

SESSION OF 2007

**SUPPLEMENTAL NOTE ON  
HOUSE CONCURRENT RESOLUTION NO. 5016**

As Amended by House Committee on  
Education

**Brief\***

HCR 5016 would direct the State Board of Education to monitor reauthorization in the U.S. Congress of the No Child Left Behind Act (NCLB). This resolution would request the State Board of Education submit a report to the Legislature on the effects to Kansas public schools of any action the U.S. Congress takes regarding the No Child Left Behind Act.

**Background**

The Chairman of the House Education Committee designated a subcommittee to review the pending reauthorization of NCLB and make recommendations to the House Education Committee regarding any action that should be taken. This resolution is the result of the subcommittee's deliberations.

The House Education Committee amended the resolution by urging the State Board of Education advise the Kansas Congressional delegation to monitor Congress as it considers the reauthorization of NCLB.
