[*Note:* Currently, the KEY Fund only transfers money to the Children's Initiative Fund.]

Background

The bill was introduced by Representative Essex.

House Committee on Education

In the House Committee hearing, **proponent** testimony was provided by Representative Essex, representatives of the Johnson County Sheriff's Office, Kansas Bureau of Investigation, and Office of the Attorney General, and private citizens. The proponents generally stated that drug abuse prevention education in public schools is lacking both in availability and consistency, and a statewide D.A.R.E. educator would help address those gaps. The proponents also highlighted the current dangers of fentanyl and its impact on teenagers and young adults.

Written-only proponent testimony was provided by representatives of the Blue Valley School District, D.A.R.E. America, Kansas Association of Counties, Office of the Attorney General, Olathe Public Schools, and private citizens.

Opponent testimony was provided by a representative of the Kansas Children's Cabinet and Trust Fund (Children's Cabinet). The conferee noted they were in full support of the D.A.R.E. Program, and their opposition was due solely to the transfer of funds from the KEY Fund. The conferee further

explained the KEY Fund is the source of funding for the Children's Initiative Fund which is utilized by the Children's Cabinet and other state agencies to fund various early childhood programs.

Neutral testimony was provided by the Kansas National Education Association.

No other testimony was provided.

Fiscal Information

According to the fiscal note prepared by the Division of the Budget, the Office of the Attorney General states the bill would require the addition of 1.0 FTE and \$125,000 for the new position of D.A.R.E. educator and all remaining funds from the transfer would be utilized to expand the program. The State Department of Education states the bill would have no fiscal effect on the agency.

Any fiscal effect from the bill is not reflected in *The FY 2025 Governor's Budget*.
