

SESSION OF 2025

**SUPPLEMENTAL NOTE ON HOUSE BILL NO. 2392**

As Recommended by House Committee on  
Commerce, Labor and Economic Development

**Brief\***

HB 2392 would allow a school for professional or practical nurses to qualify as an approved school if the school's faculty possess a nursing or directly related medical degree awarded by a state or nationally accredited school of nursing or medical school approved by the Board of Nursing that is at least one level more advanced than the degree awarded by the program in which they are teaching. The bill would prohibit requiring additional or more advanced credentials for faculty.

The bill would also update the definition an "approved long-term provider"—a person, organization, or institution that is responsible for the development, administration, and evaluation of continuing nursing education programs and offerings—to add "that has been approved as qualified by the" Board of Nursing.

**Background**

The bill was introduced by the House Committee on Appropriations at the request of Representative Wasinger.

In the House Committee hearing, **proponent** testimony was provided by a representative of LeadingAge Kansas. The proponent generally stated the bill would address the shortage of nursing professionals by modifying the Kansas Nurse Practice Act for faculty requirements.

---

\*Supplemental notes are prepared by the Legislative Research Department and do not express legislative intent. The supplemental note and fiscal note for this bill may be accessed on the Internet at <https://klrd.gov/>

Written-only proponent testimony was provided by a representative of the Kansas Chamber of Commerce.

Written-only **opponent** testimony was provided by a representative of Johnson County Community College.

Written-only neutral testimony was provided by representatives of the Board of Nursing.

No other testimony was provided.

### **Fiscal Information**

According to the fiscal note prepared by the Division of the Budget on the bill as introduced, the Board of Nursing indicates enactment of the bill would have a negligible fiscal effect on the Board. The State Board of Regents indicates enactment would not have a fiscal effect on the Board but could affect universities; the fiscal effect cannot be determined. Any fiscal effect associated with enactment of the bill is not reflected in *The FY 2026 Governor's Budget Report*.
