826, HB 2914, HB 3000, or the Governor's revised plan causes us to change our mind. I hope that our statements will explain our stand.

HB 2826 and HB 2914 basically are adjustments in the current formula. HB 3000 and the Governor's revised plan are lesser versions of HB 2892. I did not have access to a printout to analyze the individual district's situations in HB 3000, but I did do some comparisons of the other plans.

In mill levy comparisons, the table below outlines what I found out:

MILL LEVY RANGES

| | <u>1991-92 year</u> | <u>HB 2826</u> | <u>HB 2914</u> | <u>Revised Governor's Plan</u> | <u>HB 2892</u> |
|------|---------------------|----------------|----------------|--------------------------------|----------------|
| low | 9.12 | 9.14 | 10.34 | 45.00 | 45.00 |
| high | 97.69 | 117.79 | 84.93 | 51.44 | 58.76 |

The tinkering done in HB 2826 or HB 2914 does not close the gap between rich and poor districts to bring the range to acceptable measures.

An additional set of numbers which I pulled out of the printouts compares the budget per pupil of the current highest and lowest spending districts. Additionally, for example purposes, I compared two districts which have been used as examples in past years of diverse situations. The results of the different plans are:

*Education
Attachment #9
2/20/92*

BUDGET PER PUPIL

| | <u>1991-92 year</u> | <u>HB 2826</u> | <u>HB 2914</u> | <u>Revised Governor's Plan</u> | <u>HB 2892</u> |
|-------------|---------------------|----------------|----------------|------------------------------------|----------------|
| Mulvane | \$ 2,720 | \$ 2,801 | \$ 2,760 | \$ 4,084 | \$ 4,350 |
| Mullinville | \$10,483 | \$10,588 | \$10,535 | \$ 8,594 | \$ 9,152 |
| Galena | \$ 4,602 | \$ 4,740 | \$ 4,671 | \$ 5,565 | \$ 5,926 |
| Moscow | \$ 9,978 | \$10,077 | \$10,028 | \$ 7,962 | \$ 8,475 |

It is obvious that the rich districts will continue to fare well while the poorer lower-spending districts are not allowed to generate sufficient moneys under HB 2826 and HB 2914 to have their students afforded a substantially equal opportunity to resources.

The largest problem with the revised Governor's plan is the continued large number of districts (34 in all) which would lose a significant amount of resources (\$43,860,444) even though they implement the local option 5% provision. (See Enclosure 1.) HB 2892 has 12 districts losing \$8,055,304. (See Enclosure 2.) With Tier III added to the total, only five districts lose money and the total is \$1,393,076. (See Enclosure 3.) I believe those districts will be able to apply to receive some of the unforeseen needs money which should be made available.

Kansas-NEA continues to believe that equality of educational opportunity and suitable educational opportunity are two tenets which we must provide to children in our state. Presently, HB 2892 continues to do the best job of accomplishing that goal. We will continue to look for other avenues--even major tinkering with our present formula--to meet our duty to each child in Kansas to furnish him or her with a suitable educational opportunity which is equal to that owed every other child.

Thank you for listening to our concerns.

Arthur #9-2

TESTIMONY FOR THE HOUSE EDUCATION COMMITTEE
 Supporting House Bill 2826 and 2914
 by
 Larry Clark, Superintendent of Schools
 Burlington U.S.D.No. 244
 February 20, 1992

The Burlington Unified School District No. 244 on behalf of its taxpayers wishes to support the concepts of House Bill 2826 and/or 2914. We believe both bills address adequate funding with a proven formula and supports the home rule decision-making process of the local Boards of Education.

The funding of the HB 2826 is a long term approach. Although the first year of funding is not as favorable as we would like the second year and beyond demonstrates future commitments to education. The long term effect is property tax relief. As new money is committed the formula can be adjusted to reflect the increase.

The funding of the HB 2914 is questionable primarily because it relies on the same 217 million that the Governor is using to fund her finance proposal. The over-all effect addresses the property tax relief issue better than the other proposed bills, keeps school control with the local school boards and uses a funding formula that has been a model for other states.

In conclusion, we want to emphasize that House Bill 2826 and/or 2914 have the conceptual approval of our district. We would like to see more money dedicated to education on a long term basis. House Bill 2826 and/or 2914 is a start in the right direction. We urge the House Education Committee to study HB 2826 and/or 2914 in detail and give full consideration to long term effects on taxpayers and taxing units.
