

**AGENCY PROGRAM DESCRIPTIONS**

**Administration: Administration**

**Subprogram History**

The Legislative Post Audit Committee and the Legislative Division of Post Audit were established in 1971.

**Consequences of Not Funding This Subprogram**

The Kansas Legislature would no longer have an office to audit state and local government if this program is not funded. Moreover, state law includes several specific audit requirements our office is required to perform. Those include a requirement that audit work be performed at each state agency at least every three years (K.S.A. 46-1106), that audits be performed at the request of the Governor or any member or committee of the Legislature (K.S.A. 46-1109), that information technology audits be done at the direction of the Post Audit Committee (K.S.A. 46-1135), that a performance audit of KPERS be done at least once every three years (K.S.A. 46-1136), and that a systematic and comprehensive evaluation of all economic development incentive programs be done every three years (K.S.A. 46-1137).
