

SESSION OF 2010

SUPPLEMENTAL NOTE ON HOUSE BILL NO. 2544

As Amended by House Committee on
Appropriations

Brief*

HB 2544, as amended, would change the method of compensation for members of the state public trust established for certain communities within Superfund sites. Current law provides that the trustees for certain communities within superfund sites receive subsistence and travel reimbursement for the days they meet. The bill would change that compensation to the per diem rate of members of the Legislature for days of actual attendance at any meeting of the trust (\$88.66 per day).

The bill also would add a provision to abolish the trust. The trust would be abolished when transfer of all affected properties to appropriate entities is completed or on July 1, 2014, whichever is earlier.

Background

Representative Doug Gatewood testified in support of the bill.

The House Committee amended the bill to add provisions for the abolition of the trust when its duties are completed.

A revised fiscal note on the bill indicates additional expenditures for trustee compensation of \$8,049 in FY 2010, and \$21,464 in FY 2011, to be paid from funds of the trust.
