

Testimony of Rinny Lozano
Proponent for the Arkansas City Area Library District Act

Jan 7, 2023

Dear Chairperson and Committee Members:

Thank you for the opportunity to supply written testimony in support of the HB 2176 regarding the creation of the Arkansas City Area Library District.

My name is Rinny Lozano. I've been living here with my husband and our two wonderful boys for almost 20 years, and I have been a staff member of the Arkansas City Public Library for almost 5 years. Before that, I introduced my two children to the library at an early age, and now they are 19 years old and 11 years old. Both of them are very smart.

The reason I support the House Bill regarding the creation of the Arkansas City Public Library District is because I know how important our library is to me, and also the community. With passing this law, we would be able to extend our services to the community, and extend our educational programs for our children, and to prepare them for school. The more funding we have, the more we could serve our community with all kinds of services and educational programs that we all need. The bigger our library is, the better Arkansas City will be.

It is for these reasons that I support this legislation and ask that you recommend it favorably.

Respectfully,

Rinny Lozano
