Regarding SB 427 (Proponent)  
Bob Stuart, Executive Officer  
February 3, 2026

Chairwoman Warren and Members of the Committee:

The Kansas Bureau of Investigation supports passage of SB 427, specifically as it pertains to the fingerprint-based background check provisions.

The KBI conducts thorough fingerprint criminal history checks under K.S.A. 22-4714 and 75-712 to, among other things, ensure the integrity of appointees to state offices requiring Senate confirmation. This bill's clarifying language would explicitly grant the chairperson and vice chairperson of the Senate Confirmation Oversight Committee direct access to review these checks, aligning with existing safeguards while eliminating potential delays in the confirmation process.

SB 427 also shifts the storage and handling of these documents from Kansas Legislative Research Department to the safekeeping of the office of the appointing authority (such as the Attorney General) for appropriate safekeeping and consistency. By facilitating this access and updated storage approach, SB 427 enhances legislative oversight without compromising confidentiality or security.

We request your favorable consideration of this measure.
