The Honorable William Sutton, Chairperson
House Committee on Insurance
300 SW 10th Avenue, Room 218-N
Topeka, Kansas 66612

Dear Representative Sutton:

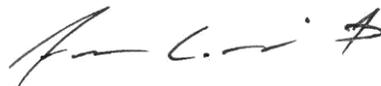

SUBJECT: Fiscal Note for HB 2266 by House Committee on Health and Human Services

In accordance with KSA 75-3715a, the following fiscal note concerning HB 2266 is respectfully submitted to your committee.

HB 2266 would amend the definition of “covered service” to specify that it does not include any service or material that is covered or provided at a nominal or de minimis rate or any service or material that is not covered because of maximum coverage limitations.

According to the Department of Administration, there would be no fiscal effect to the State Employee Health Plan if the bill is enacted. The Department states enactment of the bill could increase the cost for dental services for consumers if consumers exceed the maximum coverage of their dental plans. The Kansas Insurance Department states enactment of the bill would not have a fiscal effect on agency operations.

Sincerely,

Adam Proffitt
Director of the Budget
