

Honorable Mike Thompson
Chair, Senate Committee on Federal and State Affairs
Kansas Capitol, Room 144 South
Topeka, Kansas 66612

Re: Written OPPOSITION to SB135

Dear Chairman Thompson and Committee:

As a resident of Louisburg, I opposed bringing medical marijuana to Kansas. This is a guise and a gateway for legalizing this dangerous substance that is tied to the foreign cartels.

Kansas residents have full availability to all necessary and safe medications through their doctor that will fully cover the medical assistance necessary for their medical situation.

As an herbal/elderberry grower I am fully aware of the proposed fees, licensing and government oversight required by this bill. However, we all know that the cartels are noncompliant of all legal authority creating a very dangerous situation for unsuspecting marijuana users.

Thank you for voting NO on this disastrous bill.

Respectfully,
Debbie Mize
