### ***House Committee of the Whole***

The House Committee of the Whole adopted a technical amendment.

### **Fiscal Information**

According to the fiscal note prepared by the Division of the Budget on the bill, as introduced, the Office of the Attorney General reports that enactment of the bill would not have a direct fiscal effect on the Office but could result in a legal conflict with the federal government if certain actions were taken that would require states to follow a policy coordinated with one of the identified international groups. This could result in potential litigation costs to defend the legislation; however, a fiscal effect cannot not be estimated.

The Office of the Governor does not anticipate a fiscal effect resulting from enactment of the bill. Any fiscal effect associated with the bill is not reflected in *The FY 2027 Governor's Budget Report*.

The Kansas Association of Counties and the League of Kansas Municipalities report that enactment of the bill would not have a fiscal effect on counties or cities.
