

February 10, 2026

The Honorable Virgil Peck, Chairperson
Senate Committee on Agriculture and Natural Resources
300 SW 10th Avenue, Room 144-S
Topeka, Kansas 66612

Dear Senator Peck:

SUBJECT: Fiscal Note for SB 465 by Senate Committee on Agriculture and Natural Resources

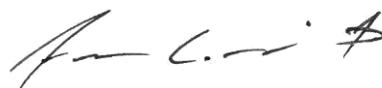

In accordance with KSA 75-3715a, the following fiscal note concerning SB 465 is respectfully submitted to your committee.

SB 465 would make amendments to the provisions of law which permit certain dairy production facilities and swine production facilities to be established in Kansas. The bill would make technical amendments, define limited liability partnership, and add limited liability partnership to the list of organizations required to obtain county approval to establish a dairy or swine production facility.

The Kansas Department of Agriculture indicates that the enactment of the bill would not have a significant fiscal effect on operations, and any expenditure increases could be absorbed within current agency resources. Any fiscal effect associated with SB 465 is not reflected in *The FY 2027 Governor's Budget Report*.

The Kansas Association of Counties indicates that the enactment of the bill could increase the costs surrounding open meetings to consider approval by increasing the class of entities that need approval for production facilities. It is unknown how changing these requirements would affect the number of facility applications and a precise estimate is not currently available.

Sincerely,

Adam C. Proffitt
Director of the Budget

cc: Jay Hall, Kansas Association of Counties
Lita Biggs, Department of Agriculture
