

SB209

Proponent

Feb 14, 2023

Dear Chairman and Members of the Federal and State Affairs Committee,

I strongly urge your support for SB209.

I believe that election day voting should be on election day and no later. There is no excuse for receiving mail-in ballots after the fact during an election. Our elections should be treated with utmost importance.

If you were to receive your own paycheck three days late, you would hate it, and that is just your paycheck. We should know who wins on election night. Election results should be precise. All potential for bias should be eliminated.

I am a Proponent because I want to know the outcome on election night. There should be no excuses.

I would appreciate your support SB209.

Sincerely,

Hannah Mingucci
