To the Kansas House Elections Committee Members

I am strongly opposed to HB 2453 as it is another attempt by the legislature to rig elections. You are elected by the people to do the people's work, not to find ways to undercut us. The leadership has been trying over and over to cheat in order to tip the scales in favor of one party and disenfranchise those whose schedules make showing up to vote a challenge. This is disrespectful and apparently because a number of you don't have the courage to say, "enough is enough I will stand up to the corrupt party bosses and maintain my integrity. As a man named Welch once said to Senator Joseph McCarthy, "Have you no sense of decency, sir?"

Please dump HG 2353.

Sincerely,

Judith Ancel
