

AGENCY PROGRAM DESCRIPTIONS

ABLE: ABLE			
Subprogram History			
2015 Legislature created the Achieving a Better Life Experience savings program with H.B. 2215. This program is based on a new federal statute which allows individuals diagnosed with a disability before the age of 26 to save in accounts that they own with tax deferred growth and tax free withdraw of earnings used for qualified expenses related to their disability under section 529A of the Internal Revenue Code.			
Consequences of Not Funding This Subprogram			
No state oversight of the program manager contract to include plan design, performance management, and marketing. Failure to fund would lead to the end of the ABLE Savings program for the disabled in Kansas.			
Statutory Basis			
2015 Legislature created the Achieving a Better Life Experience Savings Program with HB 2215.			
Mandatory/Discretionary	MOE/Match Requirement	Program Priority	Subprogram Priority
Mandatory	No	1	1

Administration: Administration			
Subprogram History			
<p>This program is responsible for the overall management and direction of all activities of the State Treasurer's office. Administration establishes policy, assigns and directs the work of the other operating programs, determines priorities, allocates available resources on the basis of those priorities, and requires internal reviews of operations and procedures. Management functions performed or delegated by this program include personnel and payroll issues, budgeting, administrative correspondence, and the collating and distributing of management information to other state agencies and other interested parties. The State Treasurer is a member of the Pooled Money Investment Board, and as of July 1, 1993, a board trustee of the Kansas Public Employees Retirement System. The administrative staff provides general office support for all areas in the Treasurer's Office. General office support services include telephone and fax communication support supplies, purchasing, and accounts payable. Treasurer Lynn Rogers, who took office in January 2021, devotes time and resources assisting citizens throughout Kansas to know and understand the programs in the Treasurer's office which could be beneficial for them.</p>			
Consequences of Not Funding This Subprogram			
<p>The office would not be able to administer and provide support for designated programs. Lack of funding would impact the ability to support and maintain Treasurer data processing applications used by internal users, external users, and trusted third parties, including critical state banking functions. It would also greatly impact the ability to support and maintain central data processing applications hosted for other state agencies including the Kansas Debt Recovery System (KDRS), Kansas Treasury Offset Program (KTOP), and Kansas Municipal Investment Pool (KMIP) resulting in the potential loss of millions of dollars in state revenue collected through debt recovery.</p>			
Statutory Basis			
<p>The Office of State Treasurer was created in Article I of the Kan. Const.al office. The office continued as an elective one and in 1979, KSA 25-101b was amended to change the Treasurer's term from two years to four years. The Treasurer is a member of the Pooled Money Investment Board and was designated as chairperson by KSA 75-4222 until May of 1996 due to amendments made by the 1996 Legislature. KSA 74-4905, as amended, provides for KPERS board membership for the State Treasurer.</p>			
Mandatory/Discretionary	MOE/Match Requirement	Program Priority	Subprogram Priority
Mandatory	No	1	N/A
Bond Services: Bond Services			
Subprogram History			
<p>The Municipal Bond Services program is responsible for the registration of all municipal bonds issued in the State. In addition, this program provides registrar and paying agent services for the majority of all local municipal bond issues, as well as state issues. The State Treasurer was named fiscal agent for the State of Kansas in 1908. With the enactment of 1982 PL 97-248, the Tax Equity and Fiscal Responsibility Act (TEFRA) requiring municipal obligations issued after June 30, 1983, to be in registered form, legislation was passed enabling municipalities to issue registered bonds (KSA 10-103).</p>			
Consequences of Not Funding This Subprogram			
<p>Would impact the ability to perform the statutory duty to determine the sufficiency of transcripts and to register bonds in the municipal bonds register resulting in the lack of a consolidated record and a complete picture of the state's bond indebtedness. Lack of bond registry could prevent future issuances of municipal bonds.</p>			
Statutory Basis			
<p>PL 97-248, KSA 10-103, KSA 10-601, contractual obligation.</p>			
Mandatory/Discretionary	MOE/Match Requirement	Program Priority	Subprogram Priority

Mandatory	No	1	1
Cash Management: Cash Management			
Subprogram History			
<p>In 1879, KSA 75-603 requires that the State Treasurer keep an accurate account of the receipts and disbursements of the State Treasury. KSA 75-604, enacted in 1923, entrusts the State Treasurer with the possession of all public moneys paid into the treasury and permits the Treasurer to deposit moneys in Kansas banks designated as state depositories. The State Moneys Law (KSA 75-4201, et seq.), enacted in 1967, regulates the designation of banks that receive state accounts, the pledging of securities by these banks, and the rate of interest to be paid on deposits of state moneys. KSA 75-4218 as amended by the 1985 Legislative Session requires that banks pledge securities, the market value of which is equal to 100% of all funds on deposit over the Federal Deposit Insurance corporation coverage.</p>			
Consequences of Not Funding This Subprogram			
<p>The State of Kansas could not provide the necessary 'checks and balances' with the State's accounting system and bank transactions. Distributions would not be calculated. Cash balance and cash projection information would not be provided to the PMIB, Department of Administration, and the Division of the Budget. Funds would not be collected by entities or be distributed back to fund designated projects.</p>			
Statutory Basis			
<p>KSA 75-603, KSA 75-604, KSA 75-640 thru 646; KSA 75-4201; KSA 75-4276: KSA 75-4215 (daily depositing) Agricultural Production and Home Loan Linked Deposits - KSA 75-4268 thru KSA 75-4275. KSA 79-3425c (Special City & County Highway); KSA 79-2959 & KSA 19-2694 (LAVTR); KSA 79-2964 (CCRSF); KSA 12-1775a (Tax Increment Financing Revenue Replacement).</p>			
Mandatory/Discretionary	MOE/Match Requirement	Program Priority	Subprogram Priority
Mandatory	No	1	1
Education Savings: Education Savings			
Subprogram History			
<p>The Kansas Postsecondary Education Savings Program, (Learning Quest Education Savings Program), was created by the 1999 Kansas Legislature, as authorized by section 529 of the federal Internal Revenue Code of 1986, as amended. The purpose of the education savings program is to establish higher education savings accounts. The program permits individuals and organizations to contribute to education savings accounts to pay postsecondary education expenses for individuals they designate or for themselves. The 2009 Legislature created the KIDS Matching Grant program allowing for low-income families to have a portion of their contributions matched by state funds.</p>			
Consequences of Not Funding This Subprogram			
<p>No state oversight of the program manager contract to include plan design, performance management, and marketing. Would lead to the end of the popular 529 Learning Quest Savings Program. Would lead to the inability to match KIDS program contributions. Lack of outreach to low- to moderate- income families to encourage saving for higher education. Would result in a lack of resources to continue the educational curriculum.</p>			
Statutory Basis			
<p>Sec 529 of IRS Code of 1986; KSA 1999 Supp 75-640 through 75-650; KAR 3-4.</p>			
Mandatory/Discretionary	MOE/Match Requirement	Program Priority	Subprogram Priority

Mandatory	Yes	1	1
Unclaimed Property: Unclaimed Property			
Subprogram History			
<p>The Disposition of Unclaimed Property Act (KSA 58-3934 et seq.), originally enacted in 1979 (KSA 58-3901 et seq.), designates the State Treasurer to administer functions established by the Act. In 1983, SB 213 amended KSA 58-3905 and 58-3914, broadening the definition of abandoned property as it applies to intangible interests in business associations and specifying procedures for delivery to the State Treasurer of such property. In 1989, SB 326 amended the Act to shorten the time it takes for property to be presumed abandoned from seven years to five years and raised the dollar amount that could be reported in the aggregate from \$3 to \$25. In 1994, SB 393 brought the Unclaimed Property program into compliance with the then most current uniform code for unclaimed property. In 1996, HB 2643 amended the Act to raise the aggregate dollar amount to \$100, redefined when a financial institution must presume a demand account to be abandoned, and provided additional flexibility in the advertisement of owner names. In 1999, SB 17 amended the Act to relieve a holder of its requirement to file a report if it has no individual property over \$100 and the total of its aggregated property is under \$250.</p>			
Consequences of Not Funding This Subprogram			
<p>Kansans would be deprived of their rightful property. Properties would not be remitted to the State and property owners would not be able to claim property. UP legislation provides each State with the authority to create a centralized place for persons to search for lost property and a process to claim the property.</p>			
Statutory Basis
