SB76 Given Name Act
Opponent
Oral
March 4, 2025

Thank you chairwoman and committee members. My name is Quincy Rowley. I am a student at Wild Flower Community School and I am in 8th grade. I oppose SB76 because passing this bill removes people's freedom of expression through the use of preferred name and pronouns. This is a problem because attempted suicide rates among the transgender community is 18-45%. One of the easiest ways to lower this rate is to simply call transgender people by their preferred name. Kansans should support transgender people by calling them what they want to be called. I urge you not to pass SB76. Thank you for your time.
I will stand for questions.
