Bill Number Senate Bill No. 355

Bill hearing date 1/27/2026 10:30 AM

I am an opponent of this bill.

My Name is Byron McNary

I am representing myself and my business McVapour LLC

I would like to give my testimony orally and in person.

Chairman Thompson and Members of the Committee,

I currently own McVapour LLC an Electronic cigarette business in Derby, Ks. I have read through SB 355 and feel like this bill would end the electronic cigarette business in the state of Kansas and shut down several business similar to mine. This bill is being pushed by large tobacco to effectively kill any competition they may have from small businesses like mine.
