

- (d) (1) An optometrist who has received credentialing to perform the procedures in subsection (b) shall submit a report to the board on a quarterly basis that contains the following:
- (A) The name of the optometrist;
 - (B) the total number of procedures performed during that quarter;
 - (C) the location where each procedure was performed; and
 - (D) the outcome for each procedure or patient.
- (2) A reporting optometrist shall certify the accuracy of the information contained in the report.
- (3) Beginning July 1, 2027, and annually thereafter, the board shall compile and make public the information contained in reports received under this subsection, but shall react any personally identifiable information prior to making such reports public.
- (4) The provisions of this subsection shall expire on July 1, 2031
