

SESSION OF 2010

SUPPLEMENTAL NOTE ON HOUSE BILL NO. 2510

As Recommended by House Committee on
Transportation

Brief*

HB 2510 would change from 48 hours to 30 days the time during which a newly purchased truck, truck tractor, or any combination of truck, truck tractor, and trailer or semitrailer could be operated under laden conditions with temporary registration.

Background

The president of a fuel and lubricant distributing company testified in support of the bill. Representative Bob Bethel also provided testimony in support of the bill. They said that, under current law, a newly purchased truck could not be used in company operations beyond the first 48 hours after purchase if full registration was not completed and that, in many instances, full registration could not be completed because of incomplete paperwork from the vehicle dealer.

No testimony was presented in opposition to the bill.

According to the fiscal note, the bill would have no fiscal effect on Department of Revenue operations.
