**MEMORANDUM**

To: Senate Committee on Education  
From: Office of Revisor of Statutes  
Date: March 13, 2025  
Subject: SB 275 – Certain Curriculum to Include Human Fetal Development

---

Senate Bill 275 would enact a new section of law to require school districts to include a human fetal development presentation as part of the curriculum for any course that addresses human growth, human development or human sexuality. Such presentation would be a high-quality, computer-generated animation or high-definition ultrasound of at least three minutes in duration that shows the development of the brain, heart and other vital organs in early human fetal development.

SB 275 would take effect on July 1, 2025, upon publication in the statute book.
