

I am a resident of Fairway, KS and reside within a mile of the Shawnee Indian Mission. I'm writing to you to please vote no to conveyance of the Shawnee Indian Mission from the State of Kansas to one of three present day Shawnee Tribes in Oklahoma. This mission has a great deal of history and provides education to future generations. We do not know how this land will be utilized if handed over to the tribes. The land is bordered by residential homes, a school, and a church. This mission and land is a vital part of this community and supported by our residents of our city and surrounding communities.

Please oppose this bill.

Thank you.

Kind regards,

Kathy Tarbe
