House Committee on Elections

HCR 5021, written testimony only

Respected Chair Proctor and Committee Members,

I am a proponent and ask that you vote YES on this House Continuing Resolution; please pass it favorably out of Committee.

This HCR requires the presentation of photo identification issued by the state of Kansas to vote. This is basic and required for much lesser activities. This gets us one step closer to ensuring we are having safe and secure elections; we **MUST REQUIRE** photo IDs to vote. It's shocking and unbelievable that it is not already part of the constitution of our state.

We must make this part of our Kansas law so please vote YES and pass this favorably out of Committee.

Thank you.

Most Sincerely,

Jill O'Connor

Kansas Precinct Committee woman, OP, 5-18
