

Committee On Public Health and Welfare
Proponent Written Only Testimony
SB 103
February 1st 2024
Jon Lueth
Deputy State Director
AFP KS

Dear Chairwoman Gossage and members of the committee,

On behalf of thousands of activists in Kansas, we appreciate the opportunity to provide written testimony in support of SB 103. Legislation such as this bill can be critical steps to address the red tape that is stifling productivity and creating barriers to economic opportunity for business and families in the sunflower state. It is also an opportunity remove outdated regulations through an expedited process.

Americans for Prosperity Kansas supports this legislation because, although a seemingly small bill, it would meaningfully strengthen the rights of dental patients in Kansas. Ensuring they know who owns their dentist's business and strengthening their right, when they believe they have been wronged, to file a complaint with the state dental board. Combined with removing the outdated 20% rule we believe these reforms are common sense, and we are pleased to see the legislature considering them.

We hope you'll support SB 103.

Sincerely,

Jon Lueth

Deputy State Director
