RE: HB 2160

**Short Title**

Enacting the municipal employee whistleblower act to provide statutory protections for municipal employees who report or disclose unlawful or dangerous conduct.

I strongly support HB 2160 as I firmly believe ALL whistleblowers should get protection. We saw so many people that came forward to state facts on what they knew happened which also put them into the limelight.

If protection is not allowed, why should whistleblowers risk everything to come forward? The information provided by whistleblowers could perhaps save lives.

Please pass HB2160.

Thank you.

Sincerely,
