

SESSION OF 2007

SUPPLEMENTAL NOTE ON HOUSE BILL NO. 2233

As Recommended by House Committee on
Judiciary

Brief*

HB 2233 would provide for the sale of prison made products and services by Kansas Correctional Industries (KCI) to state employees for their personal use. Current law allows for the sale of such products and services to any state agency, local agency, federal government, Kansas organizations, or other states.

The bill will be placed on the Consent Calendar.

Background

Support for the bill was stated by Tim Madden on behalf of the Department of Corrections.

The fiscal note indicates there is the potential for expanded sales of products and services by KCI; however, there is no accurate way of estimating the fiscal effect, because the extent to which state employees would take advantage of the bill is not known.
