HB2503

Proponent

Written Only

Chairman Proctor and Members of the House Elections Committee,

I am submitting my proponent testimony for HB2503. I believe this bill is a start in the right direction. If I am reading this correctly, the Mail Ballot Act pertains basically to non-partisan local elections that would include something such as a tax increase or bond issue. If I am reading this right, it would not pertain to any elected individuals. I am in support of this repealing of this act. The mail ballot application way of voting should only be used under strict situations such as the military (UOCAVA) or if a person is permanently disabled.

Again I am in support of this HB2503 repealing the Mail Ballot Act.

Respectfully,

Brett Anderson
