Having only been in the office of the Treasurer since January 2, I am already hearing of the tax burden on the citizens of our county. To be honest, until being voted into this position, my wife and I were considering selling our house and moving. With everyone paying inflated prices to provide for their family's needs already, the rate of tax increase is more than the average citizen can afford.

You now have the opportunity to actually listen to the voters who placed you in office to represent them. If you fund LAVTR, you will be the heros of the day to everyone in the state.

Working together at the state, county, and city level, I believe we can address Kansas's tax base, fund the LAVTR, and responsibly manage the property tax burden borne by Kansan taxpayers.

In service to Leavenworth County,

Caleb Gordon
