Madam Chair and Members of the Committee,

KASB is neutral on HB 2489. Kansas public schools conduct ongoing education on the dangers of drug abuse, and we appreciate the attention given to the scourge of fentanyl abuse.

Districts are currently allowed to have naloxone on hand, and we believe many do so. If the legislature opts to require schools to maintain naloxone stocks, we urge the legislature to attach a corresponding appropriation.

Thank you.

KASB is a non-profit service organization built on an abiding belief in Kansas public schools. We have put the needs of students and K-12 leaders first since 1917.
