- HB2428: Requiring the state board of regents to establish curricula and designate courses at postsecondary educational institutions relating to DEI-CRT-related courses and content and requiring the study of American institutions and certain programs at freshman orientations concerning free speech
- Opponent
- Written only testimony
- February 3, 2026

Dear committee members,

I write today as a citizen of Kansas, representing my own opinions and not speaking on behalf of any organization or institution. I am opposed to House Bill 2428 because it inserts the legislature into the process of designing curriculum for universities. Universities must be able to craft their own curricula in order to satisfy requirements of accrediting bodies, respond to the workforce needs of employers, and prepare students for continued education.

Thank you,

Kerry Wynn
