Conferees appearing before the committee:

Others attending:

The chairperson relinquished the floor to Senator Vancrum who noted concern over the fact that two states had now banned Kansas residents from hunting and expressed the feeling one more attempt should be made to obtain passage of a bill which would provide for nonresident hunters.

Senator Vancrum made a motion to introduce SB-20 as a new bill. Senator Walker seconded the motion.

Discussion touched on procedural issues as well as the feeling that nothing had changed and probably would not change to bring about a bill which would be acceptable to the department and the governor.

The question was called.

The motion failed.

The meeting adjourned at 3 p.m.
