Chair Estes & Members of the Committee,

I am writing to voice my opposition to bill number HB 2136.

This bill will strip funds from our public schools and distribute tax dollars unfairly. It is essential that our commitment to free and equal public schools remains a central motivating factor in our decision-making. This will degrade schools for my kids and all the kids in Kansas - especially those in rural areas. It will move tax dollars to entities that are not beholden to the same standards.

Please vote no on bill HB 2136.
