

HB2053

Opponent – Written Only

Kari Sue Vosburgh

Chairman Thompson and Members of the Committee,

I have concerns, with previous Rules and Regulations that have been written by the current Secretary of State's office that circumvented statute. Confirmation of this was provided in the testimony of 2 different opponents to HB2086 (myself and Thad Snyder). My opposition isn't with the idea of the SOS office creating Rules & Regulations, but with the potential for additional conflict with statute.
