

Testimony to the House Education Committee

February 6, 2026

Bill HB 2421 – Proponent

fordbrent@gmail.com

Chair and Members of the Committee,

As grandparents, we are writing in strong support of HB 2421, the belltobell phonefree schools bill.

Stated simply, it will increase educational opportunities for our grandchildren and greatly relieve teachers requirements for monitoring usage of various communication devices. It will allow teachers to teach and students better opportunity to learn!

Please vote yes on HB 2421.

Sincerely,

Diane and Ford Brent, Prairie Village
