

February 22, 2023

The Honorable Mike Thompson, Chairperson  
Senate Committee on Federal and State Affairs  
300 SW 10th Avenue, Room 144-S  
Topeka, Kansas 66612

Dear Senator Thompson:

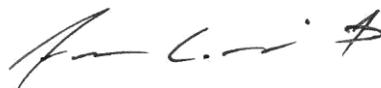

**SUBJECT:** Fiscal Note for SB 268 by Senate Committee on Federal and State Affairs

In accordance with KSA 75-3715a, the following fiscal note concerning SB 268 is respectfully submitted to your committee.

SB 268 would eliminate requirements that a chief inspector appointed by the State Fire Marshal must have at least five years of experience in the construction, installation, repair, operations, or inspection of boilers, steam generators, super-heaters, or pressure vessels and that they hold certain endorsements issued by the National Board of Boiler and Pressure Vessel Inspectors (NBBI). The bill would also eliminate requirements that a deputy inspector appointed by the State Fire Marshal must have education, training, or work experience in the construction, installation, repair, operation, or inspection of boilers or pressure vessels totaling two years and hold an in-service commission issued by the NBBI.

The State Fire Marshal states enactment of the bill would have no fiscal effect on its operations.

Sincerely,

Adam Proffitt  
Director of the Budget

cc: Jill McCarthy, Office of the State Fire Marshal
