Chair Proctor and Members of the Committee, thank you so much for giving me time to share my thoughts on HB 2448 with you today. My name is Cynthia Barragan and I am a voter in Wichita, KS. I am writing today to encourage the committee to vote NO on HB 2448

There are more than enough protections safe guarding our elections without wasting tax payer time and money on fear mongering. A valid ID is already required when voting, something that only citizens of these United States have. Adding citizenship status to ID is like asking people to add their species on the ID in case someone might secretly be an animal.

Thank you for your time and consideration. Don't ruin people's right to vote.
