## **Conference Committee Action**

The Conference Committee adopted the House amendments to the bill with the addition of the provision for short form certificates of a notary's acts.

## **Background**

The proponent of the bill that presented testimony at the Senate Committee was Jim Bush, Judicial Council Probate Advisory Committee.

There was no testimony in opposition to the bill.

The Senate Committee on Judiciary amended the bill to strike the word "all" from the explicit requirement placed on the attorney in fact to keep a record of receipts, disbursements, and transactions made on behalf of the principal.

The House Judiciary Committee inserted the provision that would require specific directions of the principal to be expressed in the presence of a notary public.

According to the Office of Judicial Administration, SB 45 would most likely be accommodated within the existing schedule of court cases and would not require additional resources.
