**Viola Heskett, Individual submission**

**Written Testimony only: Against HB 2063**

**To the Honorable Ken Rahjes, Chair of the  
Kansas Agriculture and Natural Resources  
Budget Committee and all House  
members, Doug Blix, Wanda Brownlee  
Paige, Duane Droge, Brett Fairchild, Fred  
Gardner, Jim Minnix, Lisa Moser,  
Brooklynne Mosley, Angel Roeser, Webster  
T. Roth, Tobias Schlingensiepen, Joe  
Seiwert, Gary White, and Suzanne Wikle:**

**As an individual taxpaying citizen of  
Kansas I am opposed to this bill, HB 2063.  
The introductory defining paragraph leads  
with the creation of four additional**

**groups, non-governmental entities, which would have absolutely no accountability to the people aka the taxpayer who would foot the cost. Citizens are overtaxed already plus the disastrous consequences of no accountability are well known.**

**Beyond that, the implication is that the folks whose livelihood is rooted in agriculture require the guidance and/or regulation by entities whose membership (as seen in the past) would have little or no agricultural experience. This defies common sense.**

**I am respectfully urging you to OPPOSE HB 2063.**
